3-8026 Temporary Facilities

5

6

It shall be the goal of the Yosemite Community College District to provide permanent facilities for both instruction and support services.

7

8

If permanent facilities are unavailable on site, instruction will be provided in leased space situated as conveniently as possible for student access and program requirements.

9

10

If permanent facilities are not available for support services, temporary/relocatable facilities may be provided on-site until permanent facilities become available with the approval of the Board of Trustees. Care will be taken to ensure that the location of temporary/relocatable facilities will not violate the esthetic integrity of college campuses.

11

12

Decisions related to the usage of permanent and temporary on-site facilities will take into consideration the implications of state priorities for future funding of new construction.

13

14

On-site temporary facilities which will be used by students must meet all requirements of Education Code Sections 81130 et seq. (Division of State Architect guidelines).

Administrative Procedure

3-8026 Temporary Facilities

- I. The following procedures are used when permanent facilities for instruction and/or support services are unavailable.
 - A. In those cases where it is necessary to use off-site classroom space to meet student access and program requirements for credit or non-credit courses, college administrators will initiate a Facilities Use Agreement, with the provider, to lease space.
 - B. A Facilities Use Agreement shall provide for a minimum cost of \$1.00 per class session but shall be limited to a maximum rate which amounts to no more than \$10.00 per classroom hour, including fees. Exceptions to the maximum rate may be made by signature approval of the College President.
 - C. The signed agreement shall be routed to the Executive Vice Chancellor for review and final signature prior to distribution.
 - D. This procedure does not apply to “not for credit” courses such as those in Contract Education, Community Education, or similar programs.
