Pirate Success Powered by Starfish

Starfish + MJC Community

By creating a comprehensive and holistic support network around students, Starfish provides faculty and staff one centralized platform to communicate and connect students to appropriate services and interventions. Starfish is a resource that will enhance the student experience through a transparent, simplified technical interface that connects the MJC community.

Some of the features of Starfish include:

- Viewing your Student Success Team in Starfish
- My Success Network
- Receiving early alerts for academic concerns and kudos for a job well done
- View electronic referrals and other messages
- Viewing, making changes, requesting approval, and following degree plan(s)
- Signing up for online appointments with your Student Success Specialist
- and Faculty can submit progress reports in real time and connect students to appropriate campus resources
