Assessment testing is a free service; however, other tests offered through the Testing Center may require a fee. To inquire about test dates and fees, please contact the Testing Center or go to www.mjc.edu/assessment.

MULTIPLE MEASURES

Modesto Junior College utilizes Multiple Measures as an assessment option in addition to (or instead of) the college assessment test to place students into English and math courses. Current high school Seniors or students who have graduated high school within the last 10 years may use qualifying grades in high school English and math, along with their high school GPA, to place into English and math courses. In addition, students who have achieved at or above the required score on an alternative placement test (ie. SAT, ACT, AP, EPT, ELM, etc.) may waive the Modesto Junior College Assessment Test and be placed into appropriate English or math courses according to these test results.

English and math placement through Multiple Measures includes evaluation of the following documents:

- High school transcripts;
- Early Assessment Program (EAP) results;
- ACT, AP, CLEP, ELM, EPT, and SAT results; and
- Other two-year regionally-accredited college assessment reports

The Multiple Measure Math and English forms are available on the Testing Center website: <https://mjc.edu/student-services/financial-testing/multiplemeasures.php>

University Preparation PATHWAY

Earn an associate's degree while preparing for a bachelor's degree **2018-2019**

Successfully complete* the following steps to earn an associate's degree from MJC while simultaneously satisfying lower-division general education requirements for bachelor's degree at many universities throughout California. While satisfactory completion of these requirements does not guarantee admission to a specific college or university, it will demonstrate that you have satisfied many "lower-division" requirements in preparation for upper-division study. Enroll in a Guidance class or meet with a counselor so that you complete each step accurately and efficiently.

TO EARN AN ASSOCIATE DEGREE:

- 1** Complete 60 units in courses numbered 100 to 299, twelve (12) of which must be completed "in-residence" at MJC. All courses numbered 100-299 will transfer to CSU, while some 100-299 transfer to UC. Please note that not all transfer units are accepted by every university. Consult an MJC Counselor or www.assist.org for information on transferable MJC courses. Only one degree may be awarded in any one program.
- 2** Earn an overall GPA of 2.0 or higher (C average) based on all work attempted in college courses numbered 50 to 399.
- 3** Complete the MJC Guidance and Activities Requirements* on page 116.
- 4** Fulfill the general education requirement* for the school you plan to attend by successfully completing the appropriate General Education (GE) Transfer Pattern (with a C or better in each course) as indicated below. Upon completion of the GE pattern you select, you will be eligible for a Certificate of Achievement in CSU-GE or IGETC from MJC. For more information, visit the Evaluations Office, Student Services Building, Room 102. Successful completion will also demonstrate that you have met or exceeded state-required competencies for reading, writing, and mathematics.
- 5** Select and complete an associate degree major or a University Preparation emphasis
 - **Associate's degree* with Associate in Arts (AA) or an Associate in Science (AS) major:** The associate's degree with an AA or AS major will demonstrate that you have taken courses in many college disciplines in order to gain critical thinking skills, in addition to completing a series of courses in a focused subject area. Your final transcript will show that you have earned an AA or an AS in the chosen area. Please note that some AA and AS majors include more courses than the required lower-division preparation for bachelor's degree at the targeted college or university, so they may not be effective for bachelor's degree preparation. Please see a counselor to carefully select courses for MJC and your target institution. You may complete any AA or AS in this catalog. Students who complete the *University Preparation Pathway* with an **AA/AS major** will earn a degree in the **major**. For example the student who completes the *University Preparation pathway* who chooses to complete the AS major in Physical Science, will receive a degree that reads: **AS Degree: Physical Science**. Students who pursue AA-T or AS-T degrees need to follow the requirements for Associate Degrees for Transfer on page 109.
 - **Associate's degree in University Preparation with an area of emphasis:** Like the associate's degree major, the **emphasis** will demonstrate that you have taken courses in many college disciplines in order to gain critical thinking skills. The emphasis, however, is a set of courses that you complete at MJC to prepare you for the major in which you plan to earn a bachelor's degree. Courses in the emphasis are carefully selected to fulfill major requirements and to prepare you for your bachelor's degree major at the transfer institution. For *University Preparation* emphases options, see page 106. Students who complete the *University Preparation Pathway* with an **emphasis** will earn an AA or AS degree in "**University Preparation: (emphasis)**". For example, a student who completes the *University Preparation "Humanities"* emphasis would earn a degree that reads **AA: University Preparation: Humanities**.

Do you plan to transfer to California State University?

Complete one of the following two patterns:

- CSU-GE Transfer Pattern (p. 119).
- IGETC Transfer Pattern (p. 121) : Follow CSU requirements.

Do you plan to transfer to the University of California?

Complete one of the following:

- IGETC Transfer Pattern (p. 121) : Follow UC requirements.
- Individual breadth pattern for the UC campus of your choice as it appears on www.assist.org

Do you plan to transfer to a private or out-of-state college or university?

- Work with a counselor to choose and complete one pattern (CSU-GE or IGETC) that best fulfills lower-division requirements for the targeted school.

Do you plan to earn a bachelors degree in a "high unit" major or one that requires extensive lower-division preparation?

- Work with a counselor to determine whether the *University Preparation Pathway is right for you*. If not, you will need to complete the *Career and Technical Education Pathway* (page 113.) to earn an Associate's degree from MJC.

6 Earn a grade of C or Better in every course completed for the area of emphasis or the AA/AS major.

7 Apply for your degree. The associate in arts degree (AA), associate in science degree (AS) and/or the certificate of achievement in CSU-GE or IGETC are not automatically awarded when you complete the requirements. You will need to file an *Application for Associate's Degree* in the Evaluations Office (Student Services Building Room 102) after enrolling in courses for the semester in which you intend to graduate. Requirements may be completed during any semester or summer session. Please note the graduation ceremony is held only at the end of spring semesters. **Certification of general education requirements for transfer:** CSU and UC systems accept full certification or subject-area certification upon completion of lower-division GE requirements. When applying to the transfer institution and requesting MJC transcripts, students should request GE certification.

*Students who possess a baccalaureate or higher degree completed at a regionally accredited college or university will have satisfied general education and competency requirements including guidance and activities for AA or AS Degree. BENEFITS OF AN ASSOCIATE DEGREE FOR TRANSFER

- Guaranteed admission to the CSU upon completion of the requirements for a TMC degree at Modesto Junior College.
- Only 60 units of transferable coursework are required for associate degree, with only 60 additional units required at the CSU for baccalaureate degree.
- Because the major requirements have been developed collaboratively by the faculty of the CSU and the California Community Colleges, coursework is guaranteed to transfer
- No local requirements (like Guidance, Activities) are required to earn an associate degree.

C-ID: THE BUILDING BLOCK OF THE TMC

In order to facilitate the ADT, the community colleges created a statewide numbering system to commonly identify courses using the C-ID or Course Identification Numbering System. After a state-level review process, courses commonly offered at California Community Colleges can be given a C-ID.

For example, Reedley College offers an introductory marriage and family course as *SOC 32: Courtship, Marriage, and Divorce: Family and Interpersonal Relationships*. MJC offers an almost identical course, *SOCIO 125: Sociology of the Family*. The state has attached a C-ID to both courses. In this case, it is *C-ID SOCI 130 Introduction to Marriage and Family*. Therefore, both Reedley's and MJC's courses are accepted as comparable.

C-ID will allow students to easily identify courses offered at different community colleges, and the use of the system is facilitating the development of consistent requirements for associate degrees by faculty of colleges statewide. For more information and a list of C-IDs, see p.94-96
