IV. COURSE CONSENT AGENDA

Two courses (ANAT 125 & PHYSO 101) from the September 8, 2015, meeting that were requesting C-ID approval were conditionally approved pending a modification to course content. The content was modified by the department in CurricUNET.

**ANAT 125**  Human Anatomy  4
Effective Term: Summer 2016
**MODIFY: Content**
**Rationale:** Course content was modified in CurricUNET to reflect C-ID reviewer comments.

**PHYSO 101**  Introductory Human Physiology  4
Effective Term: Summer 2016
**MODIFY: Content**
**Rationale:** Course content was modified in CurricUNET to reflect C-ID reviewer comments.
It was discovered that a few of the DANCE courses approved at the September 8, 2015 meeting as a non-substantial change had the wrong Top Code listed in the CCCCO inventory as well as in Datatel. CurricUNET was correctly showing the Top Code as 1008.00 (Dance). H. Townsend has fixed the DANCE courses in CNET that were in need of the Top Code change to 1008.00. Because of the change to the Top Code, these courses are being submitted to the CCCCO as a substantial change instead of non-substantial.

NEW COURSES:

**ANTHR 155**  
*Anthropological Field Studies of Channel Islands*  
**CCO Proposal Type:** New Credit Course  
**Effective:** Upon CCCCO approval  
**ADOPT:**  
**Rationale:** This course fits in the series of Anthropological Field Studies courses currently in our catalog, and offers students the chance to experience a unique location in California: the Channel Islands off of southern California. The islands are a great place to learn about Anthropology, since the archaeology is visible on the ground surface, and there are field stations (run by US Santa Barbara or CSU Channel Islands, but available for our use) where the class can lodge, be brained in field techniques, and learn from local researchers who are on the islands to do their own research. It is a wonderful opportunity for an anthropology-in-action course, and expands our field studies courses to include the study of our own state.

PEVM 146XABC

Training and Conditioning for Wrestling  
**Effective:** Upon CCCCO approval  
** Expedited:** (Requesting Spring 2016)

**Rationale for Expedited Approval:** In order for off-season training and conditioning, the CCCAA mandates that student athletes be enrolled in an athletic training and conditioning course. This course will meet that mandate for the Wrestling Program.

**ADOPT:**
**Rationale:** With the removal of repeatability from Physical Education courses, Athletics is being required to develop courses following the California Community College Athletic Association guidelines to allow student athletes to train and condition for their competitive season.

**Enrollment Restrictions:** Requesting: (L) Enrollment limited to students who successfully pass a tryout.

ADOPT:

DANCE PROGRAM
A.A.: Dance 20 (Previously 18)
ADOPT: Program learning outcomes, required courses, electives, total units
Effective: Upon CCCCO approval
Rationale: The Modesto Junior College Dance Department offers a comprehensive foundation in the theory, history, technique, and art of dance to students seeking a degree to transfer or dance training and enrichment. The department offers a structured program of dance study in the areas of core techniques, historical and contemporary styles, choreography, performance, and dance history. Students have the opportunity to demonstrate their abilities through technical, interpretive, and expressive dance, as well as public performances. Students qualify to pursue a variety of dance-related careers and advanced degree options. Degrees. Upon completing the course requirements for this major, the successful student will earn an Associate in Arts Degree in Dance. The transfer program offers a variety of courses in dance technique in the areas of jazz dance, ballet, modern dance and choreography. Students also have the opportunity to perform in a public departmental dance production each semester and in an informal dance showing each school year. The AA Dance degree is designed for students planning to transfer to four-year colleges and universities. In general, the components of the degree meet requirements for majors in the Fine and Performing Arts. The degree is designed to prepare students to meet the admission criteria for programs such as a Bachelor of Fine or Performing Arts which may require performance, technique, dance history, and a choreography requirement. Award originally came through for approval October 23, 2012 but was never submitted to the state because the department was in the process of converting the THETR/PEC courses to the new DANCE discipline. The degree is now coming back through as an adoption again with THETR/PEC courses replaced with the recently approved DANCE courses.

MODIFICATIONS:

UNITS

MODIFY:

GENERAL STUDIES PROGRAM
A.A. Degree: General Studies, Emphasis in Natural Sciences 18
MODIFY: Required courses
Effective: Summer 2016
Rationale: Award has been updated to reflect unit changes to ANAT and PHYS courses.

MODIFY:

HUMANITIES PROGRAM
A.A. Degree: University Preparation, Emphasis in Humanities 18-20
MODIFY: Required courses, elective courses, units
Effective: Summer 2016
Rationale: Revisions are being made to the degree to add the new courses HUMAN 196, HUMAN 197 and HUMAN 198, and to reflect recent changes to the THETR 123 and THETR 194, which are now COMM 123 and DANCE 102.
MODIFY: INDUSTRIAL ELECTRONICS PROGRAM
Certificate of Achievement: Industrial Electronics 33.5-34.5 (Previously 30)
MODIFY: Program learning outcomes, program requirements, required courses, elective courses, units
Effective: Summer 2016
Rationale: After a faculty evaluation of the Electronics Program, we are recommending updates to clearly identify pathways for students majoring in Industrial Electronics that emphasize the automation and control needs of industry. This will complement the upcoming Electrician Program that supports traditional electrician preparation.

INACTIVATIONS:

INACTIVATE: AUTOMOTIVE TECHNOLOGY PROGRAM
Certificate of Achievement: Automotive Maintenance 29.5-30.5
Effective: Summer 2016
Rationale: This certificate has been replaced by a newly approved series of automotive certificates to provide more student options.

Hearing no objections, the committee was notified of the following modifications and corrections.

PEM 108 Baseball 1
Effective: Fall 2015
MODIFY: Repeatability
Rationale: Course was used to provide training and conditioning for our athletes while new curriculum was written. Now that training and conditioning curriculum is available, this course should be treated as a regular PE course with an OX – not repeatable designation effective fall 2015. H. Townsend has made the necessary update to this course in Datatel and CurricUNET.
Repeatability: Removing repeatability

In accordance with the Ralph M. Brown Act and SB 751, minutes of the MJC Curriculum Committee record the votes of all committee members as follows. (1) Members recorded as absent are presumed not to have voted; (2) the names of members voting in the minority or abstaining are recorded; (3) all other members are presumed to have voted in the majority.

IV. COURSE CONSENT AGENDA

Hearing no objections, the following course changes were approved.

**ANAT 125 Human Anatomy**
- **Effective:** Spring 2016  
- **Rationale for Expedited Approval:** This course has already been approved by the curriculum committee (September 8, 2015) for Summer 2016 activation, but the department is requesting DE expedited approval for spring 2016 in order to provide for enhanced student access and the ability for program majors to complete their degrees in a timely manner.
- **MODIFY DE implementation date**
- **Rationale:** See rationale for expedited approval.
- **Distance Education Status:** Requesting expedited implementation date of Mixed Modalities/Hybrid

INDUSTRIAL ELECTRONICS PROGRAM
A.S.: Industrial Electronics

MODIFY: Program learning outcomes, program requirements, required courses, elective courses, total units
Effective: Summer 2016
Rationale: After a faculty evaluation of the Electronics Program, we are recommending updates to clearly identify pathways for students majoring in Industrial Electronics that emphasize the automation and control needs of industry. This will complement the upcoming Electrician Program that supports traditional electrician preparation.

M/S/U (E. MAKI, S. CIRCLE) to MODIFY A.S.: INDUSTRIAL ELECTRONICS
M. Garcia observed that ELTEC 200, listed as a required course, is not currently offered. P. Mendez mentioned that ELTEC 200 is currently in Technical Review. H. Townsend noted that the A.S. Industrial Electronics Degree can't be submitted to the State until ELTEC 200 is processed through the Curriculum Committee.

IX. STANDING REPORTS

1. Transfer Model Curriculum (Associate Degrees for Transfer) B. Adams
   B. Adams confirmed that she will meet with the Ag faculty on Friday, September 25, 2015 to work on courses and ADTs in the Agriculture discipline.

2. Articulation: C-ID, C-ID Newsletter R. Cranley
   R. Cranley reported that we currently have 175 approved C-IDs, 18 in progress, 24 conditionally approved. Furthermore the Career Technical Education (CTE) e-mailed an invitation to the October 17, 2015 meeting for Office Technology/Office Computer faculty which has been forwarded appropriately.

   H. Townsend reported that the variable issue has been fixed. The enrollment restrictions ticket is still being worked on, in addition to some cosmetic concerns.

4. Outcomes Assessment Workgroup (OAW) C. Redwing
   C. Redwing requested P. Mendez, as an OAW member, be added as a temporary OAW representative until an official delegate can be selected. P. Mendez accepted the temporary position and then reported that the last meeting was getting the committee re-acquainted on the outcome assessment process. Discussion occurred on what works in the assessment process and the evaluation statement.

5. AB 86 and SB1070 Legislation P. Mendez
   P. Mendez requested that AB 86 be re-label as Adult Education because the Initiatives or Assembly Bills will change. P. Mendez reported that the committee is in the middle of updating their March plan that was submitted to the state. A President or designee will be identified at the October, 2015 Board meeting which will allow us to participate as an active member in the fund allocation process in November. P. Mendez referred to the AB86 page on the MJC website for additional information, meeting dates and upcoming professional development ESL trainings. Also mentioned was the work being done to establish a plan for the 2016 year.

X. UNFINISHED BUSINESS

Action Items

   B. Adams, with the approval of the committee, noted that the Curriculum Review Process will be left as Unfinished Business with the understanding that it will be looked at in more detail once Basic Skills C-IDs are finalized.

2. Lecture/Lab Guiding Principles B. Adams
   B. Adams reviewed information gathered at the Curriculum Committee training day in regards to lecture, lab, clinical, and discussion guiding principles. Discussion followed. B. Adams proposed forming a sub-committee that would work on the guiding principles. M. Boyd, J. Beebe, S. Berger, and E. Maki indicated interest in being a part of the subcommittee along with B. Adams. B. Adams and H. Townsend will work out details then send out an “Invite” to all committee members interested in joining or attending the sub-committee meetings.
Informational Items

1. Annual Curriculum Training Day
   B. Adams

   B. Adams commented on the success of the training day and the desire to cover even more material was mentioned. B. Adams indicated the intent to complete a Curriculum Committee self-evaluation at training, which will be covered in the spring as a future agenda item. Current membership and efficiency will be reviewed. B. Adams polled interest in having a Curriculum Mini-Training Day which was well received. B. Adams will begin work on a Spring 2016 Curriculum Mini-Training Day.

XI. NEW BUSINESS

Action Items

(Non)

Informational Items

1. New Accelerated Basic Skills Course
   S. Circle

   S. Circle gave an informative presentation on a new Accelerated Basic Skills course in development, followed by a question and answer period. Noted in the presentation was that 75% of students are assessing into the basic skill level, that we are losing students at each exit point and resulting in a minimal 24% completion rate of English 101. The strategies to address the completion rate included; change the placement strategy, re-thinking assessment, and that the multiple level sequence in English and Math be replaced with Accelerated Basic Skills courses. S. Circle concluded that there are 61 colleges who have adopted the California Accelerated Project and the results have proven a high student success, high student retention rate.

2. Respiratory Care Baccalaureate Degree
   B. Adams

   B. Adams referred to the [http://www.asccc.org/sites/default/files/2015_07CI_CurriculumBaccalaureateDegree.pdf](http://www.asccc.org/sites/default/files/2015_07CI_CurriculumBaccalaureateDegree.pdf) webpage as a resource to help with the questions from faculty regarding creating upper division courses for the new Respiratory Care Baccalaureate Degree program.

XII. PUBLIC COMMENT

M. Garcia questioned when SOCIO 105 will be able to be offered. H. Townsend noted that it can be offered now with the MJC-GE: D2 transfer pattern, but without the CSU-GE and IGETC transfer patterns. R. Cranley confirmed that the CSU-GE and IGETC request for SOCIO 105 is scheduled to be submitted for review in December 2015, results of which are not received until April 2016.

M/S/U (E. LUCAS, S. CIRCLE to adjourn at 4:30 p.m.)
