President’s Office

Welcome to Modesto Junior College!

Welcome to Modesto Junior College! For the last 100 years, MAC has served the community and earned Stanislaus County. Whether your goal is to earn an associate degree and transfer to a four-year institution, enroll in a seminary, or seek an entry level position, you will find our students, former students, and visitors welcome all who are always ready to help you find your niche at MAC and make the most of your college experience.

New programs and services to support our students’ personal, professional, and community needs.

The global pandemic for the last year has emphasized the value of a college education. It is key to success and career opportunities. Modesto Junior College and the Stanislaus County Community College District has been active in supporting programs that have been successful and that are providing opportunities for students.

In the emerging economy, a college education is expected to increase your earning potential, reduce the risk of unemployment, and lead to greater job satisfaction. You are at the right place at the right time for you to see the multiple benefits that you will obtain from your education.

I congratulate you on your decision to come to MAC to pursue your goals. I assure you that you will find a beginning of a supportive relationship... will cultivate and nurture the relationships you find here, become the resource, become a member of the community... and find the success you deserve. I forward this message to you on campus.

Sincerely,
San Juan Bautista/Phil, Ph.D.
President
