~~7-8053~~ Position Classification Plan

5

6

Education Code Section 88003 requires the governing board of a college District to classify employees not requiring certification. This is the classified service. Position classification is a system for identifying and describing kinds of work performed by employees thus grouping together under common job titles positions requiring similar duties.

7

8

9

10

11

A class is one or more positions with similar duties, with the same title, requirements of education and experience, determined by the same test of fitness, and with the same pay range. The number of positions in each class is determined by Board policy. Prior approval of the Chancellor and Board of Trustees is necessary for the acquisition of additional positions within specified classifications.
