MJC indicates CTE program review is occurring in 3 ways: 1. Advisory Committee review every 2-years; 2. Program Review every 2-years per CTE standards; and, 3. Curriculum review thru curriculum committee every 2-years. Additionally, CLOs are assessed every two years. However, the requirement for the Board in the CTE area must still be addressed in the Program Discontinuance documents.

Administrative Procedure

4021 Program Discontinuance

Note: A procedure for discontinuance of ~~career vocational~~ or ~~technical occupational~~ programs is legally required. Procedures for discontinuance of other programs are suggested as good practice. Insert local practice.

The colleges have program discontinuance processes which are approved by the respective academic senates with participation of all relevant constituencies in the participatory governance process.

The procedure for discontinuance of ~~career and technical vocation or occupational~~ programs will include a process for:

- Reviewing such programs every two years to ensure they meet legal standards.
- Terminating programs by Governing Board if legal and other District standards are not met.
