1. **Welcome and Check In**
   The meeting started at 8:20 am. Participants were thanked for their attendance. The agenda was corrected to remove items addressed previously by the steering committee and to add an additional item for discussion.

2. **Leading From the Middle (LFM) Proposals**
   The two proposals for the upcoming LFM academies were reviewed, (Re)designing the Student Experience and Making Data Work for Student Success. MJC's proposal for the student experience academy focuses on embedding equity into the campus culture, and the data piece on building a data driven culture around the schools. A discussion ensued on what type of oversight body to use for the data piece, ways to embed equity, and whether or not to apply for both academies. After much discussion, a motion was made to submit applications for both academies. As no objections were voiced, the motion was carried. Both applications will be submitted by the November 1 deadline. If accepted, the Guided Pathways Steering Committee will select the participants.

3. **May Faculty Retreat**
   Although the Academic Senate has taken the lead in designing the retreat, PIT Crew members were invited to join the task force. Liz Camboia expressed interest and will contact Dimitri Keriotis. Anyone else interested may contact Rob via email.

4. **New Arrow for Fall 2020, Spring 2021**
   The implementation arrow needs to be updated to reflect the current status and trajectory of MJC's guided pathways work. It was determined to put together a subgroup to work on the updates and bring forward to the PIT Crew for adoption. The following voiced interest in participating: Dejeune, Shelly, Alicia, Hans, Nancy, and Kayla. The invitation will be extended to Jennifer and Flerida.

5. **Check-Out**
   Meeting adjourned at 9:52 am.

   Next Meeting: November 8, 2019 ~ Morris Memorial A ~ 8:15 - 9:45 am
