MJC Just the Facts 2017

Highlights of the Community College Survey of Student Engagement (CCSSE) from spring 2017 (1200 student responses):

These are examples of areas in which MJC students reported higher and lower average responses than other CCSSE colleges:

- 94% indicated that their MJC education is preparing them effectively to think critically and analytically
- 91% indicated that their MJC education is preparing them to work effectively with others
- Only 37% feel they are definitely progressing as quickly as they desire to in completing their educational goal at MJC:
