~~3-8072~~ **Unattended Minors**

The presence of unattended minors presents significant risks in terms of their safety and welfare and presents an issue of institutional liability. If an unattended minor is found on campus, an attempt will be made to contact the minor and determine the whereabouts of the parent or guardian. Campus Safety/Security will be called for assistance as appropriate.

Any unattended minor that is on campus or other District facilities and whose presence or actions interfere with the peaceful conduct of college activities, disrupt its students or staff, or presents a safety risk, will be reported, at a minimum, to Campus Safety/Security.
