

Steps for Finding C-ID Descriptors

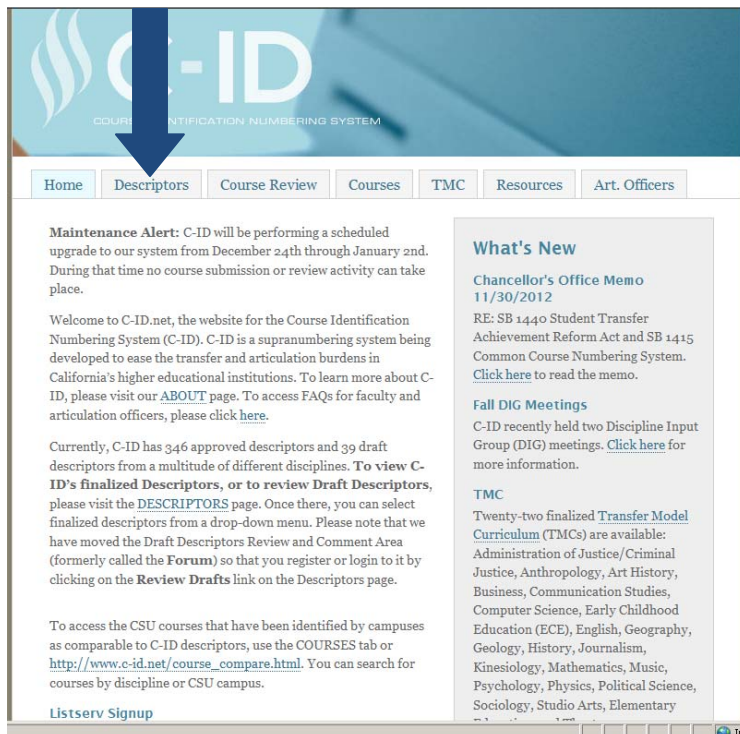

Step 1: Go to the C-ID website home page.

<http://www.c-id.net/>

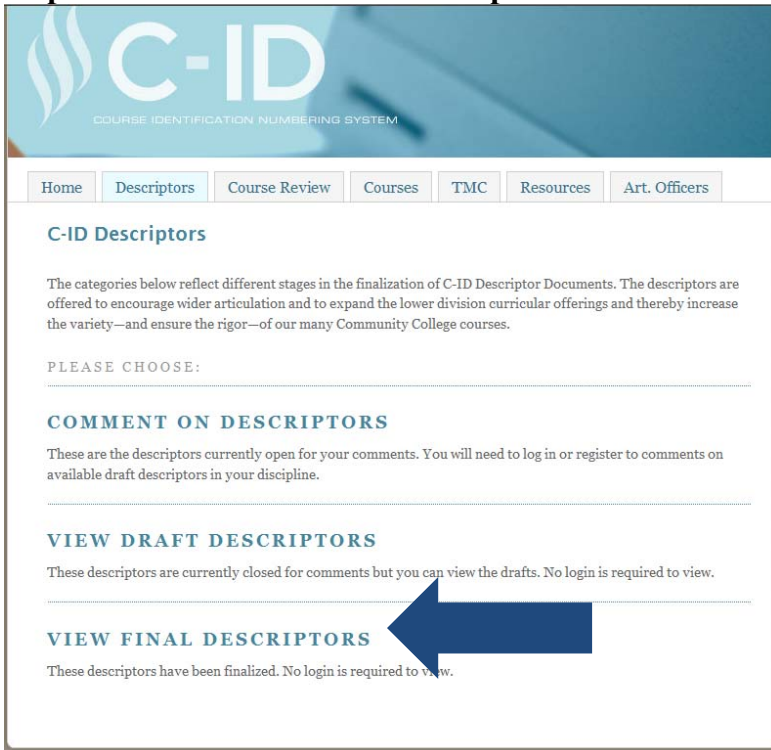

The screenshot shows the C-ID website home page. At the top, there is a blue header with the C-ID logo and the text "COURSE IDENTIFICATION NUMBERING SYSTEM". Below the header is a navigation menu with tabs for Home, Descriptors, Course Review, Courses, TMC, Resources, and Art. Officers. The main content area is divided into two columns. The left column contains a "Maintenance Alert" about a system upgrade, a welcome message, and information about the number of descriptors. The right column contains a "What's New" section with links to a Chancellor's Office Memo, Fall DIG Meetings, and TMC information. A "Listserv Signup" link is located at the bottom left.

Step 2: Click on the “Descriptors” tab.

This screenshot is identical to the one above, but with a large blue arrow pointing down to the "Descriptors" tab in the navigation menu, indicating the next step in the process.

Step 3: Click on “View Final Descriptors” link.

The screenshot shows the C-ID Descriptors page. At the top is the C-ID logo with the text 'COURSE IDENTIFICATION NUMBERING SYSTEM'. Below the logo is a navigation menu with links for Home, Descriptors, Course Review, Courses, TMC, Resources, and Art. Officers. The main content area is titled 'C-ID Descriptors' and contains three sections: 'COMMENT ON DESCRIPTORS', 'VIEW DRAFT DESCRIPTORS', and 'VIEW FINAL DESCRIPTORS'. A large blue arrow points to the 'VIEW FINAL DESCRIPTORS' link.

C-ID Descriptors

The categories below reflect different stages in the finalization of C-ID Descriptor Documents. The descriptors are offered to encourage wider articulation and to expand the lower division curricular offerings and thereby increase the variety—and ensure the rigor—of our many Community College courses.

PLEASE CHOOSE:

COMMENT ON DESCRIPTORS

These are the descriptors currently open for your comments. You will need to log in or register to comments on available draft descriptors in your discipline.

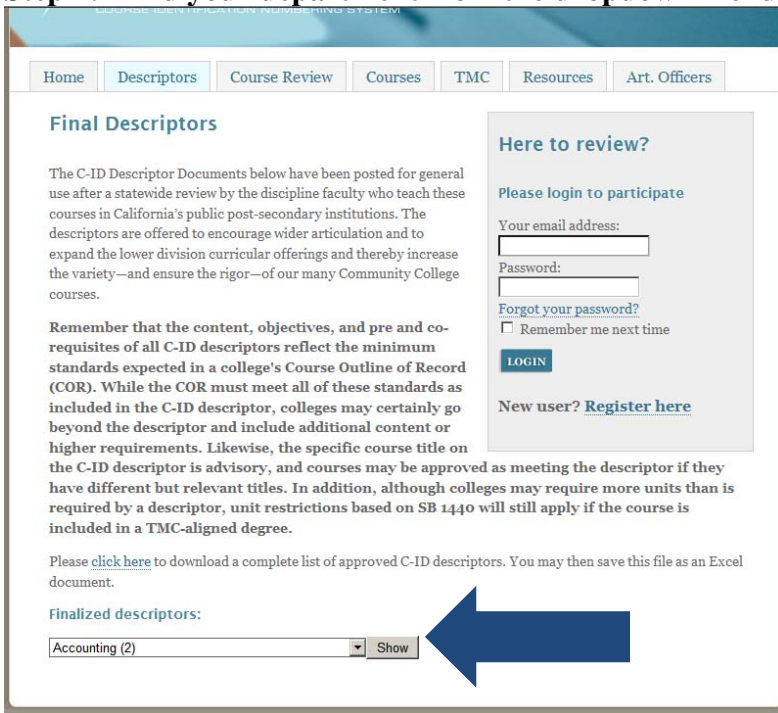

VIEW DRAFT DESCRIPTORS

These descriptors are currently closed for comments but you can view the drafts. No login is required to view.

VIEW FINAL DESCRIPTORS

These descriptors have been finalized. No login is required to view.

Step 4: Find your department from the dropdown menu and select (Next two screen shots)

The screenshot shows the 'Final Descriptors' page. It features a navigation menu at the top and a main content area. On the right side, there is a 'Here to review?' section with a login form. At the bottom, there is a 'Finalized descriptors:' section with a dropdown menu showing 'Accounting (2)' and a 'Show' button. A large blue arrow points to the 'Show' button.

Final Descriptors

The C-ID Descriptor Documents below have been posted for general use after a statewide review by the discipline faculty who teach these courses in California's public post-secondary institutions. The descriptors are offered to encourage wider articulation and to expand the lower division curricular offerings and thereby increase the variety—and ensure the rigor—of our many Community College courses.

Remember that the content, objectives, and pre and co-requisites of all C-ID descriptors reflect the minimum standards expected in a college's Course Outline of Record (COR). While the COR must meet all of these standards as included in the C-ID descriptor, colleges may certainly go beyond the descriptor and include additional content or higher requirements. Likewise, the specific course title on the C-ID descriptor is advisory, and courses may be approved as meeting the descriptor if they have different but relevant titles. In addition, although colleges may require more units than is required by a descriptor, unit restrictions based on SB 1440 will still apply if the course is included in a TMC-aligned degree.

Please [click here](#) to download a complete list of approved C-ID descriptors. You may then save this file as an Excel document.
