The Committee members would like for area IV. of the program to be re-formatted to match the wording just below it, "Agriculture Education Option (COMPLETE 7 UNITS)"

M/S/U (M. Garcia, L. Prusso) to approve modifications to A.S. Degree: AGRICULTURAL SCIENCE/AGRICULTURAL EDUCATION

A.S. Degree: Athletic Training/Sports Medicine 33 09

B. Adams and C. Mulder have taken a look at this program to correct errors that have appeared in the catalog for several years. No changes to the approved program have taken place. The corrections will be reflected in the 2011-2012 MJC College Catalog. *The Athletic Training/Sports Medicine program needs a CCC511 form sent to the state due to a change in units. M. Garcia noted that there was a variable unit for the Supervision in Athletics course which makes the program change from a 33 unit to a 32-33 unit program. The CCC511 form will be updated and sent to the state for approval of the program.*

M/S/U (K. Ennis, S. Circle) to approve modifications to A.S. Degree: Athletic Training/ Sports Medicine.

1. CurricUNET Trainings B. Adams
 February 17, 2011, Training from 2:30 - 4:00 PM and Drop-in Session from 4:00 - 5:00 PM, Regional Fire Science Center.
B. Adams reminded the committee of the upcoming CurricUNET training to be held in Room 105 of the Regional Fire Science Center.

VIII. NEW BUSINESS

Action Items

1. Prerequisite/Corequisite/Advisory/Limitation on Enrollment Language Standardization L. Miller
Postponed indefinitely
2. How Programs should appear on agendas B. Adams 03
Recently B. Adams and S. Fornelli spoke about how to best display programs on the agenda. The committee currently has a good system in place for the display of changes to courses and would like to incorporate something similar when compiling the agendas. The committee agreed to have B. Adams and S. Fornelli devise a worksheet for the committee to review at the next meeting.
3. A.A. and A.S. Degrees B. Adams
<http://www.asccc.org/resolutions/defining-associate-arts-and-associate-science>
The committee reviewed the State Academic Senate Resolution 09.03 from fall 2008 and discussed the current philosophy of the A.A. and A.S. degree at MJC. There was discussion on the awarding of A.A. and A.S. based on unit values vs. the State Academic Resolution which defines them based on discipline. The committee agreed this needed to be discussed at division levels and with many faculty before any type of policy recommendation could be made by the MJC Curriculum Committee. This item will move to Unfinished Business and continue to be discussed at the next meeting.

Informational Items

1. Launching of First TMC Associate Degrees for Transfer (per SB 1440) B. Adams 04
B. Adams informed the committee the first three TMC Associate degrees have been finalized by the CCCCCO. The transfer degrees are Communication Studies, Psychology, and Sociology. The Speech Communication faculty members have discussed the Communication Studies TMC and a proposal will be on a future spring 2011 agenda. B. Adams participated in a webinar on February 14, 2011 which discussed the requirements of SB 1440 and compliance by community colleges.

Veterinary Technician

In this program, the student will develop skills and knowledge for entry level employment in the field of veterinary technology. This field may include small and exotic animal care, veterinary laboratory procedures and surgical techniques as well as x-ray technology, specialty animals, large animals and veterinary office procedures. This program will also assist the student in qualification for the California Registered Veterinary Technician Examination by providing the educational requirements mandated by the Veterinary Medical Board.

Certificate of Achievement: Veterinary Technician

STUDENT LEARNING OUTCOMES

Upon satisfactory completion of this program, the student will be able to:

1. Utilize a variety of technologies to gain information about the Animal Agriculture industry and apply these technologies in the analysis of specific situations.
2. Give specific examples of careers in the Animal Agriculture industry and briefly describe the prerequisites for these careers.
3. Describe basic management techniques used by the Animal Science industry to produce wholesome, safe, environmentally responsible animal products.
4. Describe the economic significance of a specific area studied in animal science and explain the social/cultural benefits provided by that industry.

PROGRAM REQUIREMENTS

To earn a Certificate of Achievement, the student must complete the following coursework. Each course must be completed with a grade of C or better.

Required Courses - Complete 17 units		Units
ANSC 250	Veterinary Physiology, Anatomy & Termin	3
ANSC 251	Veterinary Pharmacy Procedures	2
ANSC 252	Veterinary Equipment: Operation, Instrumentation, and Safety	3
ANSC 253	Veterinary Laboratory Procedures	1
