

Curriculum Committee Standing Report

Articulation

November 22, 2016

Prepared by Letitia Miller, November 17, 2016

- ASSIST “Next Gen” is available for Articulation Officers in the UC, CSU, and CCCs to pilot. We have been encouraged to submit fake proposals for the purpose of testing from 11/14 through 12/2.
- The annual period for requesting GE breadth consideration of new and modified courses for 2017-18 has opened in OSCAR (Online Services for Curriculum and Articulation Review). All courses approved by the curriculum committee requesting CSU-GE breadth can be submitted. Only those courses requesting IGETC that have already gleaned UC TCA (transfer) approval may request IGETC for 17-18 at this time.
