ELIC 20

7 (Previously 4)

CCCCO Proposal Type: Substantial

Effective: Summer 2020

MODIFY: Title, units, prerequisite, advisory, hours, description, outcomes, objectives, content, typical assignments, methods of evaluation, textbooks, requisite skills

Rationale: This course is being updated as part of the 5-year review cycle. In addition, the department has decided to combine ELIC 20/21 --> ELIC 20; ELIC 30/31 --> ELIC 30; and ELIC 140/141 --> 140 in order to reduce an exit point for our students. ELIC 23

Low Intermediate Listening and Speaking

4 (Previously 3)

CCCCO Proposal Type: Substantial

Effective: Summer 2020

MODIFY: Units, advisory, hours, description, outcomes, objectives, content, typical assignments, methods of instruction, methods of evaluation, textbooks, requisite skills.

Rationale: Course is being updated as part of 5 year review cycle. In addition, when the department created the ELIC sequence a few years ago, we created a new 4-level, 3-unit listening/speaking sequence. In contrast to the previous ESL-prefix program, we removed the pronunciation content from these listening/speaking courses. Since implementation of the sequence, we have been unable to offer the higher levels (ELIC 43 and 53) due to enrollment issues. We have decided to inactivate these two higher levels, and instead include pronunciation content into the two remaining courses (ELIC 23 and 33). This will increase the unit value from 3 to 4 units for each class. However, the entire listening/speaking strand will be reduced from 12 units to 8 units.

Enrollment Restrictions: Requesting: (A) Before enrolling in this course, students are strongly advised to satisfactorily complete ELW 904 or qualification by the MJC placement process.

MUST 141

- Course update for review.
- Before enrolling in this course, students are strongly advised to satisfactorily complete MUST 101.

PEC 105

- Futsal is a popular new sport that would be a great addition to MJC's activity courses. Futsal is a fast moving, modified form of soccer, played indoors on a smaller court surface, requiring players to make quick decisions. Futsal improves cardiorespiratory fitness levels, develops soccer skills, and teamwork, and is a great sport to play!

PEVM 121

- There is currently no training and conditioning class for men's golf.

MODIFY: COMPUTER SCIENCE PROGRAM
A.S. Degree: Computer Science
Effective: Upon CCCCO Approval (Summer 2020)
MODIFY: Required courses
Rationale: Periodic Review of Program. Program continues unchanged. The AS-T Degree in Computer Science has been implemented and required changes to unit values in Computer Science courses. This has impacted unit counts in our AA and AS degrees in Computer Science. With the inactivation of the AA degree and incorporating its program intent into the AS degree in Computer Science - Programming option, this minimally impacts students pursuing the Programming option, brings unit counts for all AS Computer Science options into compliance, and provide students choices pursuing any of the current AS degree in Computer Science options. These minimal changes will allow students to continue their education unabated and provide for flexibility in completing the Associate degree plans.

M/S/U (R. CRIFE, E. MAKI) to MODIFY ELIC 22
M/S/U (E. MAKI, P. MENDEZ) to MODIFY REQUISITES for ELIC 22

S. Berger commented on the layout of the course requisites. H. Townsend mentioned that because of the limitations in CurricUNET she manually adjusted the text layout to display correctly in the catalog. S. Berger also noted that the advisory for ELIC 22 should have the same language as ELIC 32 and ELIC 42. The advisory language was changed from “satisfactorily complete” to “concurrently enroll in” ELIC 20, which was approved by the committee as a friendly amendment.

Berger requested that the course title for ELIC 42 be modified to read “Academic English Language Support 3” and the friendly amendment was approved by the committee.

**PSYCH 121 pulled for discussion by T. Akers-Porter** who expressed her concerns on the lack of interdisciplinary collaboration between departments in regards to PSYCH 121.

T. Akers-Porter’s comments included, but were not limited to:  
- Background information surrounding SOCIO 105.  
- Missed opportunities for interdisciplinary collaboration between departments throughout the process.  
- Encouraging discussion/collaboration to avoid student confusion and/or dilution of student demand.  
- Developing a better understanding and shared goals in guiding students into the right course for their academic goals.

Extended discussion ensued which included, but were not limited to:  
- The motivation for the discussion of interdisciplinary collaboration at this time/venue, possible consequences, and options.  
- Further history of the “Introduction to Statistics for the Social & Behavioral Sciences” course, the circumstances at the time of development and the change in circumstances surrounding the PSYCH 121 proposal.  
- The original preferences for “Introduction to Statistics for the Social & Behavioral Sciences”, accommodating targeted student needs, pursuing the MATH 110 C-ID, and the timeline available.  
- That Course Identification Numbering System (C-ID) alignment happens outside of the Curriculum Committee and that other courses align with C-IDs outside their disciplines.

1 ABSTENTION (C. Howard)

M/S/U (E. MAKI, P. MENDEZ) to MAINTAIN REQUISITES for PSYCH 121
L. Senechal noted that PSYCH 121 would need to be re-submitted for MJC-GE, CSU-GE, IGETC, and C-ID review if the prerequisite of MATH 989 was to be added. L. Senechal also noted that, at this time, there is no clear guidance at the state for adding a non-credit requisite to a course. Therefore, L. Senechal noted that the author became aware of this and asked that the MATH 989 prerequisite be removed from the request and that the prerequisite return to its original configuration.

   L. Senechal

   L. Senechal mentioned that counselors and faculty using ASSIST need to be mindful that there is a difference between Department Articulation and Articulation by Major, in ASSIST. Department Articulation means this course at MJC has reciprocity with a course at a given institution, while a Major Articulation shows how a course is applied within the major requirements which can be different from a direct course-to-course articulation.

   S. Circle

   B. Adams referred to the attached October 3, 2019 Academic Senate approved minutes for the committee members’ review.
