RE: AEBG Report

The purpose of this update is to provide the MJC Curriculum Committee with information regarding the Adult Education Block Grant (AEBG). In the YCCD district, AEBG planning occurs through a consortium of representative that includes: community colleges, k12 school districts and county offices of education from the Stanislaus and Mother Lode region.

What is AEBG? The intent of Adult Education resources is to support quality adult education courses, programs and services that include: Adult Basic Education (ABE), Adult Secondary Education (ASE), Citizenship, GED and/or Hi-Set, English as a Second Language (ESL), Short Term CTE and/or Workforce Development.

How can I find more about regional AEBG Efforts?

1. Visit the consortium website at www.yosemite.edu/aebg
2. Visit the state website at www.aebg.edu
3. Attend an AEBG Consortium planning meeting in Oakdale

Updates from October 9th, 2017 Meeting:

1. **The AE Stanislaus Mother Lode Consortium is moving to quarterly meetings.** Next meeting January 2018. Meetings will be posted on the consortium website.
2. **Data collection for AEBG supported programs is collected into TOPsPRO Enterprise** across the system for students, courses, programs and services. At MJC, AEBG resources are supporting the following program efforts in the 17/18 academic year:
 - MJC “non-credit” ELW classes, the English Language for Work Program and the English Language Welcome Center
 - MJC “not-for-credit” GED My Way Program through Community Education
 - MJC Career Services Center in the West Campus
3. **Testing Discussion:** Consortium discussed the process specific to requirements of pre and post assessment data needed for TOPsPRO reporting. Below is a summary of discussion
 - English as a Second Language:** Requires pre and post assessment data
 - GED Programs:** Requires pre and post assessment data
 - ABE & ASE Programs:** Require pre and post assessment data
 - Citizenship Classes:** Does not require assessment data
 - Short Term CTE:** Does not require assessment data
