Yosemite Community College District Policies and Administrative Procedures **No. 6530**

Policy

6530 Authorization to Drive District Vehicles

Vehicles of the District shall be driven by employees of the District who possess the appropriate valid driver’s license issued by the State of California and fulfill the District’s specific requirements. Under circumstances and procedures determined by the Executive Vice Chancellor, students (enrolled in the colleges of the District who possess the appropriate valid driver’s license issued by the State of California and adhere to the District’s specific procedures) may be authorized to drive designated District vehicles.

Exceptions to this policy are authorized in cases of emergency or undue hardship as determined by, and upon authorization of, the Chancellor.

Adopted: June 28, 2004

Administrative Procedure

6530 Authorization to Drive District Vehicles

I. Except as stipulated herein, only employees of the District who possess a valid California driver’s license and have a clear DMV report, shall drive the following District vehicles:

A. Buses and Vans

1. Buses

To drive a college bus the employee must possess a valid California Commercial Class B Driver’s License, a Passenger Transport Endorsement, a valid Medical Certificate, and successfully complete a training program required by the State and provided by the District Transportation Department. Only properly qualified and licensed employee-drivers may drive such vehicles, whether passengers are or are not being carried.

2. Vans

To drive a van owned, rented, or leased by the District that is designed to transport more than 10 passengers, including the driver, the employee must possess a valid California Commercial Class B Driver’s License, a Passenger Transport Endorsement, a valid Medical Certificate, and successfully complete a training program required by the State and provided by the District Transportation Department. Only properly qualified and licensed employees may drive such vehicles, whether passengers are or are not being carried.

B. Other Vehicles

1. Any employee or volunteer of the District may drive any District vehicle for which a proper and valid California Driver’s License is held. An “Authorization to Release Driver Record Information” (INF 1105) must be submitted to either the District Transportation Department or to the College Facilities Office one week prior to driving any District vehicle. Initially, employees must submit a recent DMV printout along with the INF 1105 if planning to drive a District vehicle within the one week period.

a) Minimum age for employees to drive a District vehicle is 18 years.

b) Minimum age for volunteers to drive a District vehicle is 21 years. Volunteers are not permitted to drive personal vehicles on District business.

Exceptions may be made for student volunteers ages 18 to 21 with the prior approval of the College President or designee.

c) Use of District vehicles for personal business is prohibited.

1 2. Any student or student worker of the District may drive any District vehicle for which a
2 proper and valid California Driver License is held. An “Authorization to Release Driver
3 Record Information” (INF 1105) must be submitted to either the District Transportation
4 Department or to the College Facilities Office one week prior to driving any District
5 vehicle, or the student or student worker may submit a recent DMV printout along with
6 the INF 1105 initially. The following conditions must be met for a student or student
7 worker to drive a District vehicle:

- 8
- 9 a) Minimum age for students or student workers to drive a District vehicle is 18
10 years.
 - 11 b) Students under the age of 21 may not drive District vehicles on trips that exceed
12 a 150-air-mile radius.
 - 13 c) For trips outside the 150-air-mile radius, student drivers must be accompanied
14 by a staff/faculty member.
 - 15 d) Requests for exceptions must be submitted in writing to the Executive Vice
16 Chancellor at least two weeks prior to the trip.
 - 17
 - 18
 - 19
 - 20

Major convictions shall include any but are not limited to the following:

- Driving under the influence of alcohol or drugs. This would include prescription drugs that have the warning that operating machinery or a motor vehicle while using this drug is not safe.
- Driving while impaired.
- Reckless driving, racing or speed contest.
- Failure to report an accident.
- Making a false accident report.
- Vehicular homicide or manslaughter.
- Attempting to elude a police officer.
- Driving while license is suspended or revoked.
- Speeding at 25 MPH over the posted speed limit and in excess of 25 MPH over the speed limit.
- Hit and run.
- Failure to appear.

Minor convictions shall include any moving traffic violation other than a major conviction.

- Examples include, but are not limited to the following:
- Speeding (less than 25 MPH over the posted speed limit).
- Running a stop sign or red light.
- Improper turn.
- Passing across a double-yellow line.
- Failure to yield.
- Following too close.

5. Operators of golf carts, forklifts, and certain maintenance-type equipment must receive special training provided by the District Transportation Department.

C. Idling of Diesel Vehicles

Current California law prohibits unnecessary idling of diesel-fueled commercial motor vehicles and equipment. No vehicle or engine subject to this regulation may idle for more than five (5) consecutive minutes. At schools, drivers of commercial diesel vehicles and school buses must turn off the vehicle engine upon stopping at a school or within 100 feet of it and must not turn the engine on more than 30 seconds before beginning to depart from a school or from within 100 feet of a school. Idling of a diesel powered vehicle that is owned by a rental company is the responsibility of the renter or lessee, and the rental agreement should so indicate. Notices have been affixed to vehicles and equipment in conspicuous locations to remind the operators of this regulation.

The idling limit does not apply to:

1. A bus idling up to 10-minutes prior to passenger boarding, or when passengers are onboard;
2. Idling when the vehicle must remain motionless due to traffic conditions, an official traffic control device, or an official traffic control signal over which the driver has no control, or at the direction of a peace officer, or operating a diesel-fueled auxiliary power system (APS) or other device at the direction of a peace officer;
3. Idling when the vehicle is queuing that at all times is beyond 100 feet from any restricted area;
4. Idling to verify that the vehicle is in safe operating condition, provided that such engine idling is mandatory for such verification;
5. Idling of the primary diesel engine mandatory for testing, servicing (cleaning of commercial vehicles/trucks/buses is not considered servicing), repairing, or diagnostic purposes, including regeneration or maintenance of the exhaust emission control device during engine idling when the dashboard indicator light, if so equipped, is illuminated indicating that regeneration or maintenance is in progress;
6. Idling of the primary diesel engine, operating a diesel-fueled APS, or operating other devices when operating defrosters, heaters, air conditioners, or other equipment solely to prevent a safety or health emergency;
7. Idling necessary to accomplish work for which the vehicle was designed (such as operating an aerial lift or load hoisting).

Drivers found in violation of this regulation are subject to a minimum civil penalty of \$300 and possible criminal penalties, as specified in the Health and Safety Code.

- II. Exceptions to District policy limiting drivers of District vehicles to employees or students may be made for the following reasons by the Chancellor only, or designated representatives as determined by the Chancellor.

A. Cases of Emergency

If, in the Chancellor’s judgment, the emergency is of such a nature and severity that it would be in the District’s best interest, and/or in the interest of preserving the public peace, health and safety, or general welfare, individuals other than District employees or students may be authorized to drive District vehicles.

B. Cases of Undue Hardship

1 If, in the determination of the Chancellor, strict adherence to District policy would create a
2 situation of undue hardship on the District in the furtherance of its mission, individuals
3 other than District employees or students may be authorized to drive District vehicles.
4

- 5 1. In no case shall exception to the requirements for proper and valid licensure be
6 permitted, whether vehicles are driven by employees or non-employees as specified
7 above.
8
- 9 2. Department managers are responsible for notifying the District Transportation
10 Department of new employees and/or students that are operating vehicles and
11 equipment that are specifically assigned to their department.
12
- 13 3. Students may drive other students only with the permission of the College President or
14 the Executive Vice Chancellor.
