

## **Developmental Education EMP Workgroup**

**(Combines Priorities, Objectives, Deliverables, and Outcomes from former  
Acceleration Workgroup and Developmental Ed. Workgroup)**

**Strategic Direction #1 Transform lives through programs and services that demonstrate measurable student achievement**

**EMP Priority 1:** Academic excellence in teaching and learning (intentional, well-communicated pedagogy, curriculum, and pathways to high-demand careers and continuing education).

**Priority 1.1. Assess Flexible Program and Scheduling Options**

**Priority 1.2 Ensure Program Viability and Curricular Relevance**

### **Developmental Education Workgroup:**

- Explore, implement and measure effective pedagogical models and scholarship to support student learning outcomes (reading apprenticeship, acceleration, multiple measures)
- Improve quality, currency, and alignment of curriculum and instructional programs to increase student learning and attainment in GE courses
- Address college's goal to expand accelerated courses and programs, particularly math and English
- Explore contextualized education (math, English for CTE)
- Explore how to incorporate support services at key points in journey through remediation

### **Deliverable:**

- **Recommendations for best practices that increase success for dev. ed. students**
- **Recommendations for accelerated basic skills courses and sequences**

### **Outcome Target/Deliverable**

- **Increase throughput of basic skills students into GE courses**
- **Recommendations for Contextualized math/English for CTE**
- **Effective curriculum models implemented and scaled**
