## **NEW COURSES:**

### **ELIC 143**

#### **Advanced Listening and Speaking**

3

**CCCCO Proposal Type:** New Credit Course

**Effective:** Upon CCCCCO approval

#### **ADOPT**

**Rationale:** The ESL Department is making changes to the Academic ESL Program both in course content and in numbering. We are proposing a new set of courses to assist students in reaching transfer level in a more accelerated and compressed fashion. The ESL prefix has been changed to ELIC so new courses must be created.

**Enrollment Restrictions:** Requesting: (P) Satisfactory completion of ELIC 33 or qualification by the MJC assessment process.

**Distance Education Status:** (None)

**Materials Fee Status:** (None)

**Articulation Status:** Requesting: CSU

#### **Program Impact:**

Stand-Alone (Be advised that the department will need to do a timely modification to any desired academic programs in CurricUNET to include this course as an option and to officially change the status to Program-Applicable).

**ELIC 143 and ELIC 153 pulled as a block for discussion by T. Guy** who had questions regarding the transferability of the ELIC 143 and ELIC 153 courses. T. Guy referred back to the English as a Second Language (ESL) Program Redesign 2015 presentation, noting the difference in what was initially described as lower division courses versus the courses currently being proposed.

Articulation Officer, L. Miller, voiced her concern regarding the academic value of courses that are proposed as transfer level and which California State University (CSU) would these courses articulate. L. Miller asked the faculty for a rationale as to what major was ELIC 143 and ELIC 153 preparing student. She relayed to the committee the faculty's rationale for proposing the 100 level courses, as "It is the position of English Language Department that the units from these classes should be made transferable in recognition of and reward for the highly sophisticated linguistic achievement of the students although we understand the opposing view".

J. Hamilton acknowledged the desire for recognition of the student's hard work, nonetheless, recommended that issuing a Certificate would be the appropriate way to acknowledge the student's participation.

Discussion ensued with Communication Studies faculty voicing concerns regarding ELIC 153 mirroring COMM 100's Fundamentals of Public Speaking class, noting that in the description it states "Introduction to communication theory." L. Collins added her concern with adding empty units and the maxing out of units for students. B. Adams noted that the rationales for ELIC 143 and ELIC 153 didn't change from the originally proposed ELIC 43 and ELIC 53 courses and wondered what, if any, content was updated to address the transferability request.

**M/S/WITHDRAWN (P. BROGAN, T. GUY) motion withdrawn by division representative, S. Circle,** who will convey the committee's concerns and recommendations to the faculty author.

**ELW 910 pulled for discussion by T. Guy** who questioned 90 lecture hours for a citizenship course and requested clarification.

S. Circle pointed out that the ELW 910 course teaches the English language through content using the material for citizenship and is more than just a course to prepare a student for the Citizenship Exam. She noted that in researching comparable courses from Glendale College and San Francisco City College that 90 hours was standard for their English language courses. S. Circle noted that ELW 910 is a language course and already has a cohort of students.

Discussion ensued regarding:

- ELW 910 as a language course verses a citizenship course
- Breaking down the 90 hours of course time into modules
- The need for development of a citizenship only course
- That language is not something that is learned, language is something that is acquired over time
- Deferring to the content experts in the discipline area, that all the 900 level ELW courses are running at 90 hours, and that ELW 910 is part of the same series of courses

[Approved Motion: Review of Curriculum for Quality and Currency Comparable Course Criteria – 09.12.17 draft](#)

Conversation continued from previous Curriculum Committee meetings regarding the Comparable Course Criteria draft which covered:

- Looking for articulation opportunities and focusing on expanding articulation rather than chasing data points
- Lifting the veil on the difference between transfer credit and articulated credit
- Providing tools and support for faculty in the use of ASSIST through trainings and tutorials
- Concerns that curriculum is not held up as faculty are instructed in the use of ASSIST
- The recommendation of providing a second version of the draft, based on the committee's discussion, for consideration at the next Curriculum Committee meeting

4. **CTE 2-Year Reviews**

B. Adams

[CTE 2-Year Review Form – 10.10.17 draft](#)  
[CTE 2-Year Review Form for Prerequisites – 10.10.17 draft](#)

B. Adams noted that the CTE drafts have been updated per previous discussion and inquired if the committee had received any feedback from their Career Technical Education (CTE) faculty. The CTE 2-Year Review will continue as Unfinished Business at the next meeting allowing time for additional feedback.

B. Adams recommended developing a resource document covering the change of procedure for submitting General Education and Transfer Requests in CurricUNET.

**XI. NEW BUSINESS**

**Action Items**

1. **Proposal to Create ARBC Prefix**

J. Daly

B. Adams questioned if the proposal letter submitted by J. Daly to create a new ARBC prefix was discussed with the division faculty. She noted that typically the proposal document is signed by a division faculty member.

**M/S/U (E. MAKI, L. MILLER) that this memo request come back with another signature signed by a Language Arts faculty.**

2. **2018-2019 Catalog Pathways**

Committee Members

B. Adams recommended that the Curriculum Committee review and forward any recommended changes to the University Preparation Pathways page of the 2018-2019 MJC catalog. She noted that 2018-2019 Catalog Pathways will move to Unfinished Business as an action item.

**Informational Items**

1. **Update to Bylaws-Committee Membership**

B. Adams

B. Adams noted that the Curriculum Committee Bylaws has been updated, per the motion that was passed at the September 26, 2017 meeting, to reflect the addition to the current membership. T. Guy and the Curriculum Committee welcomed N. Sill as the new Deans' Cabinet Representative and mentioned that they look forward to her perspective.

**2. Issues/External Submissions**

**H. Townsend/L. Miller**

[CCCCO COCI 1.5 Update Memo](#)  
[Substantive Change Manual: Substantive Change Review and Approval Process](#)  
<https://c-id.net/>

H. Townsend updated the committee on the timeline for the approval of courses/programs for the summer 2018 effective date; she noted that 123 courses made the October 2, 2017 submission deadline in CurricUNET for the October 24, 2017 Curriculum Committee meeting and the summer 2018 effective date. H. Townsend mentioned that courses and/or programs would also need to be approved by the Board of Trustees, Chancellor's Office, and in some cases where awards are new ACCJC in addition to the Curriculum Committee. H. Townsend informed the committee that due to the Accreditation Site Visit the Modesto Junior College Accreditation team are unable to submit Substantive award changes six months preceding the official visit and will need to wait until January 2018 for the results of the approved report before proceeding with submissions. H. Townsend also covered the approval process and variables that may impact the advancement of courses through the curriculum review/approval process.

B. Adams mentioned some of the different criteria that will be considered to prioritize the courses and/or programs that will make the October 24, 2017 Curriculum Committee meeting.

H. Townsend noted the importance of course inactivations, units, and title changes. If a course is set to be up for an inactivation approval, has a title or unit change and is attached to an award, the award must also come through for approval by the Curriculum Committee at the same time as the course to ensure accuracy for the upcoming catalog.

**3. Guided Pathways**
