

Anne Cavagnaro

Statement of Candidacy

Faculty Consultant to the Board of Trustees 2010-2012

In these trying times, effective communication is essential to sound decision making and problem solving. Having served as Columbia College Academic Senate President, I am well aware of the challenges of representing the interests of a widely varied group in a broad range of contexts. If elected to serve as the YCCD Faculty Consultant to the Board of Trustees, I would listen to all constituencies, represent the views of faculty to the district and trustees in a professional manner and report back to faculty and college leadership at both campuses on issues before the Board of Trustees. I welcome the opportunity and challenge of serving all YCCD faculty members in this capacity. Thank you for your consideration and support.
