How to Create a Program Revision Proposal in CurricUNET

Step 1: Click on “Programs” link under “Build” Header

Step 2: Click on “Program Modification” link
Step 3: Choose appropriate department from dropdown menu and click OK

Step 4: Click on Copy Icon of Program you want to revise
Step 5: Select “Program Revision” from proposal type dropdown menu and click OK.

Step 6: Your proposal shell is completed and the program checklist appears.

Step 7: Once you complete all of the fields, you will get the submit button.
