**M/S/U (S. BERGER, T. AKERS-PORTER) to EXPEDITE ADOPTION of MATH 924**

### DE (Distance Education) Only Proposals

**MATH 130  
Finite Mathematics**  
**Effective:** Spring 2017 [Expedited]  
**Rationale for Expedited Approval:** The Curriculum Committee procedure is to approve DE Only proposals with an immediate effective date (procedure approved March 3, 2015).  
**MODIFY:** DE modalities only  
**Rationale:** To obtain distance education approval.  
**Distance Education Status:** Requesting: Mixed modalities/hybrid  
**Program Impact:**  
- IGETC Pattern Certificate of Achievement  
- MJC-GE Pattern  
**M/S/U (P. MENDEZ, S. BERGER) to ADOPT DE for MATH 130**  
**M/S/U (S. BERGER, T. AKERS-PORTER) to EXPEDITE DE MODALITIES for MATH 130**

20-21 (Previously 24)

Modification: Program requirements, total units

Effective: Upon CCCCO Approval [ Expedited] (Requesting Summer 2017)

Rationale for Expedited Approval: Although effective upon CCCCO approval, this program made the Curriculum Committee deadline for summer 2017 effective date request.

Rationale: The A.S.-T is being revised to reflect the recent changes to Math units and an update to the most recent template posted by the CCCCO. The AS-T is also including an option of two more courses into the program.

Informational Items

1. CurricUNET Program Training (Flex #5201) (November 15, 2016) B. Adams
   B. Adams mentioned that another CurricUNET Program Training will be held on Tuesday, November 15, 2016 in the computer lab at the Center for Advanced Technologies (CAT) Building, room 113, from 3:00-4:30 p.m. She encouraged all new faculty, faculty in the review matrix next semester (SOCSC, GERON, PEM, CLDDV, FSCI, FTECH, and MACH), or those who would benefit from the training to attend and noted that Flex #5201 has been assigned to the training.
XI. NEW BUSINESS

Action Items

(None)

Informational Items

1. Credit Course Certification  
   B. Adams  
   B. Adams referred to the above memo from the California Community College Chancellor’s Office regarding the policy change to implement an expedited process for all credit course proposals, requiring one certification form signed by Chief Instructional Officers (CIOs) to be submitted annually to the Chancellor’s Office. B. Thames commented that the Chancellor’s Office is moving in a direction of getting away from policing curriculum. She noted that the Chancellor’s Office is just going to be a depository and if there were something wrong, the institution would be accountable for it.

2. Noncredit Curriculum and Prerequisites and Co-requisites  
   B. Adams  
   B. Adams mentioned that in the spring of 2016 the State Academic Senate had a resolution stating that they would come out with some guidelines of the appropriate use of noncredit courses in regards to prerequisites and co-requisites for credit courses.

XII. PUBLIC COMMENT

K. Butler requested FDNTR 219 count as a science course as it used to, noting that nursing students are being affected from obtaining the Natural Science degree because the Family & Consumer Science Department pulled it out of sciences and placed it in the Humanities area. M. Garcia recommended that we give students the option to use it for Area A or Area E in the MJC General Education pattern. B. Adams suggested that K. Butler connect with L. Stephan and the Family and Consumer Sciences Division to work on bringing it to the Committee.

B. Thames noted she will be working with the Deans to get more involved in reviewing courses and programs before they are presented to the Curriculum Committee.

M/S/U (M. GARCIA, E. MAKI) to adjourn at 4:49 PM.
I. APPROVAL OF ORDER OF AGENDA

Hearing no objections, the order of agenda was approved as stated, with a request from E. Lucas to accommodate guests.

II. APPROVAL OF MINUTES

IV. COURSE CONSENT AGENDA

Hearing no objections, the following course changes were approved.

MATH 89
Intermediate Algebra for Non-STEM Majors
Proposed Effective Term: Summer 2017 Expedited!
Rationale for Expedited Approval: MATH 89 last came through and was approved with a prerequisite of MATH 29 or MATH 70 or qualification by the MJC assessment process at the November 8, 2016 Curriculum Committee meeting. Faculty did not want to remove MATH 70 until the MATH 30 proposal was approved first. Since MATH 30 was approved by the Curriculum Committee, MATH 70 is now going to be inactivated and MATH 30 will take the place of MATH 70 as the prerequisite for MATH 89. The goals for MATH 30 are identical to what was already listed for MATH 70. Nothing has changed except the number from 70 to 30. This change has been implemented in CurricUNET and is here for the purpose of the record.
MODIFY: Enrollment restrictions
Rationale: See rationale for expedited approval.

MATH 90
Intermediate Algebra for STEM Majors
Proposed Effective Term: Summer 2017 Expedited!
Rationale for Expedited Approval: MATH 90 last came through and was approved with a prerequisite of MATH 70 or qualification by the MJC assessment process at the November 8, 2016 Curriculum Committee meeting. This change has been implemented in CurricUNET and is here for the purpose of the record.
MODIFY: Enrollment restrictions
Rationale: See rationale for expedited approval.

OFADM 231
Intermediate Word Processing
Proposed Effective Term: Summer 2017
Rationale for Expedited Approval: OFADM 231 came through with a course update to modify objectives and textbooks and was approved by the Curriculum Committee on October 25, 2016. The course is cross listed with CSCI 224 but somehow the cross listed box was not checked in CurricUNET to show the relationship which is why CSCI 224 did not show on the October 25, 2016 agenda when OFADM 231 came through. OFADM 231 and CSCI 224 are now showing as cross listed in CurricUNET. Consulted with CSCI and OFADM faculty to ensure that these courses are supposed to be cross listed and both departments agreed. This information is here for the purpose of the record.
MODIFY: Cross listing
Rationale: See rationale for expedited approval.

CCCO Proposal Type: Inactivation  
Effective: Summer 2017 Expedited  
Rationale for Expedited Approval: Requesting expedited approval to ensure accuracy of the 2017-2018 catalog offerings.  
INACTIVATE  
Rationale: Math 70 is being proposed to be inactivated and replaced with Math 30 in order to secure basic skills funding (per local numbering system) for course resources including tutoring, professional development, and SI. This is a course number change only, all content remains the same.  
Program Impact:  
Stand-Alone (Be advised that the department will need to do a timely modification to any desired academic programs in CurricUNET to include this course as an option and to officially change the status to Program-Applicable).  
MATH 70 pulled for discussion by T. Akers-Porter who noted that courses containing MATH 70 as an advisory or prerequisite will need to be updated. L. Miller mentioned that the amended courses would need to be re-articulated, noting that the GE breadth deadline is December 9, 2016. B. Adams noted that the updated courses would be noted on the December 6, 2016 agenda under Course Notification Agenda for documentation purposes.  
M/S/C (T. AKERS-PORTER, E. LUCAS) to INACTIVATE MATH 70 while also giving simultaneous permission to the Office of Instruction to update any Course Outlines of Record that have MATH 70 as a prerequisite or advisory and replace with MATH 30 instead of MATH 70.

**M/S/U (E. LUCAS, M. GARCIA) to MODIFY PEVM 115**

T. Guy questioned how do you get the ability to have “Enrollment limited to students who successfully pass a tryout” as a type of requisite. B. Adams referred to Title 5, 8106, Subset B, Subset 3 “In the case of intercollegiate competition allocating available seats to those judged most qualified.” She also noted the health and safety issue. B. Adams opened the Limitation on Enrollment (LOE) section in CurricUNET for PEVM 115, she noted the check box for “Student must first demonstrate certain skills and abilities prior to enrolling in the course for intercollegiate completion” and the box requesting “In a few sentences, please describe and justify this limitation.” where the error of “basketball” was noted and corrected to read “football” to match the course title of “Varsity Football.”

NEW COURSES:

ENGL 100  Intensive Reading, Writing, and Reasoning  5

CCCCO Proposal Type: New Credit Course
Effective: Upon CCCCO approval [Expedited] (Requesting Fall 2017)
Rationale for Expedited Approval: The English department would like to begin offering this course in the fall of 2017 to quickly begin reducing “exit points” for our basic skills students.

ADOPT
Rationale: This course is proposed as a way of eliminating "exit points" for basic skills students and thereby increase student progression toward a degree or transfer. Instead of taking a course 1 level below transfer and then taking the transfer level course (total of 8 units), students would be able to complete the transfer-level course with intensive support in developing the skills required to successfully complete it.

Enrollment Restrictions: Requesting: (P) Satisfactory completion of ENGL 45 or ENGL 49 or qualification by the MJC assessment process.
Distance Education Status: (None)
Materials Fee Status: (None)
Articulation Status: Transfer to CSU and UC; Requesting: (CC ENGL 1A)
C-ID Status: Requesting: (C-ID ENGL 100)
General Education Status: Requesting: (MJC-GE: D1), (CSU-GE: A2), (IGETC: 1A)
Program Impact:
Stand-Alone (Be advised that the department will need to do a timely modification to any desired academic programs in CurricUNET to include this course as an option and to officially change the status to Program-Applicable).

M/S/U (E. LUCAS, M. GARCIA) to ADOPT ENGL 100
J. Hughes requested confirmation that ENGL 100 meets the competency requirements for degrees, which was positively confirmed by A. Peek.
B. Adams mentioned that Methods of Instruction (MOI) #8 “Lead class discussion” was a duplicate MOI and thus removed per author’s request.

M/S/U (P. MENDEZ, E. LUCAS) to ADOPT REQUISITES for ENGL 100

M/S/U (T. AKERS-PORTER, S. BERGER) to REQUEST PLACEMENT of ENGL 100 on GE PATTERN(S)

M/S/U (T. AKERS-PORTER, K. BUTLER) to EXPEDITE ADOPTION of ENGL 100
HE 115  Drugs, Health, and Society  3

CCCCO Proposal Type: New Credit Course
Effective: Upon CCCCO approval [Expedited] (Requesting Summer 2017)
Rationale for Expedited Approval: This course must be approved and have a C-ID descriptor before we can complete the AS-T in Public Health.
ADOPT

Rationale: This course is being proposed because it is a core requirement for the AS-T in Public Health, a degree we are currently writing. This course is being created to align with C-ID PHS 103.

Enrollment Restrictions: Requesting: [A] Before enrolling in this course, students are strongly advised to satisfactorily complete ENGL 45 or ENGL 50 or qualification by the MJC assessment process.

Distance Education Status: Requesting: Mixed modalities/hybrid, online
Materials Fee Status: (None)
Articulation Status: Transfer to CSU and UC
C-ID Status: Requesting: [C-ID PHS 103]

General Education Status: Requesting: (MJC-GE: B, E), (CSU-GE: D7, E), (IGETC: 4G)

Program Impact:
Stand-Alone (Be advised that the department will need to do a timely modification to any desired academic programs in CurricUNET to include this course as an option and to officially change the status to Program-Applicable).

M/S/U (E. LUCAS, M. GARCIA) to ADOPT HE 115
M/S/U (P. MENDEZ, E. LUCAS) to ADOPT REQUISITES for HE 115
M/S/U (E. LUCAS, L. MILLER) to ADOPT DE for HE 115

S. Berger questioned how would students give presentations in an online format and how is presentations reflected in the Distance Education (DE) Addendum. P. Brogan mentioned that Canvas or Wiziwig were a couple of the presentation programs available to students and “student presentations” was added to the DE Addendum for clarification.

M/S/U (T. AKERS-PORTER, S. BERGER) to REQUEST PLACEMENT of HE 115 on GE PATTERN(S)
M/S/U (T. AKERS-PORTER, K. BUTLER) to EXPEDITE ADOPTION of HE 115

DE (Distance Education) Only Proposals

COMM 107  Introduction to Debate  3

Effective: Spring 2017 [Expedited]
Rationale for Expedited Approval: The Curriculum Committee procedure is to approve DE Only proposals with an immediate effective date (procedure approved March 3, 2015).
MODIFY: DE modalities only

Rationale: Requesting hybrid modality.
Distance Education Status: Requesting: Mixed modalities/hybrid
Program Impact:
- CSU General Education Pattern Certificate of Achievement
- Communication Studies AA-T Degree
- Communication Studies A.A. Degree
- Communication Studies Certificate of Achievement *Program Revision*
- General Studies, Emphasis in Language and Rationality A.A. Degree
- MJC-GE Pattern

IX. STANDING REPORTS

1. **Articulation: C-ID Newsletter, Prerequisite Requirements for C-ID Math 110**
   
   L. Miller reported that:
   - ASSIST “Next Gen” is available for Articulation Officers to pilot
   - Requesting of GE breadth consideration for 2017-2018 has opened in OSCAR
   - The prerequisite requirements for the C-ID Math 110 have been revised

   T. Akers-Porter added that the CSU and UC systems would be accepting different pathways into statistics, noting that each pathway would be evaluated individually. T. Akers-Porter mentioned that the proprietary pathway called Statway through Carnegie in Palo Alto has shown good success.

2. **Adult Education**
   
   P. Mendez reported that:
   - The consortium continues to meet on the second Monday of the month in Oakdale at the Oakdale Culinary Institute at 2:00 p.m.
   - The continued interest is on non-credit curriculum development at the community college level
   - The adult education state website has come out with a manual on adult education practices across the state
   - The Workforce Investment Board's presentation on the Workforce Innovation and Opportunity Act (WIOA) indicated they are working toward closer partnerships between county workforce investment boards and California community colleges
   - An upcoming presentation on a community registration & communication system that bridges together the 16 different school districts and program development for adult learners is scheduled for the consortium’s next meeting
   - The annual work plan for the consortium is due March 2017

   L. Miller communicated that in terms of catalog information, the advertisement of programs and awards has become an issue. L. Miller noted that some publications may reference inaccurate information resulting in students suffering unforeseen consequences and delays in achieving their academic goals; therefore a motion was drafted for the Curriculum Committee’s consideration.

   Extensive discussion ensued covering:
   - Re-affirming YCCD Board policy 3-8001
   - Who ensures the accuracy of information – quality control
   - Clarification of the process – updating links
   - MJC catalog as the official source – coordinating with the Instruction Office
   - The time frame with all the different levels of approval – bigger issue
   - Who is the responsible administrator and/or appropriate parties involved

   It was the will of the committee that the workgroup should find out a few more details and that further discussion be postponed to the December 6, 2016 meeting.

   B. Adams encouraged members to read the Chancellor’s Office First Friday Update for information on various topics:
   - Dual Enrollment
   - Minimum Qualifications
   - Noncredit Instructional Videos
   - Prerequisites, corequisites
   - Zero-Textbook-Cost Degree

XII. PUBLIC COMMENT

T. Guy questioned when the next Curriculum Committee was meeting. B. Adams confirmed the next Curriculum Committee meeting is scheduled for December 6, 2016, noting that it was moved up a week due to finals.

B. Adams requested an update from L. Stephan and K. Butler regarding FDNTR 219. L. Stephan noted that the faculty was working on aligning FDNTR 219 with other community colleges and would have something on the December 6, 2016 agenda. K. Butler questioned if FDNTR 219 once again counts as a science course, could it be retroactive for nursing students applying for the Natural Science Degree. B. Adams replied the course would not be retroactive for catalog purposes, but students could apply for a course substitution.

*M/S/U (E. MAKI, E. LUCAS) to adjourn at 4:20 PM*
I. APPROVAL OF ORDER OF AGENDA

Course Activity Report

Impact of MATH 70 inactivation/MATH 30 Adoption on Requisites Across the Curriculum

At the November 22, 2016 Curriculum Committee meeting the committee discussed and approved the inactivation of MATH 70. It was noted that the Instruction Office would need to research all courses affected by the removal of MATH 70 and add MATH 30 in place of MATH 70 where any enrollment restrictions existed that showed MATH 70 as a prerequisite or advisory.

Because the replacement of MATH 70 with MATH 30 in instances of prerequisites or advisories was largely technical, and therefore accommodated to ensure the accuracy of the information being provided to students, and the faculty authors of the following outlines have not reviewed the outlines in tandem with this technical change, the course outlines will reflect the last date of full review by the committee, and not the date of this meeting.
MATH 29 Option
Faculty authors for these outlines are encouraged to review the MATH 29 – “Elementary Algebra for Non STEM Majors” course outline to see if they wish to add MATH 29 as an “or” option to MATH 30. This change would need to be facilitated through the course update process. Be advised that changes to prerequisites may impact articulation and GE breadth approvals where applicable.

The following courses were modified in CurricUNET, Datatel, the upcoming 2017-2018 catalog, and resubmitted to the Chancellor’s office for a non-substantial change approval:

IV. COURSE CONSENT AGENDA

Hearing no objections, the following course changes were approved.

**BUSAD 274**  
**Human Resources Management**  
*C CCCCO Proposal Type: Non-Substantial  
*Effective: Upon Curriculum Committee approval  
*MODIFY: CLOs  
*Rationale: CLO update only  
*1. Identify the administrative, business, and strategic partner responsibilities Human Resource Management fulfills that contribute to organizational success.  
*2. Describe how organizations contribute to employee job satisfaction and identify strategies to retain key employees.  
*3. Describe the basic standards for identifying ethical practices in Human Resource Management.

**MATH 19**  
**Accelerated Pre-Algebra**  
*Proposed Effective Term: Summer 2017 Expedited!  
*Rationale for Expedited Approval: MATH 19 came through for adoption at the November 8, 2016 Curriculum Committee meeting. It was noted after the meeting that the course description was showing MATH 70 and MATH 69 which are now MATH 30 and MATH 29. The course description was revised in CurricUNET to replace MATH 70 and MATH 69 with MATH 30 and MATH 29. This information is here for the purpose of the record.  
*MODIFY: Description  
*Rationale: See rationale for expedited approval.

**MATH 138**  
**Calculus for Business & Social Sciences**  
*Proposed Effective Term: Summer 2017 Expedited!  
*Rationale for Expedited Approval: The Instruction Office was notified by T. Akers-Porter that the prerequisite for Math 138 needs to be updated to be Math 90 only, as the Math 89 curriculum content has been updated and will no longer meet the needs of Math 138 content. This revision was made by the Instruction Office for the summer 2017 schedule and is here for the purpose of the record.  
*MODIFY: Enrollment restrictions  
*Rationale: See rationale for expedited approval.
PLSC 200  Introduction to Plant Science  5
Proposed Effective Term: Summer 2017 Expedited!
Rationale for Expedited Approval: PLSC 200 last came through and was approved by the Curriculum Committee on September 13, 2016. Prior to submittal for C-ID AG-PS 104 approval, L. Miller noticed that the C-ID reviewers had concerns with the prior submission and alerted the faculty author. C-ID reviewers were concerned that the course content lacked information about Crop/Harvest practices as indicated on the descriptor. The faculty author asked that the content be revised to address the reviewer concerns. Requesting expedited approval as the course has already been approved effective summer 2017. Content has been revised and this information is here for the purpose of the record.

**REC 110 pulled for discussion by T. Guy** who noted that REC 110 only had one CLO with two separate ideas “Organize and lead different recreational games, activities, and tournaments with people of all ages, and have knowledge of leadership techniques and strategies” and questioned if there should be two CLOs. T. Guy also mentioned that the entire content dealt with leadership, with no mention of the organization of activities and he wondered how are they going to accomplish the CLO if none of the content covers how to organize and lead different recreational games, activities, and tournaments.

**M/S/Withdrawn (S. CASSIDY, J. HAYNES) motion withdrawn by B. Adams** due to questions from the committee and that there were no PE representation to address them. B. Adams noted that she would work with P. Brogan, C. Mulder, and R. Gross to resolve the issues before REC 110 is brought back to the committee for consideration.

**M/S/U (E. LUCAS, L. MILLER) to ADOPT PHYSO 102**  
L. Miller recommended the following edits to the description for PHYSO 102 which was approved by the division representative.  
*This course is Designed to supplement PHYS 101 with problem-solving, analysis of physiological principles, and homeostasis.*  
S. Berger recommended the following edit to the CLO for PHYSO 102 which was approved by the division representative.  
*Understand by Analyzing physiological conditions of the human body at and away from homeostasis.*  
**M/S/U (E. LUCAS, R. CRipe) to ADOPT REQUISITES for PHYSO 102**  
S. Berger questioned if divisions could open new courses for student registration before California Community Colleges Chancellor’s Office (CCCCO) approval and if courses have to be approved by the Accreditation Commission for Community and Junior Colleges (ACCJC).  
B. Adams stated that courses couldn’t be opened for students to register until CCCCO approval.  
H. Townsend noted that courses do not require ACCJC approval, that only programs require ACCJC approval.  
P. Mendez mentioned that inputting courses before state approval is problematic in our current system.

   FDNTR 219 Introduction to Nutrition Science 3 units
   Effective: Summer 2017
   General Education Status: Approved for (MJC-GE: E); Requesting: (MJC-GE: A)
   M/S/U (L. STEPHAN, P. MENDEZ) to restore FDNTR 219 within MJC-GE: A effective Summer 2017
   B. Adams clarified that the intent is to keep MJC-GE: Area E (Health Education) and reinstate MJC-GE: Area A (Natural Sciences), which was previously approved, but removed from FDNTR 219 at the October 21, 2014 curriculum committee meeting due to concerns about GE alignment and (then) potential for C-ID approval which had been raised at the meeting on October 7, 2014. (The course is now approved for C-ID NUTR 110) P. Mendez requested a review of the General Education (GE) criteria for placement of Natural Sciences on the GE Breadth for FDNTR 219. B. Adams brought up the GE criteria and the Course Outline of Record for FDNTR 219 for the committee to review. M. Garcia observed the need of the Nursing Program students to have FDNTR 219 associated with MJC-GE: A.
2. Proposal to Create FDS Prefix

1. Curriculum Review Matrix

B. Adams

Curriculum Review Matrix spreadsheets were distributed to the division representatives for their assessment. B. Adams reviewed the Matrix spreadsheets which showed each division’s current standing in regards to the 2013-2018 Matrix review schedule. She also reviewed the courses that were up for review this past Fall 2016 and the upcoming Spring 2017 scheduled courses, and requested assistance from reps in getting scheduled courses updated.

**XII. PUBLIC COMMENT**

*M/S/U (L. MILLER, E. LUCAS) to adjourn at 3:49 PM*
I. APPROVAL OF ORDER OF AGENDA

Hearing no objections, the order of the agenda was approved as stated.

Per the author’s request, B. Adams withdrew ELIC 23, ELIC 33, ELIC 43, and ELIC 53 for consideration from the Discussion Agenda, which was confirmed by the division representative S. Berger.

II. APPROVAL OF MINUTES

Hearing no objections, the minutes of December 6, 2016 were approved as stated.

Course Activity Report

CHEM 150 Exploring Our Chemical Environment 3
Proposed Effective Term: Summer 2017 Expedited!
Rationale for Expedited Approval: On 12/6/16, the Curriculum Committee authorized a change to the prerequisite on the active COR so that MATH 30 was shown, instead of MATH 70, which will be inactivated in Summer 2016. As a result of this prerequisite change, the entire course must be re-reviewed for CSU-GE and IGETC breadth. The textbook on the approved COR may trigger concern due to textbook currency. L. Miller worked with the department to update the obsolete textbook edition listed on the COR. The previous version of the COR reflecting the obsolete textbook edition has been saved and included in the attached files for this course.
MODIFY: Textbook
Rationale: See rationale for expedited approval.
L. Miller noted that “2016” was a typographical error on the agenda and the inactivation will occur in Summer “2017”.
M. Garcia questioned the reason for the change in textbook. L. Miller noted with the change in the prerequisites, CHEM 150, ECON 101, and ECON 102 would need to be re-submitted for breadth consideration and therefore the textbook was updated to forgo any negative concerns regarding textbook currency.

ECON 101 Principles of Macroeconomics 3
Proposed Effective Term: Summer 2017 Expedited!
Rationale for Expedited Approval: On 12/6/16, the Curriculum Committee authorized a change to the prerequisite on the active COR so that MATH 30 was shown, instead of MATH 70, which will be inactivated in Summer 2016. ENGL 101  Composition and Reading  3

Proposed Effective Term: Summer 2017  Expedited!

Rationale for Expedited Approval: On 9/13/16, the Curriculum Committee authorized a change to the prerequisite on the active COR so that ENGL 45 was added as a prerequisite option. As a result of this change to prerequisite, the entire course must be re-reviewed for CSU-GE and IGETC breadth. The textbooks on the approved COR may trigger concern due to textbook currency. L. Miller worked with the department to update obsolete textbook editions listed on the COR. The previous version of the COR reflecting the obsolete textbook editions has been saved and included in the attached files for this course.

MODIFY: Textbooks

Rationale: See rationale for expedited approval.

S. Berger commented that the English department voted to adopt ELIC 151 as a prerequisite to ENGL 101 but it didn’t meet the deadline for this agenda and therefore ENGL 101 may come before the committee again in the near future.

IV. COURSE CONSENT AGENDA

Hearing no objections, the following course changes were approved.

TUTOR 115  Tutoring for ELIC/ELW Students  1

Proposed Effective Term: Spring 2017  Expedited!

Rationale for Expedited Approval: TUTOR 115 was approved by the Curriculum Committee on March 22, 2016. During catalog production, H. Townsend informed J. Daly and S. Berger that the title and description for the course contained ESL. All ESL courses have been inactivated. The department asked that the Instruction office update the title to say, Tutoring for ELIC/ELW students. ESL was also removed from the course description and replaced with ELIC/ELW. The change was made in all data management systems and the revised COR was sent to the state for an automatic non-substantial change approval. This information is here for the purpose of the record.

MODIFY: Title, description

Rationale: See rationale for expedited approval.

V. COURSE DISCUSSION AGENDA

NEW COURSES:

ELIC 23 Low Intermediate Listening and Speaking 3

CCCCO Proposal Type: New Credit Course
Effective: Upon CCCCO approval **Expedited** (Requesting Fall 2017)

Rationale for Expedited Approval: This course is one of four Listening/Speaking classes which are part of the newly-created English Language Instruction for College (ELIC) curriculum. The Integrated Grammar component (ELIC 22, 32, 142, and 152) and the Academic Reading and Composition (ELIC 20, 21, 24, 30, 31, 140, 141, 150, and 151) courses have already been approved for Fall 2017, and the pre-existing ESL classes (including Listening/Speaking) will all be inactive. Thus, in order to launch the new program as a complete set of academic skill-based classes and ensure the academic success of our non-native English speaking students, I respectfully request that the approval process for this class be expedited.

ADOPT

Rationale: The ESL Department is making changes to the Academic ESL Program both in course content and in numbering. We are proposing a new set of courses to assist students in reaching transfer level in a more accelerated and compressed fashion. The ESL prefix has been changed to ELIC so new courses must be created.

Enrollment Restrictions: Requesting: (P) Satisfactory completion of ELW 906 or qualification by the MJC assessment process.

ELIC 23 withdrawn by division representative S. Berger thereby removing it from the agenda for consideration.
ELIC 33 Intermediate Listening and Speaking

CCCCO Proposal Type: New Credit Course
Effective: Upon CCCCO approval - Expedited (Requesting Fall 2017)

Rationale for Expedited Approval: This course is one of four Listening/Speaking classes which are part of the newly-created English Language Instruction for College (ELIC) curriculum. The Integrated Grammar component (ELIC 22, 32, 142, and 152) and the Academic Reading and Composition (ELIC 20, 21, 30, 31, 140, 141, 150, and 151) courses have already been approved for Fall 2017, and the pre-existing ESL classes (including Listening/Speaking) will all be inactive. VI. PROGRAM NOTIFICATION AGENDA

Program Activity

H. Townsend recently discovered, during catalog production for the 2017-2018 catalog, that several awards listed the following required Math competency information:

MATH 20 [NP] Pre-Algebra 5 Units
OR
Eligibility for MATH 70 by MJC assessment process

H. Townsend contacted the award authors to ask if a revision is needed for the accuracy of the upcoming catalog because MATH 19 has been adopted and MATH 70 has been inactivated. The faculty authors requested H. Townsend replace the information with the following:

MATH 19 or 20 [NP] Pre-Algebra 4 or 5 Units
OR
Eligibility for MATH 29 or MATH 30 by MJC assessment process
The following awards will show the revised Math competency in the 2017-2018 catalog and is here for the purpose of the record:

- Certificate of Achievement: Maintenance Machinist 2
- Medical Assisting Program Requirements
- A.S. degree: Welding

**VII. PROGRAM CONSENT AGENDA**

**MODIFY:**

**ELEMENTARY TEACHER PROGRAM**

A.A.-T Degree: Elementary Teacher Education 48

Effective: Upon CCCCO Approval

**Rationale:** The A.A.-T in Elementary Teacher Education was last approved by the Curriculum Committee March 3, 2015 and submitted to the CCCCO for approval. The CCCCO recently reviewed and sent the A.A.-T back with a revision request. The C-ID for SOCSC 109, which was listed as a required core course, became expired, which meant the CCCCO could not approve the revision request. Faculty representative C. Hudelson asked that the Instruction office list SOCSC 110, which shares the same C-ID of EDUC 200, in place of SOCSC 109 and place SOCSC 109 in List C. The template was quickly revised and resent to the CCCCO for approval. This information is here for the purpose of the record.

M/S/U (R. CRipe, S. Berger) to MODIFY A.A.-T DEGREE: ELEMENTARY TEACHER EDUCATION

**MODIFY:**

**ENGLISH PROGRAM**

A.A.-T Degree: English 18

Effective: Upon CCCCO Approval

**Rationale:** The English A.A.-T was recently approved by the Curriculum Committee and submitted to the Chancellor’s office for approval. The Chancellor’s office requested that ENGL 111 be removed from List A and placed in List C as ENGL 111 currently is not articulated by major with any CSU. The revision was made in CNET and resubmitted to the Chancellor’s office for approval. This information is here for the purpose of the record.

IX. STANDING REPORTS

1. Articulation: C-ID Newsletter  
L. Miller

L. Miller expounded on the correspondence she received from the Academic Senate for California Community Colleges’ (ASCCC) president, J. Bruno, regarding the misrepresentation by the Carnegie Math Pathways organization on the work of the Course Identification Numbering System (C-ID) and the intent of the revision to the MATH 110 descriptor (ASCCC Letter re: use of Statway for C-ID MATH 110). Discussion ensued. L. Miller noted she would e-mail committee members additional resources that historicize and contextualize current statewide, intersegmental (UC/CSU/CCC) discussion on alternative quantitative reasoning pathways to baccalaureate degree.
2. Adult Education

P. Mendez reported:
- The consortium’s next meeting is scheduled for the second Monday of February
- The main topic on the agenda will be the reallocation of the 2015-2016 funds
- The new and innovated funding opportunities being considered to get resources back to adult learners
- The challenges of navigating state regulations, state cohesiveness, and partnering across the districts

Discussion ensued regarding adult education, non-credit classes, and opportunities for funding. B. Adams referred to the ASCCC Minimum Qualifications web page for the minimum qualifications associated with ESL and Basic Skills classes.

3. Academic Senate Report

S. Circle reported:
- On the interest in the colleges’ discussion on creating a unified registration system, aligning courses, and course content between Modesto Junior College (MJC) and Columbia College
- That Columbia College has received a grant to fund the work to start conversations
- That a committee meeting is scheduled for Friday, January 13, 2017 in Oakdale to discuss creating a common registration system between MJC and Columbia College

Informational Items

1. Curriculum Review Matrix
   B. Adams
   B. Adams continued the conversation on the courses up for review in Spring 2017 and her request for assistance from the reps in getting scheduled courses updated; she also offered to personally contact faculty as well as schedule working sessions for those departments interested in getting all their courses up for review completed in a working session. B. Adams mentioned that some colleges have sunset policies for courses that haven’t been taught in years and noted that the committee might want to consider such a policy.

XII. PUBLIC COMMENT

M/S/U (E. LUCAS, E. MAKI) to adjourn at 3:45 PM

Members Absent: F. Banuelos, H. Duarte, J. Hughes, N. Sill, B. Thames (VP, Instruction)

Others Present: K. Addington (Administrative Technician), H. Battan (ASMJC), B. Wedge (CSCI)

I. APPROVAL OF ORDER OF AGENDA

Hearing no objections, the order of the agenda was approved as stated, with a request from C. Hudelson to accommodate guests and after the blanket approval to accommodate L. Miller’s concerns regarding comparable courses.

II. APPROVAL OF MINUTES January 10, 2017

Hearing no objections, the minutes of January 10, 2017 were approved as stated.

III. COURSE NOTIFICATION AGENDA

In accordance with the Ralph M. Brown Act and SB 751, minutes of the MJC Curriculum committee record the votes of all committee members as follows. (1) Members recorded as absent are presumed not to have voted; (2) the names of members voting in the minority or abstaining are recorded; (3) all other members are presumed to have voted in the majority.
IV. COURSE CONSENT AGENDA

Hearing no objections, the following course changes were approved with the annotation that CHEM 143 was withdrawn from this portion of the Consent Agenda. B. Adams explained that the CHEM faculty believe MATH 29 should not be added as an “or” option for CHEM 143, which was confirmed by the division representative E. Lucas.

BUSAD 377
Human Relations in Business
C CCCO Proposal Type: Non-Substantial
Effective: Upon Curriculum Committee approval
MODIFY: CLOs
Rationale: CLO update only.
1. List the steps involved in the process of analyzing conflicts.
2. List six areas that are related to employee happiness and reduced job burnout.
3. Discuss four basic rationalizations that prompt unethical behavior in the workplace.

NURSE 278
Nursing Process: Advanced Medical-Surgical
Effective: Spring 2018 Expedited
Rationale for Expedited Approval: The Nursing department received the increased skill set fees. The cost of the Kaplan resources have been divided equally over four semesters. If the increased materials fee which will be in effect for a period of two years are not updated and passed on to the students, the college is left with paying the increased fees. H. Townsend, Curriculum Process Specialist, will enter the new fee in Datatel on or slightly before June 1, 2017 with the effective spring 2018 approval date.
MODIFY: Materials fee
Rationale: See rationale for expedited approval.
Materials Fee Status: Increasing fee from $201 to $236
M/S/U (K. BUTLER, C. HUDELSON) to INCREASE FEE for NURSE 278

Impact of MATH 70 inactivation/MATH 29 Adoption on Prerequisites Across the Curriculum

At the December 6, 2016 Curriculum Committee meeting, it was noted that faculty were encouraged to review and see if it was appropriate to add MATH 29 as an “or” option on courses that now contain a prerequisite of MATH 30 (formerly MATH 70).

Faculty were also advised that changes to prerequisites may impact articulation and GE breadth approvals where applicable.

Recent discussions amongst faculty have led to the conclusion that MATH 29 should be added as an “or” option effective summer 2017 to ensure student progression within programs and eliminate any barriers for non-stem majors. If approved at this meeting, the following courses will be modified by the Instruction Office in CurricUNET, Datatel, the upcoming 2017-2018 catalog, and resubmitted to the Chancellor’s office for a non-substantial change approval:

CSCI 200, CSCI 222, and CSCI 252 pulled as a block for discussion by E. Lucas who questioned the Methods of Evaluation (MOE) for CSCI 200, CSCI 222, and CSCI 252.

With the approval of the CSCI faculty, regarding CSCI 200, under the MOE Summative Evaluation item #2 “The testing done shall be essentially on terminology appropriate to the application in question with some testing done on “how-to” things, like descriptions of the procedure to save a document. Most of the grade, however, will rest on their projects” was removed and replaced with “Portfolio”.

M. Garcia questioned the Methods of Instruction (MOI) for CSCI 200. With the approval of the CSCI faculty, item #4 was edited to read “Instructor-supervised laboratory practice in the operation of a computer” and items #3 “Research of reference materials”, #5 “Experience tutorial CD’s for application software”, and #7 “Use of a tutorial based book with step-by-step skill building project” were removed.

T. Akers-Porter requested guidance when reviewing courses with lecture and lab components in regards to online instruction. She requested some history of how the hybrid/online element for Computer Science courses came about and how the online labs are scrutinized. C. Hudelson elaborated on the history of the Computer Science courses, noting that the college didn’t have computers available on campus for students to do lab assignments; she added that with the new Center for Advanced Technologies (CAT) building that has changed. B. Wedge indicated that Pearson has online curriculum that is reviewed in class with the lab completed by the student off campus at their own pace. Therefore, the course is completed within a closed environment which can be monitored. B. Adams pointed out that scrutiny is also considered for the appropriateness of work done online to avoid jeopardizing the course’s current approval for General Education transfer pattern.

- The past and current MJC practices concerning comparable courses
- The purpose of comparable courses and what the committee should look for
- The evolution of courses, transfer pathways, and C-ID
- The difficulties of selecting and maintaining updated comparable course information
- Recognizing comparable courses as an option, observing that not all courses are transferable

CSCI 290  Computer Science Final Project  3
  CCCCQ Proposal Type: Non-Substantial
  Effective: Summer 2018
  **MODIFY:** Outcomes, content, textbooks, enrollment restrictions, requisite skills
  **Rationale:** Course is being updated for periodic review.
  **Enrollment Restrictions:** Removing: (L) The students are required to bring the skills of their individual specializations, based on their 18 hours of coursework in either Information System, Networking, or Programming to form teams and solve a collaborative real-world IT industry level of problem application; Requesting (P) Satisfactory completion of CSCI 272 or CSCI 273.

ENGL 45  Accelerated Reading, Writing, and Reasoning  6
  CCCCQ Proposal Type: Non-Substantial
  Effective: Fall 2017 **Expedited:**
  **Rationale for Expedited Approval:** Removed the following statement in course description: “Students who achieve a passing score on their writing portfolio will place directly into English 101.” Having now taught this course, the department realized this isn’t true, and that if some students did manage to barely pass the portfolio but didn’t pass the class, they could take legal action given this written statement in the course description.
  **MODIFY:** Description, outcomes
  **Rationale:** Updating course description slightly and streamlined the CLOs for assessment.
  **Enrollment Restrictions:** (None)
  **Distance Education Status:** (None)
  **Materials Fee Status:** (None)
  **Articulation Status:** Not transferable
  **C-ID Status:** (None)
  **General Education Status:** (None)
  **Program Impact:**
    - Stand-Alone (Be advised that the department will need to do a timely modification to any desired academic programs in CurricUNET to include this course as an option and to officially change the status to Program-Applicable).
    **M/S/U (E. MAKI, R. CRIPPE) to MODIFY ENGL 45**
    **M/S/U (E. LUCAS, S. CASSIDY) to EXPEDITE MODIFICATIONS of ENGL 45**
NEW COURSES:

ANSC 50 Preparatory Animal Science 3
CCCCO Proposal Type: New Credit Course
Effective: Upon CCCCO approval Expedited (Requesting: Summer 2017)
Rationale for Expedited Approval: Course is not in the CCCCO inventory and is in Datatel. We need to relaunch this course into the CCCCO inventory to maintain alignment and accuracy of offerings in database systems.
ADOPT
Rationale: Adopting course to prepare students for the livestock industry.

VII. PROGRAM CONSENT AGENDA

**MODIFY**

**KINESIOLOGY PROGRAM**

**A.A.-T Degree: Kinesiology**

**Effective:** Upon CCCCO Approval

**MODIFY:** Restricted electives

**Rationale:** The A.A.-T in Kinesiology was last modified and approved by the Curriculum Committee on March 17, 2015 to reflect the change in units to MATH 134. The CCCCO asked that documentation be provided for all courses listed in the AAM (articulation by major) area of the Chancellor’s Office Template (COT). An AAM could not be provided at this time for the following courses, and with the faculty author’s permission, the courses were removed from the COT:

<table>
<thead>
<tr>
<th>Course</th>
<th>Course</th>
<th>Course</th>
</tr>
</thead>
<tbody>
<tr>

The modified COT was resent to the CCCCO and is currently awaiting approval. The faculty author plans to work with L. Miller, Articulation Officer, to rearticulate these courses by major so that documentation can be provided in the future. When an AAM is available, the courses will be added back on the COT and resubmitted for CCCCO approval. This information is here for the purpose of the record.

*M/S/U (K. BUTLER, C. HUDELSON) to MODIFY A.A.-T DEGREE: KINESIOLOGY*

M. Garcia expressed his concern for students who have taken courses which were removed from the Chancellor’s Office Template (COT) for the A.A.-T in Kinesiology. B. Adams noted that students could pursue a course substitution for activity courses removed from the COT.

Rationale:
The AS-T Degree in Computer Science has been implemented and required changes to unit values in Computer Science courses. This has impacted unit counts in our AA and AS degrees in Computer Science. With the inactivation of the AA degree and incorporating its program intent into the AS degree in Computer Science - Programming option, this minimally impacts students pursuing the Programming option, brings unit counts for all AS Computer Science options into compliance, and provide students choices pursuing any of the current AS degree in Computer Science options. These minimal changes will allow students to continue their education unabated and provide for flexibility in completing the Associate degree plans.

M/S/U (K. BUTLER, C. HUDELSON) to MODIFY A.S. DEGREE: COMPUTER SCIENCE

Rationale:
Program content updated to meet requirements of Commission on the Accreditation of Respiratory Care and to begin program change in Fall, 2018. Asking for summer 2018 update for the purpose of the 2018-2019 catalog.

Martin, N. Sill, or J. Abbott by February 22, 2017.
   S. Circle reported on the proposed Assessment Program Review Cycle noting the reduction from a five-year to a two-year cycle.
X. UNFINISHED BUSINESS

Action Items

   B. Adams indicated that due to changes in the Instruction Office personnel, the Curriculum Review Process will be continued, but may be delayed.

XI. NEW BUSINESS

Action Items

1. Semester Preference/Sequence of Courses in Catalog  B. Adams/H. Townsend
   H. Townsend reported that President J. Stearns indicated that the semester preference/sequence column for programs in the MJC catalog could be confusing for students and suggested that the data for each column be reviewed and updated to show a specific semester other than NP (no preference) or the columns be removed entirely. Extensive discussion ensued covering:
   - The clarification of the sequence options (particularly “NP”)
   - The benefits of a preference/sequence column
   - Who enters the sequence options
   - Instructor/student confusion
   - The option for pathway diagrams for individual programs.

   M/S/U (S. CIRCLE, J. DALY) to CALL THE QUESTION (2/3 majority votes required)

   Motion Passed:
   13 AYES
   0 NAYS
   0 ABSTENTIONS

   M/S/U (L. MILLER, M. GARCIA) to retain the existing format for the upcoming 2017-2018 catalog and form a workgroup to look at potential changes to future catalogs.

Informational Items

1. Chancellor Oakley’s Survey Results  B. Adams
   B. Adams commented on Chancellor Oakley’s survey results, which was sent out to ascertain what the community college leaders’ perception was of how the Chancellor’s Office was doing in a number of areas. She also reviewed some of the survey results and noted the respondents.

2. CCCCIO CIO First Friday Update  B. Adams
   B. Adams encouraged members to read the Chancellor’s Office First Friday Update for information on various topics.

XII. PUBLIC COMMENT

Members Absent: K. Butler, S. Cassidy, S. Circle (Co-chair), J. Forte, M. Garcia, C. Howard, L. Stephan

Others Present: K. Addington (Administrative Technician), K. Ennis (LIBR), J. Todd (VP Student Services), B. Wedge (CSCI)

I. APPROVAL OF ORDER OF AGENDA

Hearing no objections, the order of the agenda was approved as stated, with a request from T. Akers-Porter to accommodate guests.

II. APPROVAL OF MINUTES

Hearing no objections, the minutes of January 24, 2017 were approved as stated with the correction to the attendance.

B. Adams noted, that when the committee’s membership was evaluated, it was determined that the positions of Evaluator (J. Hughes) and Curriculum Process Specialist (H. Townsend) would be listed as members.

- **CCCCO Proposal Type:** Inactivation
- **Effective:** Summer 2018

**INACTIVATE**

- **Rationale:** This course is offered as CMPET 214.
- **Program Impact:**
  - Stand-Alone (Be advised that the department will need to do a timely modification to any desired academic programs in CurricUNET to include this course as an option and to officially change the status to Program-Applicable).

**M/S/U (R. CRIPE, L. MILLER) to INACTIVATE ELTEC 214**

**SOCSC 120ABC**
Computer Applications in the Social Sciences

- **CCCCO Proposal Type:** Inactivation
- **Effective:** Summer 2017 Expedited!

**Rationale for Expedited Approval:** The course is being inactivated, with expedited approval request, to ensure accuracy of 2017-2018 catalog.

**INACTIVATE**

- **Rationale:** Course is being inactivated because the course has never been offered and there are no plans to offer in the future.
- **Program Impact:**
  - Stand-Alone (Be advised that the department will need to do a timely modification to any desired academic programs in CurricUNET to include this course as an option and to officially change the status to Program-Applicable).

**CCCCO Proposal Type:** Non-Substantial

**Effective:** Summer 2018

**MODIFY:** Outcomes, objectives, content, typical assignments, methods of instruction, textbooks, requisite skills

**Rationale:** Course is being updated for periodic review.

**Enrollment Restrictions:** Maintaining: (A) Before enrolling in this course, students are strongly advised to complete more than two agricultural laboratory courses.

**Distance Education Status:** (None)

**Materials Fee Status:** (None)

**Articulation Status:** Transfers to CSU and UC

**C-ID Status:** (None)

**General Education Status:** (None)

**Program Impact:**
- Agricultural Environmental Science A.S. Degree (pending)
- Agricultural Environmental Science Certificate of Achievement (pending)

**AGGE 150 pulled for discussion by L. Miller** who noted issues with the advisory. B. Adams alerted that requisites should be addressed and voted on separately under requisites. S. Berger had course modification concerns and commented on the large amount of content. B. Adams noted that although the Course Outline of Record (COR) may not be what we typically see, nevertheless we should observe the strength of the COR. S. Berger recommended considering guidelines for developing course content. N. Sill questioned the comparable courses. C. Hudelson mentioned that the Comparable Course Workgroup has started working on issues regarding comparable courses.

**M/S/U (L. MILLER, S. BERGER) to MODIFY AGGE 150**

**AGGE 150 pulled for discussion by L. Miller** who had concerns that the advisory would be confusing to students. J. Haynes explained that there have been no issues with the students understanding, to date.

**M/S/U (A. DEANGELIS, J. HAYNES) to MAINTAIN REQUISITES for AGGE 150**

ANSC 232

CSCI 270 pulled for discussion by E. Lucas who suggested some edits to CSCI 270. Course Learning Outcomes (CLO) item #1 was edited to read, “Develop solutions to programming problems using proper Syntax and Semantics, and the Program Development Process Syntax and Semantics” and Methods of Instruction (MOI) item #4 was edited to read “In-class discussion of program development cycle”. L. Miller recommended that Methods of Evaluation (MOE) item #1 be edited to read “Graded student-authored computer programs and laboratory exercises”. All requested edits were made at the meeting with the approval of the CSCI faculty.

ELTEC 225  
**Residential Wiring**  
**CCCCO Proposal Type:** Non-Substantial  
**Effective:** Fall 2017 **Expedited**  
**Rationale for Expedited Approval:** Electronics is going through a period where many students have difficulties enrolling in classes due to the requirement of one class (ELTEC 208) that covers a broader field than the actual necessities of a working trainee or apprentice electrician. Removing the ELTEC 208 prerequisite for fall 2017 will prevent difficulties with student access and broaden the base of people that can benefit for this class.  
**MODIFY:** Enrollment restrictions, objectives, content, typical assignments, textbooks, requisite skills  
**Rationale:** Removing ELTEC 208 prerequisite. The ELTEC faculty has held two meetings examining access into the program and barriers for students in the field. DAS trainees, electrical apprentices, and aspiring C10 contractors need to have access to a course to prepare for their certification or licensing exam, without necessarily going through the broad scope of subjects covered by Fundamentals of Electricity and Electronics (ELTEC 208). Prerequisite removal is proposed as a means to broaden the base of people that can benefit for this class.  
**Enrollment Restrictions:** Removing: (P) Satisfactory completion of ELTEC 208

CCCCO Proposal Type: Non-Substantial 
Effective: Fall 2017 Expedited 
Rationale for Expedited Approval: Electronics is going through a period where many students have difficulties enrolling in classes due to the requirement of one class (ELTEC 208) that covers a broader field than the actual necessities of a working trainee or apprentice electrician. Removing the ELTEC 208 prerequisite for fall 2017 will prevent difficulties with student access and broaden the base of people that can benefit for this class. 
MODIFY: Enrollment restrictions, description, objectives, content, typical assignments, methods of instruction, methods of evaluation, textbooks, requisite skills 
Rationale: Removing ELTEC 208 prerequisite. The ELTEC faculty has held two meetings examining access into the program and barriers for students in the field. DAS trainees, electrical apprentices, and aspiring C10 contractors need to have access to a course to prepare for their certification or licensing exam, without necessarily going through the broad scope of subjects covered by Fundamentals of Electricity and Electronics (ELTEC 208). Prerequisite removal is proposed as a means to broaden the base of people that can benefit for this class. 
Enrollment Restrictions: Removing: (P) Satisfactory completion of ELTEC 208

ELTEC 235 pulled for discussion by L. Miller who recommended edits to the Methods of Instruction (MOI), which were approved by the division representative. MOI item #3 was edited to read “Instructor-facilitated analysis of case studies” and item #5 was edited to read “Instructor-supervised use of various reference materials to determine related codes required to meet specific electrical situations”. L. Miller questioned if the first word in Required Objectives item “a” should read “List” or “Lists” P. Mendez noted he would clarify L. Miller’s concern with the course author. B. Adams noted that the outcome of P. Mendez’s inquiry would be noted on the February 28, 2017 consent agenda if necessary.

**METEO 161 pulled for discussion by C. Hudelson** who wanted to voice concern regarding the proposed request for C-ID GEOG 130. There is no comparable statewide C-ID discipline in Meteorology at this time, and MJC does not have a comparable course for C-ID GEOG 130 through the Geography Department. However, colleges have garnered C-ID GEOG 130 approval for meteorology discipline courses. C. Hudelson expressed concerns that requesting a C-ID across disciplines could later lead to unforeseen complications beyond the realm of C-ID.  

The following concerns were raised opposing the C-ID proposal in discussion:  
- Contractual issues regarding C-IDs – YFA was consulted  
- Disciplines should be encouraged to develop their own C-ID descriptors for their disciplines. Why is there no C-ID discipline of meteorology?  
- Issues with minimum qualifications and FSAs may arise  
- Cross-listing a new GEOG course with METEO 161 is not a good solution

The following counterpoints were made:  
- The procurement of C-ID approvals help students by ensuring they are not required to retake the same course content at the transfer institution for additional units  
- The YFA contract has been updated to remove ambiguous language regarding FSAs  
- Colleges are not prohibited from submitting multiple unique courses for the same C-ID descriptor. Nothing prevents MJC Geography from developing a new course comparable to C-ID GEOG 130  
- If a course qualifies for a C-ID then it should be pursued by the college because it is good for students  
- Should the discipline content not be inherent in the local COR, the C-ID process will not approve it  
- Due to concerns like these statewide, Articulation Officers were put at the center of the C-ID submission process because of the impartiality of their roles within the institution

LIBR 110  Information & Media Literacy  1

CCCCCO Proposal Type: New Credit Course
Effective: Upon CCCCO approval
ADOPT
Rationale: The Library and Learning Center currently has a comprehensive 3-unit course -- LIBR100 -- combining theoretical aspects of information literacy, practical research skills, and the writing of a college-level research paper. This new course will be a focus on practical knowledge and skills to help students find sources to support learning and coursework at MJC as well help them make informed decisions in their lives. The 1-unit course is flexible and can easily be combined with courses in a variety of disciplines for effective learning communities.

VII. PROGRAM CONSENT AGENDA

**MODIFY:**

**PHYSICS PROGRAM**

A.S.-T Degree: Physics  
Effective: Upon CCCCO Approval

**Rationale:** The A.S.-T in Physics was last approved by the Curriculum Committee on April 12, 2016 as a non-substantial change to reflect math unit changes and was submitted to the CCCCO for approval. The CCCCO recently reviewed and sent the A.S.-T back with a revision request. The C-ID for PHYS 102 (C-ID: PHYS 210), which was listed as an “or” option in required core, became expired, which meant the CCCCO could not approve the non-substantial change. The faculty were notified and have decided to remove the “or” option which showed PHYS 101, PHYS 102, and PHYS 103 with separate C-IDs. The faculty were comfortable with doing this because the required core also lists PHYS 101, PHYS 102, and PHYS 103 as a C-ID sequence using the currently approved C-ID: PHYS 200S. The template was quickly revised and resent to the CCCCO for approval. A link has been provided to show the template sent back from the state because of the expired C-ID for PHYS 102 as well as the revised template showing the removal of the “or” courses which includes the removal of PHYS 102. 2.Comparable Courses Workgroup  
   L. Miller
   L. Miller reviewed the attached report from the Comparable Courses Workgroup. The workgroup plans to meet again on February 21, 2017 and report out the next scheduled Curriculum Committee meeting on February 28, 2017.

Informational Items

1. ASMJC Representative  
   B. Adams
   B. Adams welcomed our new ASMJC Representative, C. Lopez-Barragan. C. Lopez-Barragan expressed her appreciation to the Curriculum Committee for their warm welcome. B. Adams also acknowledged the active participation and contributions of her predecessor, H. Battan.
2. **Streamlining the Curriculum Processes**  
   B. Adams

   B. Adams referred to the California Community Colleges Chancellor’s Office memo, *Streamlining the Curriculum Processes*. She noted, from the linked document, information on credit courses, courses in the current Curriculum Inventory queue, and how H. Townsend is working diligently to push courses through before the state switches to their new Chancellor’s Office Curriculum Inventory (COCI) system.

Stand-Alone (Be advised that the department will need to do a timely modification to any desired academic programs in CurricUNET to include this course as an option and to officially change the status to Program-Applicable).

MUSA 141 pulled for discussion by L. Miller who questioned the course title of “Guitar 1”. E. Maki explained that there are three more courses to be brought before the committee in this sequence of courses, which include, along with Guitar 1; Guitar 2, Guitar 3, and Guitar 4. This family of guitar courses will give students options according to their interest, skill, and goals. Tilling the guitar course sequence with 1, 2, 3, and 4 appeared less confusing than the previous course titles.

M/S/U (E. MAKI, L. MILLER) to MODIFY MUSA 141

M/S/U (E. MAKI, R. CRIPES) to MAINTAIN PLACEMENT of MUSA 141 on MJC ACTIVITIES
POLSC 165  Political Science Research Methods  3  
**CCCCO Proposal Type:** Non-Substantial  
**Effective:** Summer 2018  
**MODIFY:** Description, outcomes, objectives, content, typical assignments, methods of instruction, textbooks  
**Rationale:** Course needs to be updated to more specifically demonstrate coverage of disciplinary fundamentals.  
**Enrollment Restrictions:** (None)  
**Distance Education Status:** (None)  
**Materials Fee Status:** (None)  
**Articulation Status:** Transfers to CSU and UC  
**C-ID Status:** Approved for: *(C-ID POLS 160)*  
**General Education Status:** Approved for: *(MJC-GE: B)*  
**Program Impact:**  
- General Studies, Emphasis in Social and Behavioral Sciences A.A. Degree  
- MJC-GE Pattern  

*M/S/U (R. CRIFE, L. MILLER) to MODIFY POLSC 165*  
POLSC 165 pulled for discussion by B. Adams on behalf of M. Garcia who commented that POLSC 165 had no advisories or prerequisites and recommended the advisory of ENGL 101, POLSC 101, or MATH 30. S. Miller noted that the faculty believe that this particular course will be mostly taken by political science majors who will be taking other POLSC courses in conjunction with or prior to taking POLSC 165. For this reason the POLSC faculty didn’t request an advisory or prerequisite for POLSC 165. T. Guy mentioned that PSYCH 102 (also a research methods course) had course advisories and prerequisites. B. Adams noted the C-ID requisite requirements may be the contributing factor to the difference between POLSC 165 and PSYCH 102 requisite requests. A review of C-ID POLS 160 showed advisories only. It was noted that advisories do not have the same requirement as prerequisites and corequisites, and are not required to be included on the COR to obtain C-ID approval. It is left up to the faculty author(s) whether or not to include recommended advisories.  

*M/S/U (R. CRIFE, E. MAKI) to MAINTAIN PLACEMENT of POLSC 165 on GE PATTERN*  
(MJC-GE: B only)  
S. Miller explained that the POLSC faculty didn’t express properly the intent in bring POLSC 165 before the Curriculum Committee. He noted that the POLSC faculty intended to request placement of POLSC 165 in the IGETC and CSU-GE Breadth. B. Adams explained that since the request for IGETC and CSU-GE Breadth was not on this agenda it would be in violation of the Brown Act to vote on it at this time. She noted that POLSC 165 would be included in the March 14, 2017 agenda with the request for IGETC and CSU-GE Breadth.  

PSYCH 102  Research Methods  3  
**CCCCO Proposal Type:** Non-Substantial  
**Effective:** Summer 2018  
**MODIFY:** Enrollment restrictions, textbooks  
**Rationale:** Adding SOCIO 105 as an additional prerequisite option.  
**Enrollment Restrictions:** Removing: (P) Satisfactory completion of PSYCH 101 and MATH 134; Requesting: (P) Satisfactory completion of PSYCH 101 and MATH 134 or qualification by the MJC assessment process or SOCIO 105; Maintaining: (A) Before enrolling in this course, students are strongly advised to satisfactorily complete ENGL 101 or qualification by the MJC assessment process.  
**Distance Education Status:** (None)  
**Materials Fee Status:** (None)  
**Articulation Status:** Transfers to CSU and UC; *(CC PSYCH 15)*  
**C-ID Status:** Approved for: *(C-ID PSY 200)*

TUTOR 800
Introduction to General Tutoring
(Previously TUTOR 100)
CCCCO Proposal Type: Substantial
Effective: Summer 2018 Expedited! (Requesting Fall 2017)
Rationale for Expedited Approval: In order for students to repeat the course as needed, expedited approval is being requested.
MODIFY: Number, units, hours, repeatability, SAM D code, course credit status code, transfer code
Rationale: Change in course numbering and change from credit to non-credit.
Enrollment Restrictions: Maintaining: (L) Enrollment limited to students selected as tutors for the Library & Learning Center.
Distance Education Status: Maintaining: Mixed modalities/hybrid
Materials Fee Status: (None)
Articulation Status: Not transferable

TUTOR 800, TUTOR 811, and TUTOR 820 pulled as a block for discussion by L. Miller who wanted to voice concern in creating a noncredit tutor training sequence.

The following concerns were raised opposing the non-credit tutoring sequence:
- What kind of students would take a tutor training class and would that student be interested in transferring?
- Does the higher rigor of such a course align with the spirit and developmental mission of noncredit instruction?
- Are noncredit instruction prerequisites appropriate at this time?
- Does this proposal serve as a transition point to credit instruction?
- How does a tutor training course prepare a student to succeed in college-level work?
- Doesn’t the fact that the student is a tutor imply that the student has demonstrated a level of competency in the subject matter and suggests that the student is no longer at a developmental level?
- Is a tutor training program going to get students into gainful employment while “pursuing their long-term academic goals?”
- In using TOP Code: 0802.00 Educational Aide (Teacher Assistant) “Practices and techniques necessary for preparing individuals to provide services to students and parents under the direction of professional staff” are we prepared to conform with noncredit and CTE review and reporting requirements? There are currently 14 active noncredit courses and 122 credit courses listed under the TOP Code of Educational Aide in the CCC Curriculum Inventory.
The following counterpoints were made:

- Students who are going to transfer in education would have already satisfied that area in any number of ways.
- Offering the noncredit tutoring sequence would allow us to have a stronger tutor training program with more flexibility.
- The tutor courses would be free and repeatable, allowing students to refresh themselves continually.
- In linking tutor training courses together, a noncredit Career Development and Career Preparation (CDCP) Tutor Certificate could be developed.
- Developing the courses as credit courses creates unnecessary barriers; tutors currently have to pay for fingerprinting and credit courses have strict requirements that require homework, resulting in a shortage of tutors.
- Noncredit course requirements are less rigorous and time consuming, focusing on basic skills that the students would need.
- With a noncredit course it is possible to create a program for purchasing the textbooks that would go along with the class.
- As more is learned about guided pathways, a number of wasted units students are taking to transfer have been discovered.

Tutoring for ELIC/ELW Students

CCCSCO Proposal Type: Substantial

Effective: Summer 2018 [Expedited] (Requesting Fall 2017)

Rationale for Expedited Approval: In order for students to repeat the course as needed, expedited approval is being requested.

MODIFY: Number, units, enrollment restrictions, hours, repeatability, grading policy, outcomes, objectives, content, textbooks, TOP Code, credit status code, Sam D code

Rationale: The course is being updated to remove the credit status. The dean has requested that all of the tutoring courses be offered as non-credit so that students may repeat as needed.

Enrollment Restrictions: Removing: (P) Satisfactory completion of ENGL 101 or qualification by the MJC assessment process; Removing: (C) Concurrent enrollment in or satisfactory completion of TUTOR 100; Requesting: (C) Concurrent enrollment in or satisfactory completion of TUTOR 800; Requesting: (L) Enrollment limited to students selected as tutors for the Library & Learning Center.

TUTOR 811 pulled for discussion by L. Miller who quoted from the PCAH 6th Edition Draft, Non-Credit Curriculum Section IV. Open Courses regarding enrollment restrictions. L. Miller noted her concerns regarding the prerequisite and limitation on enrollment. T. Akers-Porter quoted from Title 5, Section 58106 (a) Limitations on Enrollment which was referred to in Section IV of the PCAH 6th Edition Draft. C. Hudelson recommended removing the prerequisite for TUTOR 811. Discussion ensued. Division representative and faculty author, S. Berger, requested that the prerequisite of “Satisfactory completion of ENGL 101 or qualification by the MJC assessment process” be removed from TUTOR 811.

Internship in Computer Science Discussion

CCCCO Proposal Type: New Credit Course
Effective: Upon CCCCO approval
ADOPT
Rationale: To accommodate students who are working in the computer science field.
Enrollment Restrictions: Requesting: (C) Concurrent enrollment in CSCI 296ABC.

*CSCI 295 pulled for discussion by B. Adams on behalf of M. Garcia* who recommended adding comparable courses using ASSIST. B. Adams will work with CSCI faculty, B. Wedge, to add an ASSIST report to the attached files checklist in CurricUNET.

M/S/U (C. HUDELSON, R. CRipe) to ADOPT CSCI 295 contingent upon adding the ASSIST report to the attached files for CSCI 295.

M/S/U (R. CRipe, S. CASSIDY) to ADOPT REQUISITES for CSCI 295

*CSCI 296ABC pulled for discussion by B. Adams* who questioned the Distance Education (DE) statement on how the mixed modalities/hybrid meets the Course Learning Outcomes. With the approval of the CSCI faculty the DE statement was modified at the meeting to read “The reflective experience of the journal or other assignments will enable students to discuss with others and demonstrate their awareness of employment skills necessary for success in the workforce.”

**CSCI 296ABC**

Internship in Computer Science

CCCCO Proposal Type: New Credit Course
Effective: Upon CCCCO approval
ADOPT
Rationale: Proposing new course for students benefit to gain units for work experience.
Enrollment Restrictions: Requesting: (C) Concurrent enrollment in CSCI 295.
Distance Education Status: (None)
Materials Fee Status: (None)

*CSCI 296ABC pulled for discussion by B. Adams on behalf of M. Garcia* who commented on the Methods of Instruction (MOI) – place students in an internship?, textbooks, and lab objectives. MOI items #1 and #2 were edited at the meeting to read “Guidance of students through an internship within an organization” and “Facilitated reflection on the take-home assignment”. B. Adams presumed that M. Garcia would recommend that a textbook be added to the Texts and Other Readings section along with [www.pluralsight.com](http://www.pluralsight.com). Likewise, the addition of at least one more lab objective was recommended.

ENGL 33  Academic Support for Composition  
CCCCO Proposal Type: New Credit Course  
Effective: Upon CCCCO approval Expedited (Requesting Fall 2017)  
Rationale for Expedited Approval: ENGL 33 has been developed in case articulation with CSU and UC falls through on ENGL 100. ENGL 100 is scheduled to begin Fall 2017.
ADOPT 
Rationale: ENGL 33 will allow more students who placed into ENGL 50 to fulfill their transfer-level requirement quicker. It will reduce the time by one semester (rather than two). Moreover, the reduction of exit points will increase the odds of a student completing their transfer-level requirement in a timely fashion. 
Enrollment Restrictions: Requesting: (P) Satisfactory completion of ENGL 45 or ENGL 49 or qualification by the MJC assessment process; Requesting: (C) Concurrent enrollment in ENGL 101 or qualification by the MJC assessment process.
Distance Education Status: (None)

ENGL 33 pulled for discussion by B. Adams on behalf of M. Garcia who noted that Methods of Evaluation (MOE) item #4 needed to be matched to an objective. With the approval of the division representative, MOE, item #4 “Participation in class discussion and group work” was matched to Objective, item #1 “Apply critical reading skills to the analysis of expository college-level texts from diverse cultural sources and perspectives”.  
M/S/U (S. BERGER, R. CRIPE) to ADOPT ENGL 33  

ENGL 33 pulled for discussion by T. Guy who questioned the corequisite request of ENGL 101 for ENGL 33. L. Miller noted for clarification that the corequisite of ENGL 101 is a “one way” requisite where students that enroll in ENGL 33 are required to be co-enrolled in ENGL 101, on the other hand, ENGL 101 students are not required to enroll in ENGL 33. S. Circle noted that ENGL 33 is being proposed in the event that the California State Universities (CSU) and/or the Universities of California (UC) deny the request for CSU and UC breadth for ENGL 100. S. Circle emphasized that the corequisite model (ENGL 33) of ENGL 100 is typical on how colleges across the country have created this accelerated course through a corequisite. B. Adams questioned what is planned for ENGL 33 once ENGL 100 is approved for breadth. S. Circle observed that when ENGL 100 is approved for CSU and UC breadth then consequently, ENGL 33 would then be inactivated.  
M/S/U (E. MAKI, T. AKERS-PORTER) to ADOPT REQUISITES for ENGL 33 contingent on ENGL 100 not getting approved for CSU-GE breadth  
M/S/U (R. CRIPE, L. MILLER) to EXPEDITE ADOPTION of ENGL 33

Discussion continued (see comments on requisites for TUTOR 811) on issues, repercussions, and interpretation of state regulations in regard to prerequisites, advisories, and LOEs for noncredit courses. T. Akers-Porter noted the objectives of the course content for TUTOR 820 as well as the student population in which the course is intended. T. Guy recommended changing the prerequisite to an advisory which was approved by the division representative.

Effective: Upon CCCCO Approval

MODIFY: List B, list C
Rationale: Program revision was approved by the Curriculum Committee on October 11, 2016 and sent to the BOT and CCCCO for approval. The CCCCO sent the award back with a revision request that COMM 133 be moved from List B if articulation by major cannot be provided. Articulation by major is in process but may take some time before approval is in. In the meantime, the template was revised to reflect COMM 133 in List C instead of List B and the ADT was sent back to the CCCCO for final approval. IV. COURSE CONSENT AGENDA

*Hearing no objections, the following course changes were approved.*

**FTECH 321XABC**  Fire Service In-Service Training/EMS 0.5-3

- **CCCCO Proposal Type:** Non-Substantial
- **Effective:** Upon CCCCO approval
- **Rationale:** Course came through the Curriculum Committee for approval on February 14, 2017 due to a revision request from the CCCCO. After Curriculum Committee approval, the course was resent to the CCCCO for final approval. The course was sent back by the CCCCO with a revision request that the prerequisites be removed and a Limitation on Enrollment (LOE) be added instead to allow the course to be open to students who have completed the equivalent at other colleges as they should also be eligible. The prerequisites were removed. The advisory was updated to include the statement “and FSCI 301 or similar course trainings.” The following LOE was added: *Enrollment limited to students who can demonstrate completion of basic First Aid and CPR (Healthcare Provider level) from the American Heart Association or National Safety Council, or Professional Rescuer level from the American Red Cross. Students must also provide certification of completion of a 40-hour First Responder course which meets State of California Fire Marshal training level.*

**FTECH 322XABC**  Fire Service In-Service Training/Special Operations 0.5-3

- **CCCCO Proposal Type:** Non-Substantial
- **Effective:** Upon CCCCO approval
- **Rationale:** Course came through the Curriculum Committee for adoption approval on February 14, 2017. Due to a revision request by the CCCCO for a similar course that was recently approved by the committee, FTECH 321XABC, the faculty author decided to revise this course to address concerns that the CCCCO had about prerequisites. See consent agenda item above in regards to the FTECH 321XABC revision request. The prerequisites were removed. The advisory was updated to include the statement “and FSCI 301 or similar course trainings.” The following LOE was added: *Enrollment limited to students who can demonstrate completion of basic First Aid and CPR (Healthcare Provider level) from the American Heart Association or National Safety Council, or Professional Rescuer level from the American Red Cross. Students must also provide certification of completion of a 40-hour First Responder course, ICS 200, Haz-Mat FRO, and LARRO, which meets State of California Fire Marshal training level.*

**FTECH 323XABC**  Fire Service In-Service Training/Command & Control 0.5-3

- **CCCCO Proposal Type:** Non-Substantial
- **Effective:** Upon CCCCO approval
- **Rationale:** Course came through the Curriculum Committee for adoption approval on February 14, 2017. Due to a revision request by the CCCCO for a similar course that was recently approved by the committee, FTECH 321XABC, the faculty author decided to revise this course to address concerns that the CCCCO had about prerequisites. See consent agenda item above in regards to the FTECH 321XABC revision request. The prerequisites were removed. The advisory was updated to include the statement “and FSCI 301 or similar course trainings.” The following LOE was added: *Enrollment limited to students who can demonstrate completion of basic First Aid and CPR (Healthcare Provider level) from the American Heart Association or National Safety Council, or Professional Rescuer level from the American Red Cross. Students must also provide certification of completion of a 40-hour First Responder course, and ICS 200, which meets State of California Fire Marshal training level.*
FTECH 324XABC  Fire Service In-Service Training/Administration  0.5-3  

**CCCCO Proposal Type:** Non-Substantial  
**Effective:** Upon CCCCO approval  
**MODIFY:** Requisites, requisite skills  
**Rationale:** Course came through the Curriculum Committee for adoption approval on February 14, 2017. Due to a revision request by the CCCCO for a similar course that was recently approved by the committee, FTECH 321XABC, the faculty author decided to revise this course to address concerns that the CCCCO had about prerequisites. See consent agenda item above in regards to the FTECH 321XABC revision request. The prerequisites were removed. The advisory was updated to include the statement “and FSCI 301 or similar course trainings.” The following LOE was added:  

*Enrollment limited to students who can demonstrate completion of basic First Aid and CPR (Healthcare Provider level) from the American Heart Association or National Safety Council, or Professional Rescuer level from the American Red Cross. Students must also provide certification of completion of a 40-hour First Responder course, ICS 200, and Workplace Harassment training, which meets State of California Fire Marshal training level.*

POLSC 165  Political Science Research Methods  3  

**CCCCO Proposal Type:** Non-Substantial  
**Effective:** Summer 2018  
**MODIFY:** General Education  
**Rationale:** POLSC 165 was approved on February 28, 2017 for Summer 2018. The faculty author noted in the meeting that the department neglected to formally request CSU-GE and IGETC consideration on the CurricUNET proposal, however, the revisions were being made in response to CSU-GE: D8 breadth review feedback from last spring. L. Miller also overlooked potential GE breadth alignment during AO review. In light of the above, B. Adams indicated that the committee could consider the request at a later meeting since GE requests are reviewed and voted on separately from the course outline. Accordingly, L. Miller has reviewed the content changes and recommends that the committee support resubmission of POLSC 165 for CSU-GE and IGETC consideration in December 2017. **NOTE:** The Instruction Office has overridden the request for SUMMER 2017 implementation because scheduling deadlines passed (October 2016), and this course will require both YCCD Board of Trustees approval as well as CCCCO approval prior to any scheduling taking place.

**Rationale for Expedited Approval:** Many students needed to take this class are coming from industry with many years of experience. The requirement of ELTEC 208 in a programming class adds an unnecessary burden. Those basic concepts needed for this class can be delivered during the lecture segment without detriment of the class contents.

**MODIFY:** Enrollment restrictions, requisite skills

**SOCIO 102 pulled for discussion by C. Howard** who questioned why specific content had been removed from the discussion of topics under social problems. C. Howard assumed it would be problematic. B. Adams noted that no Sociology faculty members were present to address C. Howard's concern; however, the decision to modify the course content may be related to the C-ID for SOCIO 102. The C-ID SOCI 115 was displayed on the screen and it was determined SOCIO 102 included all of the content included on the C-ID. B. Adams pointed out that past practice has been to refer to the expertise of the discipline faculty on issues related to course content. Discussion ensued regarding the Curriculum Committee's options and procedures related to questions regarding course content if no discipline faculty members are present at the meeting.

ART 167 Survey of Islamic Art

CCCO Proposal Type: New Credit Course
Effective: Upon CCCCO approval
ADOPT

Rationale: This class is being proposed to add a second option for Non-Western Art in the Art History A.D.T., in List A. This is a required element on the Art History TMC. MJC currently only has one class that fulfills this requirement, Survey of Asian Art, and only one professor who can teach it. Survey of Islamic Art will provide MJC students with a greater diversity of art historical offerings, and ensure that a List A option can be offered every year, facilitating Art History completions.

IX. STANDING REPORTS

1. Articulation: C-ID Newsletter

L. Miller’s report covered:

- Her attendance at conferences in Fresno and Sacramento were she received updates on articulation issues between CSU, UC, and California Community Colleges.
- Conversations involving MATH 110 Stats descriptors state wide, including the Stats Pathway. She noted that although the MATH 110 descriptor has been finalized there is still debate on resulting secondary facts.
- Unexpected delays in the implementation of the new ASSIST system due to server issues.
- Due to ASSIST system server issues, the results of CSU-GE reviewers are now unknown. Reviews of the CSU-GE and IGETC breadth are typically scheduled to start January 1, 2017 and dates released by March 31, 2017
- CSU-GE and IGETC breadth submissions for summer 2017 were submitted in December 2016 but are currently on hold.
- The impact of the new ASSIST system’s delays on the MJC 2017-2018 catalog.
2. **Adult Education**

X. UNFINISHED BUSINESS

**Action Items**

1. **Curriculum Review Process**
   
   B. Adams
   
   B. Adams noted that she meet with J. Daly and J. Todd regarding the Curriculum Review Process but indicated that due to upcoming changes in the Instruction Office personnel, the Curriculum Review Process would be postponed indefinitely.

2. **MJC Certificate & Degree Publications (Postponed indefinitely)**
   
   L. Miller

3. **Comparable Courses Workgroup**
   
   L. Miller
   
   L. Miller acknowledged the Comparable Courses Workgroup, consisting of herself, T. Akers-Porter, C. Hudelson, and T. Guy.
   
   L. Miller mentioned some of the questions, goals, and issues the workgroup discussed in regards to the comparable course checklist, which included:
   - What is the selection of comparable courses trying to accomplish?
   - Accommodating the different types of courses, such as, Transferable, Non-transferable, CTE, and Basic Skill.
   - Revamping the CurricUNET interface to be more relevant, efficient, and user friendly.
   - Changing the focus of the comparable course field to articulation.
   
   Discussion ensued encompassing:
   - What do we want the course to do for the student, and how do they benefit?
   - The program review process, how does the course fit within our mission?
   - Adjustments to the CurricUNET interface, what are we trying to accomplish?
   - An interface that would elicit information from the faculty to establish solid curriculum.
   - Changing comparable courses to articulation.
   - Rationales for CTE and Basic Skill courses that show demand.
   - The definitions of 100, 200, and 300 level courses.
   - Developing clearer, more precise definitions for 100, 200, and 300 level courses.
   
   L. Miller requested that committee members e-mail her any suggestions or ideas for improving the comparable course field in CurricUNET.

XI. NEW BUSINESS

Action Items

1. Curriculum Committee Meeting Schedule for 2017-2018
   B. Adams
   M/S/U (E. LUCAS, L. MILLER) to accept the 2017-2018 Curriculum Committee meeting dates.

2. Course Compliance, Last Date Course Offered, and Impact
   B. Adams
   B. Adams reported on efforts to bring MJC courses and programs into compliance with the state. H. Townsend
   distributed spreadsheets to each division representative that showed their division’s courses that haven’t been offered
   since 2014 or later.
   Discussion ensued encompassing:
   - The impact of courses listed in the MJC catalog that are not currently being offered
   - The impact on the student’s educational plan
   - How to motivate faculty to update their courses
   - Establishing a sunset policy to inactivate courses that have not been updated and are out-of-compliance and
     that have not been offered within the last three years
   - Putting courses that have not been offered in three consecutive years on a one year alert to motivate faculty
     to action
   - Adding an additional rationale column for submitting a justification for keeping a course active (i.e. CTE
     courses, Musicals, courses with cycles)
   - Notifying counselors of those courses with unique scheduling issues
   M/S/U (L. MILLER, E. MAKI) to develop a process to ensure catalog accuracy of available course offerings
   B. Adams volunteered to do the research and create a draft based on best practices from colleges with successful
   sunset policies.

3. CTE 2-Year Reviews
   B. Adams
   B. Adams, referring to Title 5: Section #55003, expressed her concern regarding consistent documentation of the
   Career Technical Education (CTE) 2-Year review process. She noted with the upcoming 2017 Accreditation visit we
   need to show evidence of compliance in a clear and transparent process. B. Adams referenced CTE reporting forms
   from Southwestern and Moorepark Colleges as examples. Discussion ensued on the various types of existing
   documentation and the need for consistency of the review process.
   M/S/U (N. SILL, P. MENDEZ) that we develop a workgroup to provide a clear process and procedure to create a
   consistent method to evaluate the 2-Year CTE requirement.
   B. Adams asked if P. Mendez, N. Sill, and J. Haynes would join her on the workgroup.

Informational Items

1. CCCCO First Friday Update
   B. Adams

TUTOR 810  Introduction to Tutoring Composition

(Previously TUTOR 110)

CCCO Proposal Type: Substantial
Effective: Upon CCCCO approval
MODIFY: Number, units, enrollment restrictions, repeatability, outcomes, typical assignments, textbooks, requisite skills, TOP code, credit status, classification code, course credit status code, noncredit category code, transfer code
Rationale: The course is being updated to remove the credit status. The dean has requested that all of the tutoring courses be offered as non-credit so that students may repeat as needed.
Enrollment Restrictions: Removing: (P) Satisfactory completion of ENGL 101; Removing: (C) Concurrent enrollment in or satisfactory completion of TUTOR 100; Requesting: (C) Concurrent enrollment in or satisfactory completion of TUTOR 800; Requesting: (L) Enrollment limited to students who are hired as tutors in the Library and Learning Center.

IX. STANDING REPORTS

1. Articulation: C-ID Newsletter (Feb.)

Policy Change: C-ID Course Approval and Associate Degrees for Transfer (ADTs)

L. Miller commented on the email she received from the California Community Colleges Chancellor’s Office’s (CCCCO) regarding a policy change in C-ID course approval and ADTs.

L. Miller mentioned:

- That due to delays in the approval process of some C-ID courses the Chancellor’s Office in collaboration with the Academic Senate for California Community Colleges (ASCCC) have developed a new policy to implement the approval of ADTs.
- This policy change allows the inclusion of courses that have been submitted to and are under C-ID review to be included in an ADT submission to the Chancellor’s Office.
- The new policy states: ADTs in which courses pending C-ID approval over 45 days may be included in the degree if the program application demonstrates evidence that those courses have been submitted to and are under review in the C-ID System.
- The new ADT policy will take effect on March 1, 2017.

B. Adams explained that this new policy does not negate the continued requirement of C-ID approval.

L. Miller mentioned she was notified of plans to open up the new ASSIST system to Articulation Officers, on April 10, 2017 and plans to start updating curriculum for 2017.

3. **Comparable Courses Workgroup - [Comparable Courses Motion](#)**

   L. Miller presented a Comparable Courses Motion to the Curriculum Committee for their consideration. Discussion ensued with questions asked and answered and recommendations made.

   \[ M/S/U (L. MILLER, T. GUY) to approve the “Review of Curriculum for Quality and Currency” document with the friendly amendment of adding a bullet point stating “The comparable courses workgroup continue work and recommend a process to the Curriculum Committee for review and approval”. \]

   **Sunset Policy and Procedure (3.28.17 Draft)**

   B. Adams reviewed the hyperlinked “Sunset Policy and Procedure” draft for the Curriculum Committee, requesting discussion, feedback, and the committee's recommendations. Discussion ensued. B. Adams noted that the committee’s feedback will help in fine-tuning the document and any additional input can be emailed to her. She noted that the modified “Sunset Policy and Procedure” document would be presented to the Curriculum Committee, for consideration, at the April 11, 2017 meeting.

5. **CTE 2-Year Reviews**

   **B. Adams**

   B. Adams reported that the next workgroup meeting is scheduled for Tuesday, April 4, 2017. The results will be reported at the April 11, 2017 Curriculum Committee meeting.

### Informational Items

1. **Noncredit Curriculum**

   **B. Adams/L. Miller**

   L. Miller accessed a PowerPoint presentation on Noncredit Curriculum from which she noted:

   - The origin of noncredit in adult education focusing on providing basic, vocational, and English skills to immigrants
   - The California Education Code: Donahoe Higher Education Act (B) stating “The provision of adult noncredit education curricula in areas defined as being in the state’s interest is an essential and important function of the community colleges”.
   - What noncredit does, summarized from the California Community College Chancellor’s Office (CCCCO) Career Development and College Preparation Programs
   - The noncredit student often being the neediest, most underserved members of our community
   - The 10 noncredit categories listed in the Program Course Approval Handbook (PCAH) 5th Edition and the criteria for noncredit courses detailed in “Noncredit at a Glance”, referencing specific requirements from pages 32-39
   - AB86 (now AEBG): Career Development and College Preparation (CDCP) via noncredit
   - Eligible CDCP Enhanced Funding for a sequence of courses leading to a Certificate of Completion, improved employability, job placement opportunities, or a Certificate of Competency
   - Developing CDCP Certificates, choosing a TOP code and being prepared to follow program development review and reporting protocols for CTE per the Perkins Act
   - Assessing MJC noncredit offerings, noncredit at the CCCCO, and hyperlinks to Model programs

   L. Miller noted that her PowerPoint presentation, with its detailed information and additional hyperlinks, would be posted on the MJC Curriculum Committee’s webpage for access by committee members.
2. **Intradistrict Course Equivalencies**

   L. Miller accessed a PowerPoint presentation on Intra-District Course Equivalences from which she spoke on:
   - Courses that are deemed “comparable” between Columbia College and Modesto Junior College (MJC) for the purpose of satisfying:
     - Degree/Certificate requirements
     - Prerequisites
     - General Education Breadth requirements
   - That currently, MJC has 223 courses deemed equivalent to Columbia College courses
   - The District’s equivalency process
   - How Admissions & Records processes equivalencies
   - The issues in that once equivalencies are identified, they are in place indefinitely and are not reconsidered
   - The challenges of Intra-District course equivalences
   - How the MJC Instruction Office will be responding to the challenges
   - The possible opportunities as MJC and Columbia College respond to the challenges created by Intra-District Course Equivalences

CHEM 143  Introductory College Chemistry  4

CCCCO Proposal Type: Non-Substantial
Effective: Summer 2018  Expedited  (Requesting Fall 2017)

NOTE: The Instruction Office has overridden the request for FALL 2017 implementation because scheduling deadlines passed (October 2016), and this course will require both YCCD Board of Trustees approval as well as CCCCO approval prior to any scheduling taking place.

Rationale for Expedited Approval: The non-STEM course offerings in mathematics begin Summer 2017.

MODIFY: Enrollment restrictions, typical assignments, textbooks
Rationale: The math prerequisite is being updated.

Enrollment Restrictions: Removing: (P) Satisfactory completion of MATH 30 or qualification by the MJC assessment process. Requesting: (P) Satisfactory completion of MATH 30 or MATH 89 or qualification by the MJC assessment process.

Distance Education Status: Maintaining: Mixed modalities/hybrid
Materials Fee Status: (None)
Articulation Status: Transfers to CSU and UC; (CC CHEM 14 + 14L)
C-ID Status: Approved for: (C-ID CHEM 101)

MACH 206 and MACH 207 pulled as a block for discussion by N. Sill who noted that the course titles of the comparable courses didn’t seem to align with CNC programming. L. Miller mentioned that the Comparable Course Workgroup was still working on the new criteria for the comparable courses field in CurricUNET, therefore didn’t recommend pulling the course. B. Adams indicated that because of multiple course factors sometime finding two CSU comparable courses isn’t an appropriate response to give.

N. Sill questioned if there was a process in place when an existing course load value is changed because of a change in course unit value. B. Adams answered that if the Curriculum Committee determines that the course doesn’t have validation for the change in units then the “Course Justification Proposal Form” is filled out, consequently the justification form is then reviewed by the committee and a recommendation is based on the submitted criteria.

N. Sill recommended that a justification for unit change be included in the course modification rationale. B. Adams mentioned that other MACH course units dropped, nevertheless among the submitted MACH courses the total units remained about the same. R. Thoe noted that the unit change for MACH 206 and MACH 207 was because of technical advancements in the machinist industry and the need for additional instruction for the student’s comprehension of the course material.

M/S/U (R. CRIPE, L. MILLER) to ADOPT EMS 311

M/S/U (R. CRIPE, L. MILLER) to ADOPT REQUISITES for EMS 311

L. Miller recommended that “students who have” be added to the Limitations on Enrollment (LOE). R. Cripe stated that the LOE was taken from the new C-ID Descriptor. B. Adams noted that if “students who have” needs to be added to the LOE for catalog or stylist purposes it will be noted as a consent item on a future agenda.

M/S/U (R. CRIPE, S. CASSIDY) to ADOPT FEE for EMS 311

R. Cripe elaborated on the materials needed for EMS 311 and EMS 312, which included:

- A preloaded tablet that the students keep with them throughout their training, which includes:
  - Textbooks
  - All the skills worksheets needed
  - Required requisites for each course, location, and agency
  - A 2-year subscription update to any new material
- Department of Transportation (DOT) required uniforms (specific shirts, pants, and steel-toed boots)
- Required field and lab equipment
- Miscellaneous equipment and supplies needed throughout the EMS program

Application for Approval - New Credit Programs - Requires CCCCO and ACCJC Approval
(Formerly the CCC-501)

ADOPT: PUBLIC HEALTH SCIENCE PROGRAM
A.S.-T Degree: Public Health Science 32-33
Effective: Upon CCCCO and ACCJC Approval
ADOPT
Rationale: This program is being developed to offer students the opportunity to earn an Associate for Transfer Degree in Public Health Science, a recent addition to the AD-T offerings of the CCCCO.
M/S/U (T. AKERS-PORTER, S. CASSIDY) to ADOPT A.S.-T DEGREE: PUBLIC HEALTH SCIENCE

Application for Approval - New Noncredit Programs - Requires CCCCO and ACCJC Approval
(Formerly the CCC-460)

ADOPT: MATHEMATICS NONCREDIT PROGRAM
Certificate of Competency: Proficiency in Arithmetic 0
Effective: Upon CCCCO and ACCJC Approval
ADOPT
Rationale: This sequence forms the basis for a certificate that meets the requirements of Career Development College Preparation (CDCP). The Certificate of Competency will provide basic arithmetic skills necessary for students to be competitive in the workforce as well as preparing the student for Pre-Algebra coursework.
M/S/U (T. AKERS-PORTER, R. CRIP) to ADOPT CERTIFICATE OF COMPETENCY: PROFICIENCY IN ARITHMETIC

ADOPT: MATHEMATICS NONCREDIT PROGRAM
Certificate of Competency: Proficiency in Pre-Algebra 0
Effective: Upon CCCCO and ACCJC Approval
ADOPT
Rationale: This sequence forms the basis for a certificate that meets the requirements of Career Development College Preparation (CDCP). The Certificate of Competency will provide basic Pre-Algebra skills necessary for students to be competitive in the workforce as well as preparing the student for beginning algebra coursework.

Substantial Changes to an Approved Credit Program – Requires CCCCO and ACCJC Approval
(Formerly the CCC-510)

(None)
Non-Substantial Changes to Approved Program or Change of Active–Inactive Status – Requires CCCC0 Approval (Formerly the CCC-511)

**MODIFICATIONS:**

**BUSINESS ADMINISTRATION PROGRAM**
A.S.-T Degree: Business Administration
Effective: Upon CCCC0 Approval
Rationale: Award is being modified to reflect the removal of CSCI 201 and the addition of CSCI 220.

*M/S/U (T. AKERS-PORTER, R. CRIPE) to MODIFY A.S.-T DEGREE: BUSINESS ADMINISTRATION*

**COMMUNICATION STUDIES PROGRAM**
A.A. Degree: Communication Studies
Effective: Upon CCCC0 Approval
Rationale: Program is being updated to include COMM 132 and remove COMM 145 and COMM 180AB from the electives list. The two courses are being inactivated, effective Summer 2018.

*M/S/U (T. AKERS-PORTER, R. CRIPE) to MODIFY A.A. DEGREE: COMMUNICATION STUDIES*

**GENERAL STUDIES PROGRAM**
A.A. Degree: General Studies, Emphasis in Humanities
Effective: Upon CCCC0 Approval

**GENERAL STUDIES PROGRAM**
A.A. Degree: General Studies, Emphasis in Language and Rationality
Effective: Upon CCCC0 Approval
Rationale: Award is being updated to reflect the removal of recently inactivated courses and recent course title changes.

*A.A. DEGREE: GENERAL STUDIES, EMPHASIS IN LANGUAGE AND RATIONALITY pulled for discussion by B. Adams on behalf of M. Garcia* who questioned ENGL 100 being included in the General Studies, Emphasis in Language and Rationality A.A. Degree. The Curriculum Committee agreed that ENGL 100 should not be included in the degree because it would be included in MJC-GE: Area D1, therefore, ENGL 100 should not be additionally listed as an option requirement for the General Studies, Emphasis in Language and Rationality A.A. Degree and consequently the Curriculum Committee agreed to remove ENGL 100 from the degree.

*M/S/U (R. CRIPE, N. SILL) to MODIFY A.A. DEGREE: GENERAL STUDIES, EMPHASIS IN LANGUAGE AND RATIONALITY with the removal of ENGL 100.*

IX. STANDING REPORTS

1. **Articulation:** [C-ID Newsletter (Feb.), AA17-20 AP Credit Policy Final] (L. Miller)
   L. Miller reported:
   - The new ASSIST system is now open to Articulation Officers for the updating of curriculum for 2017
   - On the e-mail she received from California Community Colleges Chancellor's Office (CCCCO) regarding Policy Change:
     - Community college districts are to adopt and implement a uniformed policy on granting AP Credit.
     - Colleges shall award minimum semester units in the General Education Area as shown on the CCC AP GE List
     - Article 9 Advanced Placement Credit: 79500
       - Begin development and subsequently adopt and implement a uniform policy to award students who pass an AP examination
       - Periodically review and adjust the policy

2. **Adult Education** (P. Mendez)
   B. Adams encouraged the committee to read the hyperlinked report at their convenience.

3. **Academic Senate Report** (S. Circle)
   S. Circle reported on:
   - Resolution S17-C: Clarity on the Standard Practice for Assessing a Course – 1st Reading
     S. Circle noted the second “Whereas” that stated “All CLOs for a course, across sections, must be completed during the semester the course is scheduled”. L. Miller recommended adding “for CLO assessment” to the second “Whereas”.
     S. Circle added that a second reading of Resolution S17C is scheduled for the next Academic Senate meeting on April 27, 2017.
   - Program Review: Draft (eLumen)
     S. Circle reported that Program Review has moved from CurricUNET to eLumen. Program Reviews in eLumen are due by September 15, 2017.
   - Program Review: Process
     S. Circle mentioned that the Academic Senate is looking at San Francisco City College as a possible model for Program Review process.

X. UNFINISHED BUSINESS

**Action Items**

1. **Curriculum Review Process** (Postponed indefinitely) (B. Adams)
2. **MJC Certificate & Degree Publications** (Postponed indefinitely) (L. Miller)
3. **Comparable Courses Workgroup** (L. Miller)

L. Miller indicated that she had sent out an e-mail asking for input or ideas for evaluating comparable courses and encouraged those present to send her their thoughts and suggestions for adjusting the comparable course field in CurricUNET to be more transparent.
4. **Course Compliance, Last Date Course Offered, and Impact**  
**B. Adams**

*Sunset Policy and Procedure (4.11.17 Draft)*

B. Adams brought up and reviewed the changes made to Sunset Policy and Procedure draft, which had been updated with the committee’s input from the March 28, 2017 meeting. Discussion continued with additional modifications being made to the Sunset Policy and Procedure document which included:

- Courses that have not been offered in the last three two academic years will also be published on the sunset list and follow the same procedure as out-of-compliance CORs.
- “Faculty should also be aware that various programs may be impacted by inactivations.” being added to the paragraph beginning with “If a course is inactivated…”
- “Independent Study and Special Topics courses are exempt.” being added to “EXEMPTIONS”

*Sunset Policy and Procedure Approved 04.11.17*

**M/S/U (L. MILLER, T. GUY) to approve the “Sunset Policy and Procedure” document**

5. **CTE 2-Year Reviews**  
**B. Adams**

B. Adams noted that the CTE 2-Year Review workgroup made good progress as they looked at Southwestern College as a model. B. Adams mentioned that she would be working on a “Fill-in” form during the summer, noting that the Advisory Committee Meeting minutes will be a key component. She instructed the committee to be looking for a formal document to be presented in the fall.

**Informational Items**

1. **Intradistrict Course Equivalencies**  
**L. Miller**

L. Miller notified the committee that the Instruction Office at MJC is doing an audit of all elements that might come to bear on course equivalencies between MJC and Columbia College, which will be shared with faculty from both campuses, probably in the fall.

**XI. NEW BUSINESS**

**Action Items**

1. **MOU—Columbia College Public Health Science ADT**  
**B. Adams**

B. Adams briefed the Curriculum Committee on Columbia College’s request for collaboration with MJC to complete their Public Health Science ADT. She noted that Columbia College is missing HE 112 “Intro to Public Health”, which they need to complete their Public Health Science AS-T Degree. B. Adams noted that Columbia College is requesting that the committee approve the submitted “MOU for Public Health Science AS-T” document. Discussion ensued.

**M/S/U (T. AKERS-PORTER, A. DEANGELIS) to approve the “MOU for Public Health Science AS-T” document**

**Informational Items**

1. **Curriculum Representatives – Terms Expiring**  
**B. Adams**

B. Adams noted that some terms were expiring and to show her gratitude to the wonderful division representatives, Certificates of Appreciation were distributed, and spreadsheets were dispersed indicating courses that were in non-compliance, had missed their review, or were up for review in fall of 2017.

Literature and Language Arts’ representative, S. Berger, mentioned that she would temporarily be replaced by A. Peek on the Curriculum Committee for the 2017/2018 fiscal year.

Science, Math, and Engineering representative, T. Akers-Porter expressed her appreciation to B. Adams, as an outstanding leader, and to the Curriculum Committee for their support.
2. Curriculum Year in Review  

B. Adams proclaimed, if the committee members felt that it had been a busy year, here is the proof:

- 34 Course Adoptions
- 179 Course Modifications
- 69 Course Inactivations
- 90 DE Only Proposals
- 5 New Programs
- 31 Modified Programs
- 3 Inactivated Programs

B. Adams noted other business that was accomplished included:

- The approval of new ADTs
- A Prefix change
- A change in the “Standing Report” format
- The approval of the “Sunset Policy”

B. Adams continued with what’s coming up in the year ahead which included:

- The final year of the second cycle of the 5-Year Matrix
- A draft of the 2018-2023 Matrix to be presented for approval

IV. COURSE CONSENT AGENDA

Hearing no objections, the following course changes were approved.

**ART 151**  
Survey of Islamic Art  
**CCCCO Proposal Type:** Non-Substantial  
**Effective:** Upon CCCCO Approval  
**MODIFY:** Course number  
**Rationale:** Course was approved by the Curriculum Committee on March 14, 2017 and sent to the state for final approval. When uploading the course in ASSIST for articulation, L. Miller found that the course number had already been used and could not be used again. Research showed that ART 151 would be the next available course number. With approval by the faculty author, ART 167 was changed to ART 151 in CurricUNET and resubmitted for approval in the CCCCO inventory.

**CLDDV 107**  
Introduction to Curriculum  
**CCCCO Proposal Type:** Non-Substantial  
**Effective:** Fall 2014  
**MODIFY:** Discipline  
**Rationale:** Course discipline was approved to be “Child Development/Early Childhood Education” by the Curriculum Committee April 16, 2013. P. Bettencourt alerted the Instruction Office that the Course Outline of Record was not displaying the approved discipline and instead was showing an incorrect discipline of “Cardiovascular Technology”. B. Adams updated the course in CurricUNET to reflect the approved discipline. This information is here for the purpose of the record.

**NURSE 259**  
LVN Transition: Role Change Preparation  
**CCCCO Proposal Type:** Non-Substantial  
**Effective:** Spring 2018  
**EXPEDITED:**  
**MODIFY:** Materials fee  
**Rationale:** The Nursing department were notified that effective July 1, 2017 the materials fee for NURSE 259 have increased. The ATI Skills videos are now $115 which changes the overall fee total from $217 to $222. The department has covered the cost difference for fall as they were not notified until after students had enrolled in the course and so that no students would incur an increase fee. H. Townsend will modify the active course record in CurricUNET upon approval of this consent item.  
**M/S/U (K. BUTLER, C. HOWARD) to EXPEDITE MODIFICATIONS of NURSE 259**

**TUTOR 800**  
Introduction to General Tutoring  
**CCCCO Proposal Type:** Not applicable (never reported)  
**Effective:** Fall 2017  
**EXPEDITED:**  
**INACTIVATED:**  
**Rationale:** At the February 28, 2017 Curriculum Committee meeting, TUTOR 800 and TUTOR 811 were approved to be substantially changed effective fall 2017 and TUTOR 820 was approved for adoption. The courses were pulled from the Board of Trustees report at the request of, J. Daly, department dean, as the department had decided not to follow through with the TUTOR changes/adoption. This information is here for the purpose of the record and to ensure that TUTOR 800, TUTOR 811, and TUTOR 820 are not activated in any systems or in the catalog.  
**M/S/U (K. BUTLER, C. HOWARD) to EXPEDITE INACTIVATION of TUTOR 800, TUTOR 811, and TUTOR 820**

ENGL 173 pulled for discussion by E. Maki who had concerns regarding Methods of Instruction (MOI) items #7, #8, and #9 noting that the MOIs were repetitive or covered under assignments. Therefore, Methods of Instruction items #7, #8, and #9 were removed at the meeting with the approval of the division representative, C. Howard.

J. Hamilton questioned how three different skills be evaluated within one Course Learning Outcome (CLO). B. Adams noted that the committee will follow up with the faculty author to confirm. Any modifications to the CLO will be noted on a later agenda.

NEW COURSES:

ELIC 23  Low Intermediate Listening and Speaking  3
CCCO Proposal Type: New Credit Course
Effective: Upon CCCCO approval
ADOPT
Rationale: The ESL Department is making changes to the Academic ESL Program both in course content and in numbering. We are proposing a new set of courses to assist students in reaching transfer level in a more accelerated and compressed fashion. The ESL prefix has been changed to ELIC so new courses must be created.
Enrollment Restrictions: Requesting: (P) Satisfactory completion of ELW 906 or qualification by the MJC assessment process.
Distance Education Status: (None)
Materials Fee Status: (None)
Articulation Status: Not transferable
C-ID Status: (None)
General Education Status: (None)
Program Impact:
Stand-Alone (Be advised that the department will need to do a timely modification to any desired academic programs in CurricUNET to include this course as an option and to officially change the status to Program-Applicable).

ELIC 23 and ELIC 33 pulled as a block for discussion by T. Guy who requested clarification on ELIC 23 and ELIC 33. M. Akard responded to T. Guy’s questions.

T. Guy: What is the philosophy behind offering the ELIC credit courses verses non-credit courses?
M. Akard: The ELIC sequence was created for students whose goal is to pursue a college degree. The credit courses help prepare students for the regular college environment and the rigors of attending college classes in pursuit of a degree.

T. Guy: Would students be able to complete their degree program quicker through the ELIC courses?
M. Akard: These courses have been compressed and are more intense than previous ESL courses. Completion of the sequence is expected in four semesters rather than six.

T. Guy: What is the philosophy behind focusing on the public speaking aspect of the English language, rather than the conversational?
M. Akard: The expectation is that by the time students get into the ELIC sequence their conversational skills are fairly developed. The credit classes prepare students for formal speaking environments such as speaking in class, participating in academic discussion, and interacting with instructors in a college situation.

T. Guy: Why is advanced concepts of communication theory (speaker ethos and logos) part of the recommended content?
M. Akard: Although the more advanced ideas are not a core part of the class, the rational is that the student would benefit by the exposure to the advanced concepts and help the student succeed in a communication class.

MODIFY: MAINTENANCE MACHINIST PROGRAM
Certificate of Achievement: Maintenance Machinist 18-20 (Previously 17-20)
Effective: Summer 2018

MODIFY: Total units
Rationale: Certificate came through with a modification and was approved by the Curriculum Committee on April 11, 2017. After submitting the award to the Chancellor's office for a non-substantial change approval, the Chancellor's office requested that the total units be changed as the system only allows for certificate units to be 17 or less or 18 or greater. Faculty decided to change the total units to 18-20. The certificate was resubmitted for approval and approved by the Chancellor's office. This information is here for the purpose of the record.

IX. STANDING REPORTS

1. Articulation: L. Miller
   L. Miller recommended the committee review the C-ID Newsletter (May)
   L. Miller referenced the three attached documents (linked below) pertaining to Executive Order (EO) 1100 concerning CSU General Education Breadth (Revised August 23, 2017) and addressed how these changes will be felt locally. She recommended that committee members review FAQs and revised Executive Order for themselves.
   CSU Executive Order 1100: Revisions and FAQs, Impacts of EO 1100 revisions on MJC’s CSU-GE pattern, AA17-20 AP Credit Policy Final
   Noted changes include:
   • Online Modalities: GE courses are accepted by CSU regardless of teaching modality (Face-to-Face, Hybrid, online).
   L. Miller cautioned that some major prep and requirements might not choose to articulate a course based upon the modality
   • CSU-GE: A1, A2, A3, B4 courses can be completed with a C- for CSU admission. L. Miller noted that in most cases, this issue is moot in the CCC “C or better” system, but can present complexities, can be completed for P/NP. A C- grade may adversely affect some major pathways
   • Area B4: (P) MATH 90 is no longer required for B4 course approval, but should be required when appropriate. All affected TMCs are to be reviewed and results forthcoming fall 2017.
2. **Adult Education**  
  P. Mendez reported that:
  - There were no meetings this month
  - Proposals have been submitted to the consortium for the 2017-2018 calendar year
  - There is anticipation for the upcoming 2018-2019 calendar year
  - Support continues for ELIC program, career services, and short term CTE work

3. **Academic Senate**  
  S. Circle reported on the:
  - September 7, 2017 retreat focused on “What is MJC doing well” and “What can we do to be successful with Guided Pathways”. S. Circle mentioned that the group, which included MJC administration and many deans, had a great discussion and explored ideas for moving forward with Guided Pathways
  - Guided Pathways Conference scheduled for October 2, 2017 in which three faculty from the Academic Senate and three counselors would be attending

**X. UNFINISHED BUSINESS**

**Action Items**

1. **Curriculum Review Process** (Postponed indefinitely)  
   B. Adams

2. **MJC Certificate & Degree Publications** (Postponed indefinitely)  
   L. Miller

3. **Comparable Courses Workgroup**  
   L. Miller

   *Approved Motion: Review of Curriculum for Quality and Currency*

   *Comparable Course Criteria – 09.12.17 draft*

   L. Miller updated the Curriculum Committee on the purpose of the Comparable Courses Workgroup and presented a Comparable Course Criteria document for their consideration.

   Discussion on the comparable course criteria ensued covering:
   - Building a framework to ensure the relevancy of comparable courses
   - Consistency of the documentation
   - Faculty feedback and recommendations
   - Pulling all evidence from ASSIST (the official and up-to-date computerized student-transfer information system)
   - L. Miller to provide training for faculty in the new ASSIST system

   It was the will of the committee to leave Comparable Courses as unfinished business for further discussion.

4. **CTE 2-Year Reviews**  
   B. Adams

   *CTE 2-Year Review Form – 09.12.17 draft*

   *CTE 2-Year Review Form for Prerequisites – 09.12.17 draft*

   B. Adams read through drafts of proposed “CTE Programs – Two-Year Review” and “Biannual Review Form for Prerequisites” documents for the Curriculum Committee’s consideration.

   B. Adams pointed out:
   - The need for a clear process and culture of evidence for the two year review of CTE programs and prerequisites
Curriculum Committee Minutes – September 12, 2017

- California Ed Code Section 78016 requiring every vocational or occupational training offered by a community college district be reviewed every two years
- Criteria for CTE programs
- The goal to have consistency in documentation, keeping forms simple and quick to fill out

Discussion ensued with faculty questions and recommendations. B. Adams requested that the committee members share the documents with CTE faculty and e-mail her any comments or suggestions.

XI. NEW BUSINESS

Action Items

1. Non-credit Grading Policy (P/NP or SP)  
   B. Adams/H. Townsend
   H. Townsend noted that J. Daly and the ELW department have been working to get progress indicators for noncredit courses placed in DataTel. The Instruction Office alerted J. Daly that a policy will need to be in place before proceeding, that DataTel or CurricUNET are not setup to accommodate her request, and program modifications would have to be addressed. September 19, 2016 revisions to Title 5 Section 55023 were quoted.
   
   Discussion ensued covering:
   - Progress Indicators: Pass, No Pass (P/NP), and Satisfactory Progress (SP)
   - Must be inclusive to all noncredit courses
   - Benefits to existing and future noncredit courses
   - Use for collecting data on student success
   - Repeatability issues
   - Issues with modifications to DataTel and CurricUNET
   - Implementation date (summer 2018)

   **M/S/U (S. CASSIDY, P. MENDEZ)** To approve Pass/No Pass on noncredit courses as long as it does not impact repeatability.

2. Code Alignment Project  
   L. Miller
   L. Miller spoke on the Code Alignment Project aimed at CTE courses and encouraged CTE faculty to review the attached document.
   
   L. Miller highlighted:
   - The Code Alignment Project is a voluntary, faculty-led process for examining the reporting codes (TOP, CIP, SOC, and SAM) that have been assigned to CTE courses and program awards, to ensure that they appropriately match the content of the curriculum
   - Invitations have gone out to colleges state-wide for faculty interested in participating in the Code Alignment Project
   - Coding is a faculty issue and faculty are most qualified to make accurate decisions on how curriculum should be coded
   - How coding impacts funding and outcomes on student success reports

   Discussion ensued.
   
   The committee agreed to move Code Alignment Project to Unfinished Business to allow J. Hamilton, B. Adams, L. Miller, and H. Townsend to investigate if there was another branch of the college already addressing Code Alignment.
3. **Credit Hour Policy**

B. Adams referred to the new Title 5 Section 55002.5 regulation regarding Standards for Credit Hours, which removed reference to lecture and lab, replaced with “total student work” and “outside-of-class hours.”

B. Adams indicated that the new regulation would be addressed in two phases:

- The first phase will address programming updates in CurricUNET to have hours automatically populate on the Course Outline of Record (COR). New regulations indicate that the COR should not only show class hours (contact hours) but also show the outside-of-class hours which should equate to total student learning hours.
- The second phase is to establish a local board policy which she is working on a draft to be proposed to the Curriculum Committee at the September 26, 2017 meeting, for consideration.

*M/S/U (L. MILLER, P. MENDEZ)* To take steps to implement these automatic calculations of total contact hours on the Course Outline of Record and in CurricUNET.

### Informational Items

1. **2017 Curriculum Institute**

   Institute Attendees

   B. Adams noted that MJC was well represented at the 2017 Curriculum Institute and much of the material was covered at the September 8, 2017 Fall Curriculum Training. For details on the instructive topics covered at the conference, committee members can click the attached link on the agenda.

2. **MJC Curriculum Committee Training Day**

   B. Adams

   B. Adams mentioned how exciting the Curriculum Committee Training activities became as the members pulled together to support each other as a team. B. Adams also expressed her appreciation to those who attended the training and to R. Cripe for the use of the Regional Fire Training Center.

3. **Sunset List**

   B. Adams referred to the Sunset Policy and Procedure document approved by the Curriculum Committee on April 11, 2017 which puts “Out of Compliance Courses” and “Courses Not Offered in the Last Two Years” on notice. She reminded the committee that for courses not offered in the last 2 academic years, a written justification could be submitted for courses with extenuating circumstances. B. Adams indicated if there are issues with any courses on the list, please notify Instruction Office so that the course can be researched and corrections made to the list, if necessary.

AGM 221 and AGM 280 pulled as a block for discussion by E. Lucas who commented that for three unit courses, three objectives seemed skimpy. J. Haynes noted that each objective was all encompassing of the separate aspects covered in the AGM 221 and AGM 280 courses. E. Lucas questioned the one Course Learning Outcome (CLO) and T. Akers-Porter asked if there was a hard-and-fast rule concerning CLOs. B. Adams noted that the Curriculum Committee’s guiding principles regarding Course Learning Outcomes has been that the Curriculum Committee would not hold up a course approval for concerns about CLOs. She explained that the process is for the division representative to go back to the faculty author with the committee’s concerns and verify the course outcomes. B. Adams noted that any modifications could then be added to a future agenda as a consent item.

   Approved Motion: Review of Curriculum for Quality and Currency  
   Comparable Course Criteria – 09.12.17 draft

   T. Guy asked if the Curriculum Committee had a chance to review the Comparable Course Criteria draft and if there was any further discussion needed.

   M/S/ (E. MAKI, T. GUY) to approve the Comparable Course Criteria document.

   Discussion ensued covering:
   - The appropriateness of the numbering system
   - Getting more information from the different departments to clarify how the number ranges are set up
   - Difficulties in using the current ASSIST program
   - Suggested modifications to the draft included:
     - Under 200-299 - item #2: Change to read, “A letter from a local focus group/advisory committee made up of 2 or more leaders within regional industry and an MJC instructor OR a letter or agenda from an advisory committee meeting minutes”.
     - Change “Examples must be drawn from the current catalog year in ASSIST” to “Examples must be drawn from the current catalog year or ASSIST with the knowledge that ASSIST would be the final determination”.
     - Under 300-399 - item #2: Change “a MJC instructor” to “an MJC instructor”
   - Consequences of voting on a document without the document’s main author, L. Miller, present

   Motion withdrawn by E. Maki indicating concerns of making modifications to the Comparable Course Criteria document without the presence of L. Miller.

4. CTE 2-Year Reviews  
   B. Adams

   CTE 2-Year Review Form – 09.26.17 draft
   CTE 2-Year Review Form for Prerequisites – 09.26.17 draft

   B. Adams reviewed the modifications she made to the two CTE 2-Year Review documents based on previous discussion. Discussion continued with additional modifications being made to the document. B. Adams requested that the committee members discuss the CTE 2-Year Review documents with their Career Technical Education (CTE) faculty and e-mail her any comments or suggestions.

5. Code Alignment Project  
   L. Miller

   H. Townsend mentioned that P. Mendez and J. Abbott are also involved in the Code Alignment Project and a meeting with all parties will need to be scheduled. Therefore, the Code Alignment Project would be postponed indefinitely.

6. Credit Hour Policy  
   B. Adams

   B. Adams noted that the first phase of the new Title 5 Section 55002.5 regulation regarding Standards for Credit Hours has been implemented. B. Adams mentioned that in the process of addressing the second phase, she realized she would need to collaborate with Columbia College since a District policy is required. She will need to consult with J. Hamilton, B. Sanders, and the Columbia College curriculum chair K. Schultz before proceeding.

XI. NEW BUSINESS

Action Items

1. **Reaffirm: ADT, CTE, and University Preparation Pathways**

   B. Adams pointed out that the ADT, CTE, and University Preparation Pathways MJC catalog pages were last reaffirmed by the Curriculum Committee in 2012. B. Adams indicated good practice dictates it's time for the committee to review the catalog pages again. Discussion ensued on the appropriateness for students and document wording.

   **M/S/U (A. PEEK, E. MAKI) to reaffirm the ADT, CTE, and University Preparation Pathways pages in the 2017-2018 MJC catalog.**

   B. Adams recommended that a new business action item be added to the October 10, 2017 Curriculum Committee agenda addressing modifications to the 2018-2019 catalog pathways.

2. **Committee Membership**

   J. Hamilton recognized the Curriculum Committee for their hard work in regards to the institution and spoke on the benefits of having multiple perspectives at this level of the curriculum process. J. Hamilton requested that the Curriculum Committee consider expanding its membership by one, a dean from the academic transfer side of the college which she hoped would encourage collegial conversation that would be rich and multi-faceted. Discussion ensued on the benefits, challenges, and responsibilities of the new dean representative.

   **M/S/U (A. PEEK, S. CASSIDY) to approve the expansion of the Curriculum Committee membership by one dean, as a non-voting member, with a re-evaluation after one year.**

3. **CSU EO 1100 and CSU-GE:D/IGETC 4 Subareas in CurricUNET**

   S. Circle noted that due to the absence of L. Miller “CSU EO 1100 and CSU-GE:D/IGETC 4 Subareas in CurricUNET” will be postponed until the October 10, 2017 Curriculum Committee meeting.

Informational Items

1. **CurricUNET Trainings**

   B. Adams mentioned that a CurricUNET Program Training would be held on Wednesday, October 4, 2017 (Flex #5159) and on November 1, 2017 (Flex #5162). The trainings will be held in the Center for Advanced Technologies (CAT) Building, room 113 from 2:45-4:45 p.m. B. Adams noted that although special invitations have been sent to faculty with courses/programs up for review this semester all faculty interested or who would benefit from the training are invited.

XII. PUBLIC COMMENT

P. Mendez welcomed E. Turner from the Technical Education’s Welding Program who would be sharing Curriculum Committee duties with A. DeAngelis this semester.

**M/S/U (E. MAKI, R. CRipe) to adjourn at 4:29 PM**
I. APPROVAL OF ORDER OF AGENDA

Hearing no objections, the order of the agenda was approved as stated, with the request from E. Maki to accommodate guests.

* At the time of agenda production, C-ID2, the new C-ID system released over the summer, was not reporting the “null” values listed above which could be found in the previous system. These are important values for record-keeping. It is unclear as to whether they are not going to be a feature in C-ID2, or whether the interface is merely not yet showing them.

In accordance with the Ralph M. Brown Act and SB 751, minutes of the MJC Curriculum Committee record the votes of all committee members as follows. (1) Members recorded as absent are presumed not to have voted; (2) the names of members voting in the minority or abstaining are recorded; (3) all other members are presumed to have voted in the majority.
IV. COURSE CONSENT AGENDA

Hearing no objections, the following course changes were approved.

CLDDV 111  Health, Safety, and Nutrition  3
**CCC**CO Proposal Type: Non-Substantial
**Effective:** Summer 2018
**MODIFY:** Distance Education
**Rationale:** Course was approved by the Curriculum Committee on September 26, 2017 with the recommendation that the Distance Education Teleclass question be answered more appropriately. B. Adams worked with L. Stephan to modify the answer to read: “Students are able to ask questions during the class period via satellite and receive feedback/answers from the instructor. The off-site students have the ability to participate in the real-time discussions which will enable them to meet the course learning outcomes.” This information is here for the purpose of the record.

NEW COURSES:

ELIC 143

Advanced Listening and Speaking

CCC CO Proposal Type: New Credit Course

Effective: Upon CCC CO approval

ADOPT

Rationale: The ESL Department is making changes to the Academic ESL Program both in course content and in numbering. We are proposing a new set of courses to assist students in reaching transfer level in a more accelerated and compressed fashion. The ESL prefix has been changed to ELIC so new courses must be created.

Enrollment Restrictions: Requesting: (P) Satisfactory completion of ELIC 33 or qualification by the MJC assessment process.

Distance Education Status: (None)

Materials Fee Status: (None)

Articulation Status: Requesting: CSU

C-ID Status: (None)

General Education Status: (None)

Program Impact:

Stand-Alone (Be advised that the department will need to do a timely modification to any desired academic programs in CurricUNET to include this course as an option and to officially change the status to Program-Applicable).

ELIC 143 and ELIC 153 pulled as a block for discussion by T. Guy who had questions regarding the transferability of the ELIC 143 and ELIC 153 courses. T. Guy referred back to the English as a Second Language (ESL) Program Redesign 2015 presentation, noting the difference in what was initially described as lower division courses versus the courses currently being proposed.

Articulation Officer, L. Miller, voiced her concern regarding the academic value of courses that are proposed as transfer level and which California State University (CSU) would these courses articulate. L. Miller asked the faculty for a rationale as to what major was ELIC 143 and ELIC 153 preparing student. She relayed to the committee the faculty’s rationale for proposing the 100 level courses, as “It is the position of English Language Department that the units from these classes should be made transferable in recognition of and reward for the highly sophisticated linguistic achievement of the students although we understand the opposing view”.

J. Hamilton acknowledged the desire for recognition of the student’s hard work, nonetheless, recommended that issuing a Certificate would be the appropriate way to acknowledge the student’s participation.

Discussion ensued with Communication Studies faculty voicing concerns regarding ELIC 153 mirroring COMM 100’s Fundamentals of Public Speaking class, noting that in the description it states “Introduction to communication theory.” L. Collins added her concern with adding empty units and the maxing out of units for students. B. Adams noted that the rationales for ELIC 143 and ELIC 153 didn’t change from the originally proposed ELIC 43 and ELIC 53 courses and wondered what, if any, content was updated to address the transferability request.

M/S/Withdrawn (P. BROGAN, T. GUY) motion withdrawn by division representative, S. Circle, who will convey the committee’s concerns and recommendations to the faculty author.

ELW 910 English for Citizenship  
CCCCCO Proposal Type: New Non-Credit Course  
Effective: Upon CCCCO approval  
ADOPT  
Rationale: Over the last five years, there has been increased interest and demand from students within our current programs, prospective students in the community, and community organizations to offer a citizenship course.  
Enrollment Restrictions: Requesting: (A) Before enrolling in this course, students are strongly advised to satisfactorily complete ELW 902 or qualification by the MJC assessment process.

ADOPT ELW 910 pulled for discussion by T. Guy, who questioned 90 lecture hours for a citizenship course and requested clarification.  
S. Circle pointed out that the ELW 910 course teaches the English language through content using the material for citizenship and is more than just a course to prepare a student for the Citizenship Exam. She noted that in researching comparable courses from Glendale College and San Francisco City College that 90 hours was standard for their English language courses. S. Circle noted that ELW 910 is a language course and already has a cohort of students.  
Discussion ensued regarding:  
- ELW 910 as a language course verses a citizenship course  
- Breaking down the 90 hours of course time into modules  
- The need for development of a citizenship only course  
- That language is not something that is learned, language is something that is acquired over time  
- Deferring to the content experts in the discipline area, that all the 900 level ELW courses are running at 90 hours, and that ELW 910 is part of the same series of courses  
M/S/U (M. GARCIA, P. MENDEZ) to ADOPT ELW 910  
M/S/U (E. MAKI, T. AKERS-PORTER) to ADOPT REQUISITES for ELW 910

**IX. STANDING REPORTS**

1. **Articulation:** C-ID Newsletter (Sept.)  
   Items covered are listed in the Articulation link above.  
   - L. Miller

2. **Adult Education**  
   Items covered are listed in the Adult Education link above.  
   - P. Mendez

3. **Academic Senate**  
   S. Circle’s report covered the MJC Pathway Liberal Studies proposal which initiated substantial conversation which included:
   - J. Hamilton’s clarification of the use of the University Center Model where Modesto Junior College invites various four year colleges and universities to give their upper division courses on the MJC campus and she noted that such partnerships are not exclusive to Brandman University
   - The Brandman University Proposal – 9.12.17 draft
     - That we take our students and help them get associates degree and then Brandman comes to MJC and offers their upper division classes to our students using our facilities
     - Brandman is interested in offering BA in Liberal Studies with a Multiple Teaching Emphasis degree
   - Some colleges, like College of the Canyons, have their own University Center for this kind of program
   - This program is for early deciders, students who know the career they want
   - The benefit to our students is they could stay at MJC and receive a 4-year degree; potential benefit to MJC and community is graduates stay in the community
   - There would be no cost to MJC and MJC faculty
   - There is the possibility of Title 1 Teacher loan forgiveness for students
   - Students could get a $100.00 per credit scholarship for utilizing the partnership with Brandman University

   Concerns expressed included:
   - Impact on courses that MJC teaches, specifically English and Math
   - How courses are negotiated between MJC and Brandman University (or any other proposed colleges and/or universities)
   - Brandman University recruiting MJC students
   - The overlapping of MJC and Brandman courses being a conflict of interest
   - Out-sourcing MJC courses – the impact on MJC courses
   - The information of the proposed Brandman University draft being designed with more clarity

   Other items covered are listed in the Academic Senate link above.
X. UNFINISHED BUSINESS

Action Items

1. **Curriculum Review Process** (Postponed indefinitely)  
   B. Adams
2. **MJC Certificate & Degree Publications** (Postponed indefinitely)  
   L. Miller
3. **Comparable Courses Workgroup**  
   L. Miller
   
   Approved Motion: Review of Curriculum for Quality and Currency
   Comparable Course Criteria – 09.12.17 draft
   
   Conversation continued from previous Curriculum Committee meetings regarding the Comparable Course Criteria draft which covered:
   - Looking for articulation opportunities and focusing on expanding articulation rather than chasing data points
   - Lifting the value on the difference between transfer credit and articulated credit
   - Providing tools and support for faculty in the use of ASSIST through trainings and tutorials
   - Concerns that curriculum is not held up as faculty are instructed in the use of ASSIST
   - The recommendation of providing a second version of the draft, based on the committee’s discussion, for consideration at the next Curriculum Committee meeting

4. **CTE 2-Year Reviews**  
   B. Adams
   
   CTE 2-Year Review Form – 10.10.17 draft
   CTE 2-Year Review Form for Prerequisites – 10.10.17 draft
   
   B. Adams noted that the CTE drafts have been updated per previous discussion and inquired if the committee had received any feedback from their Career Technical Education (CTE) faculty. The CTE 2-Year Review will continue as Unfinished Business at the next meeting allowing time for additional feedback.

5. **Code Alignment Project** (Postponed indefinitely)  
   L. Miller
6. **CSU EO 1100 and CSU-GE:D/IGETC 4 Subareas in CurricUNET**  
   L. Miller
   
   L. Miller recommended that due to changes in Legacy ASSIST we move forward in requesting curriQunet (formally known as Governet) remove the sub-area option for General Education and Transfer requests in CurricUNET.
   
   M/S/U (L. MILLER, E. MAKI) to initiate a request with curriQunet to remove the sub-areas for CSU-GE:D and IGETC 4 Subareas in CurricUNET.
   
   B. Adams recommended developing a resource document covering the change of procedure for submitting General Education and Transfer Requests in CurricUNET.

XI. NEW BUSINESS

Action Items

1. **Proposal to Create ARBC Prefix**  
   J. Daly
   
   B. Adams questioned if the proposal letter submitted by J. Daly to create a new ARBC prefix was discussed with the division faculty. She noted that typically the proposal document is signed by a division faculty member.
   
   M/S/U (E. MAKI, L. MILLER) that this memo request come back with another signature signed by a Language Arts faculty.
2. **2018-2019 Catalog Pathways**

   **Committee Members**

   B. Adams recommended that the Curriculum Committee review and forward any recommended changes to the University Preparation Pathways page of the 2018-2019 MJC catalog. She noted that 2018-2019 Catalog Pathways will move to Unfinished Business as an action item.

### Informational Items

1. **Update to Bylaws-Committee Membership**

   **B. Adams**

   B. Adams noted that the Curriculum Committee Bylaws has been updated, per the motion that was passed at the September 26, 2017 meeting, to reflect the addition to the current membership. T. Guy and the Curriculum Committee welcomed N. Sill as the new Deans’ Cabinet Representative and mentioned that they look forward to her perspective.

2. **Issues/External Submissions**

   **H. Townsend/L. Miller**

   CCCCO COCI 1.5 Update Memo
   
   Substantive Change Manual: Substantive Change Review and Approval Process
   
   https://c-id.net/

   H. Townsend updated the committee on the timeline for the approval of courses/programs for the summer 2018 effective date; she noted that 123 courses made the October 2, 2017 submission deadline in CurricUNET for the October 24, 2017 Curriculum Committee meeting and the summer 2018 effective date. H. Townsend mentioned that courses and/or programs would also need to be approved by the Board of Trustees, Chancellor’s Office, and in some cases where awards are new ACCJC in addition to the Curriculum Committee. H. Townsend informed the committee that due to the Accreditation Site Visit the Modesto Junior College Accreditation team are unable to submit Substantive award changes six months preceding the official visit and will need to wait until January 2018 for the results of the approved report before proceeding with submissions. H. Townsend also covered the approval process and variables that may impact the advancement of courses through the curriculum review/approval process.

   B. Adams mentioned some of the different criteria that will be considered to prioritize the courses and/or programs that will make the October 24, 2017 Curriculum Committee meeting.

   H. Townsend noted the importance of course inactivations, units, and title changes. If a course is set to be up for an inactivation approval, has a title or unit change and is attached to an award, the award must also come through for approval by the Curriculum Committee at the same time as the course to ensure accuracy for the upcoming catalog.

3. **Guided Pathways**

   **J. Hamilton**

   J. Hamilton encouraged faculty to attend the Paving the Path: Work Sessions being held on Friday, October 13, 2017 and October 27, 2017 in the Mary Stuart Rogers Building from 12:00PM-2:00PM.

### XII. PUBLIC COMMENT

*M/S/U (E. MAKI, J. FORTE) to adjourn at 5:00PM*
I. APPROVAL OF ORDER OF AGENDA

Hearing no objections, the order of the agenda was approved as stated.

II. APPROVAL OF MINUTES

October 10, 2017

Review and approval of the October 10, 2017 meeting minutes postponed until the November 7, 2017 meeting.

III. COURSE NOTIFICATION AGENDA

Course Activity Report

Several FTECH courses were updated and approved at the September 12, 2017 Curriculum Committee meeting with the effective date of summer 2018 but since the full package of courses and programs are coming through at a later date with an effective date of summer 2019, the previously approved FTECH courses effective for summer 2018 will instead be effective summer 2019. The following FTECH courses now have an approval date of summer 2019:

FTECH 301  FTECH 302  FTECH 303  FTECH 304  FTECH 305  FTECH 306

C-ID Approvals

Due to C-ID2 technical issues, C-ID approval reports are postponed until an audit can take place.

In accordance with the Ralph M. Brown Act and SB 751, minutes of the MJC Curriculum Committee record the votes of all committee members as follows. (1) Members recorded as absent are presumed not to have voted; (2) the names of members voting in the minority or abstaining are recorded; (3) all other members are presumed to have voted in the majority.
IV. COURSE CONSENT AGENDA

Hearing no objections, the following course changes were approved.

At the September 12, 2017 Curriculum Committee meeting a motion was approved to allow for departments to use the P/NP Only progress indicator for non-credit courses. All departments were notified of the motion and some decided to keep their courses as non-graded while others have approved the implementation of the new policy for their non-credit courses. The following non-credit courses have had their grading policy changed in CurricUNET, Datatel, and the 2018-2019 catalog from non-graded to P/NP only:

- ELW 901
- ELW 902
- ELW 903
- ELW 904
- ELW 905
- ELW 906
- MATH 911
- MATH 912
- MATH 913
- MATH 921
- MATH 922
- MATH 923
- MATH 924
- MUSE 861
- MUSE 871
- PEA 800
- WKFSK 810
- MUSA 144

MUSA 144
Guitar 4
CCCCO Proposal Type: Non-Substantial
Effective: Upon Curriculum Committee approval
MODIFY: CLOs
Rationale: MUSA 144 came through as a course update proposal on October 10, 2017. The outcomes were also modified but the October 10, 2017 agenda did not reflect that the outcomes had changed. This information is here for the purpose of the record.
1. Apply the proper intermediate-to-advanced Left Hand fingering to classical guitar and/or flamenco intermediate-to-advanced works.
2. Execute adequate Right hand techniques to classical and/or flamenco intermediate-to-advanced works.
3. Perform proper left-hand chord formations in a while following a jazz chart.
4. Execute a proper right-hand accompaniment pattern while following a jazz chart.
5. Be able to read music notation on any position.

**M/S/U (L. MILLER, S. CASSIDY) to MODIFY BUSAD 50**

H. Duarte, referring to Methods of Evaluation (MOE), item #1 “Midterm exams including short essay”, questioned how short essays are evaluated in a math class. In response, committee members suggested that short essays could be tied into business scenarios, requirements for the Retail Management Certificate, or in the analyzing of financial information to make business decisions. Per technical review comments, B. Salerno approved shortening Methods of Instruction (MOI), items #2 and #4, as well as removing reference to “Canvas” from textbooks “Other” section.

**BUSAD 50 pulled for discussion by M. Garcia** who requested adding MATH 19 (the accelerated version of MATH 20) to the advisory for BUSAD 50. Division representative, B. Salerno approved the request.

M/S/U (L. MILLER, S. CASSIDY) to MODIFY ELTEC 321

L. Miller referenced the all capitals in “OFF-Grid” in the course description. After doing some research, L. Miller recommended editing the word to read “Off-Grid” which, with the approval of the committee, was changed at the meeting with the understanding the modification would be verified with the division representative, A. De Angelis.

M/S/U (L. MILLER, E. LUCAS) to MODIFY REQUISITES for ELTEC 321

ELTEC 321 pulled for discussion by R. Cripe who requested the material fees be removed from ELTEC 321. E. Turner noted that due to the course being moved off-site and funded differently a materials fee is no longer required.

*M/S/U (L. MILLER, S. CASSIDY) to MODIFY THETR 100*

L. Miller recommended stylistic revisions to the course description; T. Guy provided information for a new 2016 11th edition textbook. Course description modifications and the textbook update were made at the meeting with the approval of the division representative, T. Guy.

*M/S/U (L. MILLER, T. AKERS-PORTER) to MAINTAIN DE for THETR 100*

*THETR 114 pulled for discussion by T. Guy* who referred to M. Garcia who requested clarification on Methods of Instruction item #4 “Attendance at live productions” in regards to field trips. B. Adams noted live productions could be on the MJC campus or as an off-campus field trip. No modifications were made at the meeting.

*M/S/U (E. MAKI, E. LUCAS) to MODIFY THETR 114*

THETR 114 pulled for discussion by T. Guy who noted that the Hybrid modality is missing approximate percentages. Questions arose regarding explanation/clarification for the oral presentations and group projects included in question #3.

*M/S/U (L. MILLER, A. PEEK) to WITHDRAWN* so THETR 114 could be “held for changes”, the Distance Education (DE) online modality updated, and THETR 144 placed on the November 7, 2017 agenda for DE only approval.

X. UNFINISHED BUSINESS  
Action Items

1. Curriculum Review Process  
   B. Adams  
   B. Adams noted that with a new Vice President of Instruction (J. Hamilton), the Curriculum Review Process could be brought back at the November 7, 2017 meeting.
2. Comparable Courses Workgroup

Approved Motion: Review of Curriculum for Quality and Currency

Comparable Course Criteria – 10.24.17 draft

L. Miller reviewed the latest revisions to the Comparable Course Criteria document. L. Miller noted the addition of the “OR (Course updates only) One course currently articulated with a CSU and/or UC” statement she added to levels 100-199 and 200-299.

Discussion ensued covering:

- That some courses don’t fall within the parameters of the document and a process to address them would be needed
- Articulation to a California State University (CSU) and/or University of California (UC)
- Struggles with comparable courses that don’t exist or no-longer apply to the course
- Needs and expectations of the students for transferable courses
- Courses that don’t count towards a Major
- Courses that apply to a Major versus courses that are good for the student
- Upper division courses versus lower division courses
- First-of-their-kind innovated courses
- Courses that meet General Education Area C

M/S/U (R. CRIPE, A. PEEK) to end the discussion and to send it back to a workgroup to get more clarification from all the different parties that are being affected. (2/3 majority votes required)

Motion Passed:

15 AYES
0 NAYS
0 ABSTENTIONS

M/S/WITHDRAWN (T. GUY, A. PEEK) to create a new comparable course workgroup.

Discussion ensued.

3. CTE 2-Year Reviews

CTE 2-Year Review Form – 10.10.17 draft
CTE 2-Year Review Form for Prerequisites – 10.10.17 draft

B. Adams reviewed the goal for the CTE 2-Year Review documents and requested that the committee members continue to discuss the CTE 2-Year Review documents with their Career Technical Education (CTE) faculty and e-mail her any comments or suggestions.

4. Code Alignment Project (Postponed until the November 21, 2017 meeting)

5. Proposal to Create ARBC Prefix (Postponed until the November 7, 2017 meeting)

6. 2018-2019 Catalog Pathways

Committee member discussion/recommendations included:

- T. Akers-Porter recommended that “or qualification by the MJC assessment process” be replaced with “or qualification by the MJC placement process” because of the change to Multiple Measures.
- S. Cassidy recommended a check box be added for the IB Exam under the “Reading” and “Writing” on page 112 under Earn an Associate’s degree: #3
- A. Peek questioned why verbiage of “Score of 3, 4, or 5” and not “Score of at least 5 or higher”
- L. Miller requested direction from Literature and Language Arts on IB Exam scoring and in determining which exams apply

B. Adams suggested that the document be updated with the committee’s recommendations for review at the November 7, 2017 meeting.
**Informational Items**

1. **Guided Pathways**
   
   J. Hamilton was not present at meeting.

**XI. NEW BUSINESS**

**Action Items**

(None)

**Informational Items**

1. **CCCCO First Friday Update**
   
   B. Adams noted the topics included in the CCCCO First Friday Update for October which included:
   - Guided Pathways Workshops
   - Credit Course Certification
   - Basic Skills Initiative
   - Curriculum Inventory 2.0

**XII. PUBLIC COMMENT**

E. Lucas asked if the next meeting was on the first Tuesday of November, not the second Tuesday. B. Adams noted that due to this year’s holiday schedule and semester finals the November Curriculum Committee meetings will be on the first (7th) and third (21st) Tuesdays in November, instead of the typical second and fourth Tuesdays.

*M/S/U (E. MAKI, E. LUCAS) to adjourn at 4.55PM*

Members Absent: A. Peek (for S. Berger), K. Butler, H. Duarte, J. Forte, J. Haynes, P. Mendez, B. Salerno

Others Present: J. Abbott (Dean of Institutional Effectiveness), K. Addington (Administrative Technician), P. Bettencourt (Dean of Instruction and Student Learning), E. Degerman (Student)

I. APPROVAL OF ORDER OF AGENDA

Hearing no objections, the order of the agenda was modified to include the request by T. Guy to accommodate guests by moving New Business Informational Item #1 Noncredit Curriculum to the top of the agenda and the request by L. Miller to move Unfinished Business Informational Item #1 Guided Pathways between Unfinished Business Action Items #1 and #2 was approved.

II. APPROVAL OF MINUTES October 10 & 24, 2017

Hearing no objections, the minutes of October 10 & 24, 2017 were approved as stated.

III. COURSE NOTIFICATION AGENDA

CCCO Course Approvals

(None)

LIBR 901

**Course Name:** Research Skills 1

**CCCCO Proposal Type:** New Non-Credit Course

**Effective:** Upon CCCCO approval

**ADOPT**

**Rationale:** This course is part of an introductory sequence of three courses that will lead to a CDCP Certificate of Completion in Research Skills. It will help prepare students for any credit bearing course that requires research and critical thinking. Students can enroll on their own and earn a certificate, and/or the sequence of courses can be assigned to students in credit bearing courses. Demand for this course arises from MJC’s institutional Learning Outcome of Information and Technology Literacy. As stated in the narrative for the proposed Certificate of Completion in Research skills, this course and the others in the sequence are “geared to provide basic but proficient research and information literacy skills that are critical for entrance into the workforce, success in academic and vocational programs, and preparation for lifelong learning.

**Enrollment Restrictions:** (None)

**Distance Education Status:** Requesting: Online

**Materials Fee Status:** (None)

**Articulation Status:** Not transferable

**C-ID Status:** (None)

**General Education Status:** (None)

**Program Impact:**

MJC-GE Credit for AP Exam

AP EXAM: Computer Science Principles
Effective: Summer 2018
REQUESTING: MJC-GE: D2 CREDIT
Rationale: The CCC GE AP list set forth in the March 30, 2017 CCCCO Memo “Policy Change: Advanced Placement Credit”, are silent on whether AP exam scores with no GE area specified can be used satisfy local General Education breadth requirements. Before the implementation of AB 1985 and the CCC GE AP list of March 30, 2017, Modesto Junior College granted and continues to grant MJC-GE: D2 credit for Computer Science A exam, which has an “assumed prerequisite” a working knowledge of algebra for success. If the committee feels this course is analogous to Computer Science A and shows adequate D2 breadth and depth, MJC-GE:D2 credit is requested.

The prerequisite statement for AP in Computer Science Principles reads:

It is recommended that a student in the AP Computer Science Principles course should have successfully completed a first year high school algebra course with a strong foundation on basic linear functions and composition of functions, and problem solving strategies that require multiple approaches and collaborative efforts. In addition, students should be able to use a Cartesian (x, y) coordinate system to represents points in a plane. It is important that students and their advisers understand that any significant computer science course builds upon a foundation of mathematical and computational reasoning that will be applied throughout the study of the course.

M/S/U (T. AKERS-PORTER, L. MILLER) to ADOPT PLACEMENT of AP EXAM: COMPUTER SCIENCE PRINCIPLES on GE PATTERN

L. Miller briefed the Curriculum Committee on the AP Exam: Computer Science Principles policy change, referring to the above links.

IX. STANDING REPORTS

Due to time constraints and the volume of work before the Curriculum Committee, regular reports for Articulation and the Academic Senate will be provided electronically as an appendix to the minutes.

1. Articulation: C-ID Newsletter (Sept.) L. Miller
2. Academic Senate S. Circle

No report

X. UNFINISHED BUSINESS

Action Items

   B. Adams noted the Curriculum Review Process would continue as Unfinished Business. B. Adams mentioned she will bring the new Vice President of Instruction (J. Hamilton), up to speed on the Curriculum Review Process at their next one-on-one meeting.

2. Comparable Courses Workgroup (Postponed until the November 21, 2017 meeting) L. Miller
   Approved Motion: Review of Curriculum for Quality and Currency
   Comparable Course Criteria – 10.24.17 draft

3. CTE 2-Year Reviews (Postponed until the November 21, 2017 meeting) B. Adams
   CTE 2-Year Review Form – 10.10.17 draft
   CTE 2-Year Review Form for Prerequisites – 10.10.17 draft

4. Code Alignment Project (Postponed until the November 21, 2017 meeting) L. Miller
5. **Proposal to Create ARBC Prefix** (Postponed until the November 21, 2017 meeting) J. Daly

6. **2018-2019 Catalog Pathways** (Postponed until the November 21, 2017 meeting) Committee Members

H. Townsend noted that J. Todd recommended not changing “placement” to “assessment” at this time, stating that our students understand our assessment process as a “multiple measures assessment process”. H. Townsend suggested inviting A. Guzman to speak on Multiple Measures/Assessment.

**Informational Items**

1. **Guided Pathways** J. Hamilton

   J. Hamilton reinforced that Guided Pathways is not an initiative but a framework for organization. She noted that no matter what our position at the college, we need to be asking, “What do students need”. J. Hamilton noted that students are taking too long to get a 2-year degree and it’s not entirely their fault. That we are good at getting students here; however, now we need to improve at helping students meet their learning goals in a timely matter.

   J. Hamilton’s presentation on “Paving the Path” Modesto Junior College’s Guided Pathways Program included information on:

   - Financial constraints for students
     - Federal Pell grant funding
     - MJC caps on financial aid
   - 2124 enrolled students that currently have 60+ college-level units and no degree or certificate
   - Programs and the completions numbers at MJC for 2016-2017
   - 2016-2017 awards granted for programs, degrees, and certificates at MJC

   J. Hamilton emphasized that the Curriculum Committee’s decisions on curriculum matter. She mentioned that it’s a privilege to help students achieve their goals and to open the doors to possibilities.

   Discussion ensued expressing concerns and questions and on what students need. The conversation was left as unfinished business item due to time constraints; nevertheless continued dialogue was encouraged among coworkers.

**XI. NEW BUSINESS**

**Action Items**

(None)

**Informational Items**

1. **Noncredit Curriculum** J. Abbott/P. Bettencourt

   J. Abbott gave an informational presentation on the Development of a Noncredit Program in which she talked about:

   - Knowing what you can and cannot do with noncredit and the many possible opportunities.
   - Due to all noncredit being based on positive attendance, classes are recommended in small chunks.
   - The number of students between 15 and 19 is projected to contract by 3% by 2020 and by 7% for those between 20 and 24. Approximately 68% of MJC students are between the ages of 18 and 24.
   - Stanislaus County continues to have one of the highest unemployment rates and lowest education attainment rates in the nation. Modesto is 6th lowest in the United States in educational attainment.
   - Noncredit can be a bridge to career pathways and an entryway into college programs for adult students who are uncertain about “college”.
   - Apportionment for non-credit courses that meet Career Development and College Prep (CDCP) is the same as for credit courses. MUST be at least a 2-course certificate.
   - Four different qualifying areas include: ESL, Basic Skills, Vocational Skills, and Workforce preparation.
   - Some of the benefits include the focus on skill attainment (not units); classes are repeatable, flexible course hours, and courses that are offered free to students.

   Discussion ensued with questions and comments from Curriculum Committee members.
XII. PUBLIC COMMENT

L. Miller introduced Instruction Office student worker, E. Degerman, and commended her on the wonderful job she did in pulling ASSIST articulation summaries and attaching them to the appropriate courses in CurricUNET. The committee also commended her on the huge project.

M/S/U [E. MAKI, E. LUCAS] to adjourn at 4:57 PM

Members Absent: H. Duarte, J. Haynes, N. Sill

Others Present: K. Addington (Administrative Technician), K. Hey (ELIC), R. Luman (ELIC)

I. APPROVAL OF ORDER OF AGENDA

Hearing no objections, the agenda was approved as amended per the following motions.

M/S (L. MILLER, T. GUY) to make a correction to the agenda by adding an expedited request for summer 2018 to NURSE 52.

M/S (T. GUY, E. LUCAS) to postpone Unfinished Business Informational Item #1 Guided Pathways to the January 23, 2018 Curriculum Committee meeting.

M/S (T. GUY, E. MAKI) to accommodate guests.

II. APPROVAL OF MINUTES November 7, 2017

Hearing no objections, the minutes of November 7, 2017 were approved as stated.

III. COURSE NOTIFICATION AGENDA

CCCO Course Approvals

(None)

Course Activity Report

(None)

C-ID Approvals

Due to C-ID2 technical issues, C-ID approval reports are postponed until an audit can take place.

In accordance with the Ralph M. Brown Act and SB 751, minutes of the MJC Curriculum Committee record the votes of all committee members as follows. (1) Members recorded as absent are presumed not to have voted; (2) the names of members voting in the minority or abstaining are recorded; (3) all other members are presumed to have voted in the majority.

V. COURSE DISCUSSION AGENDA

INACTIVATIONS:

( None )

MODIFICATIONS/REACTIVATIONS:

ASTRO 141  Introduction to Astrophysics  3
CCCCO Proposal Type: Non-Substantial
Effective: Summer 2019

REACTIVATE/MODIFY: Advisory, outcomes, content, typical assignments, methods of instruction, methods of evaluation, textbooks, requisite skills
Rationale: Reactivating course. New student demand for a high level astronomy course with increased physics population.

Enrollment Restrictions: Requesting: (P) Satisfactory completion of PHYS 101 or PHYS 142;
Requesting: (A) Before enrolling in this course, students are strongly advised to satisfactorily complete MATH 161 or qualification by the MJC assessment process.

Distance Education Status: (None)
Materials Fee Status: (None)
Articulation Status: Requesting: CSU and UC
C-ID Status: (None)
General Education Status: Requesting: (MJC-GE: A), (CSU-GE: B1), (IGETC: 5A)

Program Impact:
S tand-Alone (Be advised that the department will need to do a timely modification to any desired academic programs in CurricUNET to include this course as an option and to officially change the status to Program-Applicable).

ASTRO 141 pulled for discussion by M. Garcia who questioned Methods of Instruction (MOI) item #4. Division representative, E. Lucas, recommended removing MOI item #4 “Homework and exam problems that apply familiar principles to novel issues” and editing MOI item #2 to read “Instructor-led discussion of assigned readings in text”, which were approved by the committee.

L. Miller commented that a comparable course does not appear to be offered at a California State University (CSU) and the CSU Fresno course is no longer active. Discussion ensued regarding the articulation of ASTRO 141, differences between articulated credit and transferable credit, and meeting the needs of transferring students as well as non-transferring students.

M/S/ (E. LUCAS, E. MAKI) to REACTIVATE/MODIFY ASTRO 141

M/S/C (T. GUY, A. PEEK) to table ASTRO 141 until a future Curriculum Committee meeting in which the author is able attend.

ELIC 910  Academic Language Skills: Sentence Structure  0
CCCEO Proposal Type: New Non-Credit Course
Effective: Upon CCCCO approval
ADOPT
Rationale: There are a number of language learners who have fundamental gaps in their understanding of the English language. There is a need for non-credit modular courses that can provide an overview of important concepts in the English language without requiring a student to take an entire semester-long course. Such modular courses can provide the instruction students need to better succeed in academic courses they are currently taking, supplement instruction, prepare students to take academic courses, and/or prepare student to perform better on placement assessments.
Enrollment Restrictions: Requesting: (A) Before enrolling in this course, students are strongly advised to demonstrate a high-beginning level of academic English language proficiency and have basic computer literacy to complete follow-up course activities and assessments in an online environment.

VII. PROGRAM CONSENT AGENDA  

**MODIFY:** NURSING: ASSOCIATE DEGREE NURSING (ADN) PROGRAM  
A.S. Degree: Nursing: Associate Degree Nursing Program (RN)  
Effective Term: Upon CCCCO Approval  
Rationale: The A.S. Degree in Nursing recently was approved at the October 10, 2017 Curriculum Committee meeting. The department noted that the total units listed for the degree when the award came through for approval was wrong due to the addition of ENGL 100 for 5 units. The award footer information which has been included every year in the catalog which states a student must also take 5.5 units for graduation requirements was also missing in CurricUNET. The total units now are at 65.5-67.5. This important information was missing in CurricUNET. The information was updated in CNET and is here for the purpose of the record.  
M/S/U (K. BUTLER, M. GARCIA) to MODIFY A.S. DEGREE: NURSING: ASSOCIATE DEGREE NURSING PROGRAM (RN), AS AMENDED  
B. Adams noted for clarification that the previous 60-62 units are program requirements and not degree requirements and the 5.5 units were for humanities, activities, and guidance courses, which are graduation requirements. K. Butler requested the statement be modified, for the record, to read “5.5 units for graduation requirements”, which was approved by the committee.  

**MODIFY:** NURSING: ASSOCIATE DEGREE NURSING (ADN) PROGRAM (11/21/17)  
A.S. Degree: Nursing: LVN to ADN (RN) Advanced Placement Pathway  
Effective Term: Upon CCCCO Approval  
Rationale: The A.S. Degree in Nursing LVN to ADN (RN) Advanced Placement Pathway recently was approved at the October 24, 2017 Curriculum Committee meeting. The department noted that the total units listed for the degree when the award came through for approval was wrong due to the addition of ENGL 100 for 5 units. The award footer information which has been included every year in the catalog which states a student must also take 5.5 units for graduation requirements was also missing in CurricUNET. The total units now are at 51.5-60. This important information was missing in CurricUNET. The information was updated in CNET and is here for the purpose of the record.  
M/S/U (K. BUTLER, M. GARCIA) to MODIFY A.S. DEGREE: NURSING: LVN TO ADN (RN) ADVANCED PLACEMENT PATHWAY, AS AMENDED  
B. Adams noted for clarification that the 5.5 units were for humanities, activities, and guidance courses, which are graduation requirements. K. Butler requested the statement be modified, for the record, to read “5.5 units for graduation requirements”, which was approved by the committee.

(None)

Application for Approval - New Noncredit Programs - Requires CCCCO and ACCJC Approval
(Formerly the CCC-460)

ADOPT: BUSINESS ADMINISTRATION PROGRAM
Certificate of Completion: 21st Century Employability Skills (NWoW) 0
Effective: Upon CCCCO and ACCJC Approval
ADOPT
Rationale: Program courses teach "Top 10" 21st Century Employability Skills and provides digital badging for completers. New World of Work funded through CCC.
M/S/U (L. MILLER, M. GARCIA) TO ADOPT CERTIFICATE OF COMPLETION: 21ST CENTURY EMPLOYABILITY SKILLS (N WOW)

ADOPT: ACADEMIC ENGLISH LANGUAGE SKILLS FOR SUCCESS PROGRAM
Certificate of Competency: English Language Instruction for College: 0
Academic Language Skills
Effective: Upon CCCCO and ACCJC Approval
ADOPT
Rationale: Language skills workshops offered in the past year have proven to be very successful and popular with students with requests for more regular and structured offerings. Students of all levels in the English language often require refresher workshops and modules that can assist students in gaining a better understanding of gaps in their funds of knowledge about the language. Such modules can also assist new potential program students' work on important language skills to assist them in assessing into higher levels of English programs.
M/S/U (L. MILLER, M. GARCIA) TO ADOPT CERTIFICATE OF CERTIFICATE OF COMPETENCY: ENGLISH LANGUAGE INSTRUCTION FOR COLLEGE: ACADEMIC LANGUAGE SKILLS

IX. STANDING REPORTS

Due to time constraints and the volume of work before the Curriculum Committee, regular reports for Articulation, and Academic Senate will be provided electronically as an appendix to the minutes.

1. **Articulation**: C-ID Newsletter (Nov.)  
   L. Miller

2. **Academic Senate**  
   S. Circle

X. UNFINISHED BUSINESS

**Action Items**

1. **Curriculum Review Process**  
   B. Adams
   
   B. Adams noted that there has been no progress to report.

2. **Comparable Courses Workgroup**  
   L. Miller

   **Approved Motion: Review of Curriculum for Quality and Currency**
   
   **Comparable Course Criteria – 10.24.17 draft**
   
   L. Miller reported that the workgroup has made progress on clarifying gaps in the Comparable Course Criteria and requested continued input. It was the will of the committee that the Comparable Course Criteria draft document be updated to reflect proposed modifications and presented at the January 23, 2018 Curriculum Committee meeting.

3. **CTE 2-Year Reviews**  
   B. Adams

   **CTE 2-Year Review Form – 10.10.17 draft**
   **CTE 2-Year Review Form for Prerequisites – 10.10.17 draft**
   
   B. Adams commented on the responses she received regarding feedback on the CTE 2-Year Review Forms. Discussion continued, with recommended edits to include:
   
   - That “other” be removed from the second line, leaving the statement to read “every odd-numbered year”
   - That it was unnecessary to distribute a list of CTE courses in March, yet keep the deadline of October 1st
   - Clarification on the language to determine what is the actual information required
   - Reformatting the forms to include “Yes” or “No” check boxes along with dialogue boxes.
   - Noting the actual Title 55003 language on the forms
   - Attaching supporting documentation with the submitted forms
   
   B. Adams thanked the committee for their feedback and noted she would update the CTE 2-Year Review draft forms and present the modified documents at the January 23, 2018 Curriculum Committee meeting.

4. **Code Alignment Project**  
   L. Miller

   L. Miller noted that the Code Alignment Project is a state-wide project where the State Academic Senate made an offer to institutions to opt-in and participate in a facilitated coding review. L. Miller mentioned that Modesto Junior College (MJC) has not elected to opt-in at the time; however, considerations are being made to include the MJC Academic Senate in the conversation on whether or not to proceed with this opportunity.
5. **Proposal to Create ARBC Prefix**  
J. Daly

B. Adams acknowledged that the linked ARBC Prefix proposal had been authorized by English Language Professor, M. Akard, per motion made by E. Maki at the October 10, 2017 Curriculum Committee meeting, requesting faculty representation.

*M/S/U (A. PEEK, S. CASSIDY) to adopt the ARBC course prefix*

6. **2018-2019 Catalog Pathways**  
Committee Members

H. Townsend noted that no updates have been made to the 2018-2019 Catalog Pathways page at this time. H. Townsend restated J. Todd’s recommendation not to change “placement” to “assessment” at this time, reasoning that our students understand our assessment process as a “multiple measures assessment process”.

T. Akers-Porter informed the committee that the Math Department implemented a Multiple Measures Matrix called “The Crosswalk” which uses Grade Point Average (GPA). She noted that questions came up regarding students currently taking a math class such as; “Can a student reassess using the Crosswalk, when traditionally once you start the sequence you must see it through” and “Is it fair to focus on improved placement measures with new students only and ignore current students”? T. Akers-Porter communicated that it is important that students understand their option for retaking the placement test, which is evaluated on a case-by-case bases.

H. Townsend mentioned that J. Todd did recommend dedicating a space in the catalog to explain the different processes and asked her to work with A. Guzman on clarifying language for the catalog.

J. Hamilton interjected that she would also have a conversation with J. Todd and reinforce the need to clarify the processes, which would benefit the students.

B. Adams requested a proof of the 2018-2019 Catalog Pathways page, along with the language for clarification of the MJC assessment and placement processes to be presented at the January 23, 2018 Curriculum Committee meeting.

aid spend outside of the classroom and not just in teaching count. The S. Sill noted of law E. Lucas transfer institution requires that most of our students are on financial aid and we should be more cognizant of unit count. The State funding is now focused on funding support. How are we going to support students outside of the classroom and not just in teaching? Additionally, if students are exhausting their financial aid spending six years finishing their degree at MJC, then we as an institution are not serving them.
J. Hamilton reminded the committee that the California Community Colleges Chancellor’s Office Program and Course Approval Handbook (PCAH) now requires us to prove and provide evidence of total student work on the Course Outline of Record. If content is increased by an hour, then it is required that outside of class hours must be increased by two hours as well. Based on PCAH we cannot increase a unit in a class without legitimizing contact time. S. Circle reminded the committee that we are not increasing but maintaining the unit values.

B. Adams noted that the training for Chief Instructional Officers (CIOs) and Curriculum Committee Chairs at the Curriculum Institute made clear that with implementation of the Chancellor’s Office streamlining of curriculum processes, the responsibility for ensuring that local curriculum adheres to criteria set forth in the California Program and Course Handbook and Title 5 lies with the colleges’ Curriculum Committees. Curriculum Committee decisions should be made in accordance with PCAH and Title 5.

**SOCIO 105 pulled for discussion by L. Senechal** to provide some history on the appearance of this course on the agenda and its CID status.  

Last year, L. Senechal received an email from a Psychology faculty member who asked why MJC psychology majors transferring to Stanislaus State could not use the MJC SOCIO 105 statistics course for the AA-T in Psychology. It was not listed on the AA-T in Psychology. As a result, MJC students were choosing not to earn the AA-T in Psychology at MJC, taking MJC SOCIO 105 and transferring without the AA-T to Stan State, who accepts MJC SOCIO 105 in lieu of MJC MATH 134 for the Psychology degree.  

To research, L. Senechal reviewed the CCCCO AA-T: Psychology template, and saw that only CID MATH 110 was allowed as an option. She then consulted the C-ID (Course Identification Numbering System) website and discovered that many colleges in the state had garnered CID MATH 110 approval for behavioral and social sciences Statistics courses in addition to their traditional Mathematics offerings. As is C-ID submission practice, she asked the Psychology department why we had not pursued CID MATH 110 for SOCIO 105, and if they wished to pursue C-ID approval. The course...
received conditional CID MATH 110 from C-ID Math reviewers in February 2017, and the department was notified.

The C-ID system was overhauled as a database and website in late summer. Many features were not working correctly, such as alerts and online report tools. Only last week did L. Senechal find that MJC was approximately one week away from losing conditional approval for CID MATH 110 C-ID for SOCIO 105. The department was asked if they wanted to turn around the CID revisions requested, and was willing to do it quickly. An exception was made to curriculum submission deadlines to ensure that we did not lose conditional approval due the extenuating circumstances. So, the revisions to the outline that were required to retain the CID approval before the February expiration are what precipitated placing SOCIO 105 on this agenda.

T. Akers-Porter stated that there was no notification made to her department of the course and content update for SOCIO 105 to submit for the MATH 110 C-ID. T. Akers-Porter noted that her department has a MATH 134 course that already has been approved for MATH 110 C-ID. Before SOCIO 105 was developed, Math had also attempted development of a 3-unit statistics for social sciences, but they agreed to stop in light of SOCIO 105 being developed for the same purpose. An agreement was made that the social sciences faculty author should develop SOCIO 105 to serve their majors. T. Akers-Porter added that at that time, the SOCIO 105 author was aware that psychology majors would not be able to use SOCIO 105 for the AA-T in Psychology, and that; consequently, the Psychology department did not want to offer more than one section of the course because it did not satisfy major requirements. Additionally, the department planned to submit only for CID SOCI 125-Introduction to Statistics in Sociology.

T. Akers stated that she supports C-ID work and if the course qualified for both that would be fine. “That would mean students aren’t double taking classes but in this case, SOCIO 105 and CID MATH 110 are not the same class. That is evident that they were not the same class because the reviewer rejected the class based on missing content.” T. Akers Porter noted that then the course outline was updated to include an increase to content. She added that probability is not listed in the textbook for this class and that the current course schedule of topics in the syllabus also does not contain the additional content proposed on the Course Outline of Record (COR). She reasoned that this course outline under reflects an increase in content and—while it appears very succinct—it requires weeks’ worth of instruction. S. Curl clarified that it takes about three weeks to cover just the probability section in MATH 134. She added that this section is difficult for students and requires time for a student to comprehend the topic which is theoretical, mathematical, and rigorous. J. Hamilton cautioned the committee for setting precedent by commenting on how individual faculty deliver course content in individual sections, as that borders on peer evaluations and may infringe on individual faculty members’ academic freedom.

E. Kerr had spoken with the faculty author, L. Carlstrom, about SOCIO 105 and the revisions made for C-ID MATH 110 approval. L. Carlstrom told E. Kerr that she was frustrated with some of the revision the C-ID reviewer requested. She believes that the language requested by the reviewer was already implied by the language of the existing content. So, when L. Carlstrom added: 1. Sample spaces and probability and 2. Random variables and expected value to her content section, she felt the language was now redundant. Therefore, E. Kerr explained that the author reasoned she was not “adding” content, but more explicitly stating content the previously approved version already covers. L. Senechal corroborated E. Kerr’s remarks, stating she had had the same conversation with the course author while she updated the course. She also emphasized that the department was motivated to do this only to better serve their students majoring in Psychology.

H. Dhillon reported she had done an analysis. She focused on 75 CCC courses approved for C-ID SOCI 125. Of those courses, 16 are approved for CID MATH 110. Out of the 16 CID SOCI 125-approved courses that have approval, 81 percent are 4 units. H. Dhillon researched individual college schedules for all 16 campuses. 19 percent were 3 units, while the majority is 4 units. In the past when researching units for statistics courses, the colleges that said they were doing this in 3 units stated that while it was written on paper they are doing so, it is not possible to cover the content in 3 units.
L. Senechal noted that she had different findings because she conducted the query using different search parameters. She audited all courses approved for CID MATH 110, not just those with approval for CID MATH 110 and CID SOC 125. She had significantly different results. Those findings are included in the attached files in CurricUNET.

NEW COURSES:

ANTHR 110  Biological Anthropology with Laboratory  4
CCCCO Proposal Type: New Credit Course
Effective: Upon CCCCO approval
ADOPT
Rationale: This course is being proposed in a lecture/lab combination. Both anthropology majors, and students seeking a lab GE, would be better served if they enroll in the lab course in combination with the lecture course, in the same semester. The Anthropology faculty recognize that there may be a need to keep the separate ANTHR 105 to accommodate those students who have already taken the lecture course and postponed taking the lab, and still need to take the course for transfer. Our plan is to slowly phase out the ANTHR 105 course as the combo lecture/lab course is offered. We plan to keep ANTHR 101 lecture course to provide maximum flexibility for those students who are using it to fulfill a Social Science requirement, or are fulfilling their one lecture Natural/Life Sciences requirement without a lab component.

ANTHR 180 and ANTHR 181 pulled as a block for discussion by L. Senechal who alerted the committee that ANTHR 180 and ANTHR 181 were proposed in the rationale as being special topics courses. She reported that in a special topics class unique topics are offered over time. Past practice for special topics courses in the catalog required that we list Special Topics as the title, and then the departments would bring the content and the objectives for their special topic section to the Curriculum Committee for approval. Ten years ago, each discipline was allowed one special topics course. More recently, we approved more than one special topics course within a discipline, for example, we have a few in Humanities. L. Senechal reported that if these courses are true special topics courses, the numbering should be changed to show 198 or somewhere in the 190’s. D. Bolter reported that the courses are special topics courses and was open to changing the numbering and title for ANTHR 180 and 181. J. Hamilton noted that the course learning outcome (CLO) for ANTHR 180 addressed more than one element. T. Guy alerted the committee that ANTHR 181 would also need to be changed from one CLO to possibly 3. D. Bolter accepted the recommendation for the CLOs to be revised. B. Adams noted the courses would be revised based on recommendations and be placed as consent agenda items on the next agenda.

XI. NEW BUSINESS

Action Items

1. Non-credit Grading Policy (SP) H. Townsend

On September 19, 2016, the Board of Governors approved the changes to California Code of Regulations, Title 5, section 55023 Academic Record Symbols and Grade Point Average. This revision will add a new evaluative grade symbol of “SP”, defined as Satisfactory Progress towards completion of the course (used for noncredit courses only and is not supplanted by any other symbol). The SP grade provides students with a tangible measure of their progress that allows them to monitor their progress. H. Townsend reported that a motion was made at the September 12, 2017 Curriculum meeting to approve pass/no pass as a grading option for non-credit courses. H. Townsend alerted the committee that the option of satisfactory progress (SP) is now available in Colleague to use as well as a grading option/progress indicator for non-credit courses.

*Removed courses from original list that have been recently offered or inactivated/proposed for inactivation*

B. Adams reported that the Sunset List, shown above, has been updated to reflect the progress that had been made with courses that were first reported in the fall.

### XII. PUBLIC COMMENT

*M/S/U (E. Lucas, E. Maki) to adjourn at 4:59 PM*
I. APPROVAL OF ORDER OF AGENDA

Hearing no objections, the order of the agenda was approved as stated, with a correction noted to remove “or qualification by the MJC assessment process” for the ENGL 100 or ENGL 101 requisites listed for ENGL 102 and ENGL 103.

II. APPROVAL OF MINUTES

January 23, 2018

T. Akers Porter noted that information that she had stated was missing under the SOCIO 105 discussion. C. Howard noted that information under FREN 101 course discussion had missing information that needed to be added.

M/S/U (E. MAKI, K. BUTLER) to approve the minutes as amended.

IV. COURSE CONSENT AGENDA

Hearing no objections, the following course changes were approved.

ANTHR 180 and ANTHR 181 came through for adoption at the January 23, 2018 meeting. The two courses were pulled for discussion by L. Senechal who alerted the committee that ANTHR 180 and ANTHR 181 were proposed in the rationale as being special topics courses. The faculty author agreed that the courses should be listed as special topics courses and was open to a change to title and number to reflect these courses as special topics. ANTHR 180, New Fossil Discoveries in Anthropology, has been changed to ANTHR 197, Special Topics: New Fossil Discoveries in Anthropology. ANTHR 181, Hands-On, Experimental Archaeology, has been changed to ANTHR 198, Special Topics: Hands-On, Experimental Archaeology. The course learning outcomes (CLOs) were also discussed at the January 23, 2018 meeting and the faculty author agreed that the CLOs could be revised after the meeting. The course learning outcomes for both courses were revised to be the following:

ANTHR 197:
1. Demonstrate the concepts used to analyze human evolution.
2. Demonstrate the methods used to analyze human evolution.

ANTHR 198:
1. Describe and demonstrate the basic concepts of anthropological archaeology.
2. Describe and demonstrate the methods of inquiry of anthropological archaeology.
3. Describe and demonstrate the techniques of anthropological archaeology.

VI. PROGRAM NOTIFICATION AGENDA

Program Activity

The Certificates of Completion for English for Life and Work: Elementary and English for Life and Work: Proficient were approved on October 11, 2016 by the Curriculum Committee. The Program and Course Approval Handbook (PCAH) defines two types of non-credit certificates as the following:

Certificate of Competency
Pursuant to title 5, section 55151 colleges may offer a sequence of noncredit courses that culminate in a Certificate of Competency or a certificate in a recognized career field articulated with degree-applicable coursework, completion of an associate degree, or transfer to a baccalaureate institution. For students completing noncredit courses in a prescribed pathway, approved by the Chancellor's Office that prepares students to take credit coursework including basic skills and ESL, a Certificate of Competency may be awarded. A noncredit Certificate of Competency means a document confirming that a student enrolled in a noncredit educational program of noncredit courses has demonstrated achievement in a set of competencies that prepares students to progress in a career path or to undertake degree-applicable or nondegree-applicable credit courses. The Certificate of Competency must include the name of the certificate and the date awarded, be identified by a TOP Code number and program discipline, and list the relevant competencies achieved by the student.

Certificate of Completion
Pursuant to title 5, section 55151 colleges may offer a sequence of noncredit courses that culminate in a Certificate of Completion or a certificate leading to improved employability or job opportunities. For students completing noncredit courses in a prescribed pathway, approved by the Chancellor's Office, leading to improved employability or job opportunities, a Certificate of Completion may be awarded. A noncredit Certificate of Completion means a document confirming that a student has completed a noncredit educational program of noncredit courses that prepares students to progress in a career path or to take degree-applicable credit courses. The Certificate of Completion must include the name of the certificate and the date awarded, be identified by a TOP Code number and program discipline, and list the relevant courses completed by the student.

H. Townsend alerted the faculty author and dean that the recent English Language Instruction for College: Academic Language Skills Certificate came through and was approved by the Curriculum Committee on November 21, 2017 as a Certificate of Competency. H. Townsend asked the faculty author and dean if the two certificates approved in 2016 should have also been approved as a Certificate of Competency instead of a Certificate of Completion. The faculty author and dean alerted that the two certificates should be changed to be a Certificate of Competency. H. Townsend made the change in CurricUNET and in the Chancellor's Office Curriculum Inventory (COCI) and the information is here for the purpose of the record.

VII. PROGRAM CONSENT AGENDA

Hearing no objections, the following program changes were approved.

MODIFY: ANTHROPOLOGY PROGRAM
A.A.-T Degree: Anthropology
Effective: Upon CCCCO Approval (Summer 2019)

Rationale: The Anthropology A.A.T Degree came through and was approved at the January 23, 2018 Curriculum Committee meeting. It was noted at the meeting that H. Townsend had found a discrepancy between what was in CurricUNET compared to the Chancellor's Office Template (COT). The template and CNET both now match and the total units are correctly showing at 19-26. The ANTHR 180 and ANTHR 181 courses listed in List C of the template were also revised to show as their new course numbers and titles which are:

ANTHR 197 Special Topics: New Fossil Discoveries in Anthropology
ANTHR 198 Special Topics: Hands-On, Experimental Archaeology

IX. STANDING REPORTS

Due to time constraints and the volume of work before the Curriculum Committee, regular reports for Articulation and the Academic Senate will be provided electronically as an appendix to the minutes.

1. Articulation: C-ID Newsletter  
   L. Senechal  
   No Report

2. Academic Senate  
   C. Redwing  
   C. Redwing reported that the Academic Senate Executive Board met with some faculty last week and is in the process of working on reviewing the process and practice of the Curriculum Committee and might have some recommendations at the next meeting to help avoid issues where faculty believed they were not properly consulted before a meeting. He added that the overall concern of Senate is that we maintain collegiality and that faculty feel included in interdepartmental issues in the future.

1. **Curriculum Review Process**

   B. Adams

   B. Adams alerted the committee that based on C. Redwing’s Academic Senate report, it appears that the Curriculum Committee might be seeing something come through in the future that tie into the review process. C. Redwing added that it may just be a clarification to the curriculum manual.

2. **Comparable Courses Workgroup**

   L. Senechal

   **Approved Motion: Review of Curriculum for Quality and Currency**

   Quality and Currency Criteria – 02.06.18 draft (Formerly Called Comparable Course Criteria)

   L. Senechal reported that the Comparable Courses Workgroup item has been on the agenda for some time. The following motion was approved by the Curriculum Committee on March 28, 2017:

   **M/S/U (L. MILLER, T. GUY) to approve the “Review of Curriculum for Quality and Currency” document with the friendly amendment of adding a bullet point stating “The comparable courses workgroup continues to work and recommend a process to the Curriculum Committee for review and approval”.**

   **Approved Motion: Review of Curriculum for Quality and Currency**

   L. Senechal added that there has been a lot of conversation about past practice of proposing new courses for curriculum approval and what is needed to demonstrate comparable courses. There have been concerns about courses coming through that have a misalignment in terms of articulation.

   The workgroup was mobilized to unpack the issue and then came up with the resolution, *Review of Curriculum for Quality and Currency*. Out of the resolution, the draft of the *Quality and Currency Criteria* (formerly known as *Comparable Course Criteria*) was created. The idea of the *Quality and Currency Criteria* draft is to show a process where courses are evaluated consistently and fairly in terms of being comparable.

   L. Senechal alerted the committee that current practice asks faculty to identify comparable courses at the CSU and UC only when courses numbered 100-299 are proposed. In the process of the workgroup, discussion ensued about other levels of curriculum and whether we should demonstrate quality and currency in the same way. The workgroup arrived at criteria for new or changed proposals for all courses numbered 1-399. This drafted criteria presents a significant change in the logic of how the curriculum committee would do business, in that authors would need provide the evidence stipulated under for each numbering level (1-99) (100-199)(200-299) and/or (300-399).

   The drafted criteria has changed since the last time the Curriculum Committee reviewed the document. Items in red reflect new elements recently added per feedback and dialogue from the Curriculum Committee meeting. L. Senechal changed the title from *Comparable Course Criteria to Quality and Currency Criteria* to align with district policy and reflect the fact that there are more ways to demonstrate comparability than with comparable UC/CSU courses alone. She noted that when faculty provided comparable courses and as the Articulation Officer, she had to fact check what had listed. Those faculty didn’t necessarily know that articulation agreements were already in place for those courses. She asked, “Why are we asking faculty to go on a goose chase when we already have evidence that the course is used by the receiving institution?” This is why existing articulation agreements were added as an option for evidence. CTE Advisory Committee meeting minutes showing support for a given proposal was also an option for courses numbered (200-299) or (300-399).

   E. Maki asked if the third bullet point, the comparable course exercise in CurricUNET, shall be modified and if so, how will it be modified?

   L. Senechal reported that ideally the interface would be redesigned to prompt faculty appropriately. B. Adams added that the field in CurricUNET currently does not capture everything. E. Maki added that in Music, repeatability is built in to parts of their curriculum and the repeatable course is part of C-ID, he added that he shouldn’t have to go out and look for a comparable class. L. Senechal reported that the draft has this information listed as: *Demonstrate approval for OR strong alignment with a finalized C-ID descriptor*. 
P. Mendez inquired about the difference in language between 200 and 299 and 300 and 399 course numbers. One area states “support/need” while the other states “support and need.” L. Senechal stated she will correct it to the preference of “support/need.”

T. Akers Porter added that recently courses have come through the Curriculum Committee with the word “placeholder” listed. She said that due to courses coming through without comparable courses listed, having criteria is a necessary step to ensure that something goes into CurricUNET instead of placeholder.

B. Adams added that there can be multiple ways to provide evidence for comparable courses and some type of evidence should be listed when courses are requesting UC or CSU transferability.

N. Sill added that we have watched some shifts in curriculum where a course did align with a CSU at one time but now the course is considered upper division. What is the stance of the committee on an existing course? How are we going to deal with things like that? A new course would seem like a no-brainer and we could easily find alignment but what happens to an existing course that no longer is considered lower division?

Discussion ensued noting the following items:

- Upper division/grandfathered courses
- Students having to retake courses at the CSU
- Curriculum that meets students’ needs
- CSUs respond differently to transferability requests
- Modesto Junior College course numbering system
- Protection of standalone courses/truth in advertising

M/S/F (T. GUY, S. CASSIDY) that we institute a first reading and second reading process and to accept this as a first reading.

Motion Failed:
0 AYES
1 ABSTENTION (C. Howard)

M/S/U (E. LUCAS, E. MAKI) to accept this as a first reading and have it come back as a second reading.

3. CTE 2-Year Reviews

B. Adams

CTE 2-Year Review Form – 01.23.18 draft
CTE 2-Year Review Form for Prerequisites – 01.23.18 draft

B. Adams reported that the CTE 2-Year Review Form for Prerequisites has been revised based on comments from a previous meeting. The following items were added to the draft:

- Yes or no checkbox
- Link to Perkins
- Instruction Office TOP Code verification

The committee reviewed and discussed the revised draft and asked that the following items be added to the draft and brought back for review at the next meeting:

- Prerequisite column
- Condensed yes or no checkbox
- Separate table for programs
4. **2018-2019 Catalog Pathways**  

H. Townsend showed the committee the draft 2018-2019 catalog where new information for multiple measures is listed. The updated University Preparation, CTE Pathway and ADT Pathway pages were also provided to the committee for review. The committee members noted that some edits were needed and had a question whether IB (International Baccalaureate) should also be listed as a multiple measure in the catalog. H. Townsend stated that she would follow-up with the Admissions and Records office and plans to bring the document back with the noted revisions at the next Curriculum Committee meeting.

**Informational Items**

1. **AB 705 Implementation and Timeline**  

B. Adams reported that a memo came out from the California Community Colleges Chancellor’s Office on December 6, 2017 about the AB 705 implementation and timeline. The memo and timeline are available in the links listed above.

**XII. PUBLIC COMMENT**

K. Butler introduced L. DeFreitas, Professor of Nursing, to the committee. L. DeFreitas will be attending the committee meetings this spring with K. Butler.

*M/S/U (E.MAKI, E. LUCAS) to adjourn at 4:42 PM*
I. APPROVAL OF ORDER OF AGENDA

Hearing no objections, the order of the agenda was approved as stated with a request from E. Maki to move XI. New Business Informational Item, Financial Aid Facts, after Item II., Approval of Minutes and an additional request was made by T. Guy to accommodate guest, M. Akard, who was present to address any questions regarding ELIC 43 and ELIC 53 course approval. It was also noted that X. Unfinished Business Item, Guided Pathways, may possibly be postponed to the next meeting.

II. APPROVAL OF MINUTES  
February 06, 2018

Hearing no objections, the minutes of February 06, 2018 were approved as stated.

IV. COURSE CONSENT AGENDA

*Hearing no objections, the following course changes were approved.*

ENGL 102 and ENGL 103 were pulled for discussion at the February 6, 2018 Curriculum Committee meeting because the requisite skills checklist in CurricUNET did not completely show all goals matched correctly to the requisite skills listed for the prerequisite courses, ENGL 100 and ENGL 101.

It was reported at the meeting that the goals for ENGL 100 and ENGL 101 are exactly the same and the requisite skills checklist was in need of an update to show the information correctly. ENGL 102 was revised at the meeting. After the meeting, ENGL 103 was updated to show the same skills matched in CurricUNET as ENGL 102. The information is here for the purpose of the record.

<td><strong>Rationale:</strong></td>
<td>For many years now, we have struggled to offer German 102. The last time we did so was in Spring 2014 (with about 16 students enrolled) and the time before that was Spring 2010 (again, with an enrollment of 14-15). Rationale: On the one hand, we have fewer and fewer area high schools that offer sufficient German courses to prepare students to jump into German 102 at MJC. In other words, we have little feed-in from area schools. On the other hand, MJC administration now requires enrollment of 20 students or higher. Rarely, if at all, have I had 20 or more students enrolled in German 102 in the past. German 102 only made a 20+ student count when it was combined with German 103/104 years ago (a combination that short-changed our students). Also, we have tried to offer the course almost every spring semester, most often with the sole result of canceling it. Clearly, course cancellations cause problems for the students enrolled as they need to find another course in the last minute. In addition, course cancellations are very stressful for the instructor (me) as I too have struggled to find another course to make load (often bumping an adjunct faculty). Given the college climate and lack of willingness to commit to a German program and the second-semester level, I am inactivating this course.</td>

MODIFICATIONS/REACTIVATIONS:

HE 110  Healthful Living  3

CCCCO Proposal Type: Non-substantial
Effective: Summer 2019
MODIFY: Description, outcomes, content, methods of instruction, typical assignments, textbooks, objectives, methods of evaluation
Rationale: This course is being updated to match the C-ID for Public Health 100 and to meet current curriculum standards.
Enrollment Restrictions: (None)
Distance Education Status: Maintaining: Mixed modalities/hybrid, online
Materials Fee Status: (None)
Articulation Status: Transfers to CSU and UC: (CC HHP 60)
C-ID Status: Requesting: (C-ID PHS 100)
General Education Status: Approved for: (MJC GE: E) (CSU GE: E)
Program Impact:
- Athletic Training/Sports Medicine A.S. Degree
- CSU GE Pattern
- General Studies, Emphasis in Language and Rationality A.A. Degree
- MJC GE Pattern
- Public Health Science A.S. T Degree (Pending ACCJC approval)

M/S/U (L. SENECHAL, E. LUCAS) pulled for discussion by L. Senechal who noted that HE 110 was submitted for C-ID approval and at the time of submission she noted that there was a misalignment between the Course Outline of Record and the C-ID descriptor. The course was sent back as conditionally approved by the reviewer who had requested some substantial suggestions. The faculty author updated the course recently and placed about 80% of what the C-ID reviewer had suggested. It was noted that the course objectives were still in need of revision. Course author has granted permission for the course objectives to be revised at the meeting.

T. Akers Porter asked if the changes made to the Course Outline of Record should instead be made and brought back for committee review as changes such as these need to be reviewed and discussed by the committee. She added that she is hesitant to approve changes being made during the meeting as these are substantial changes to the COR. B. Adams added that for courses in need of substantial changes to the COR, past practice has been that the Curriculum Committee representative would withdraw the course, make the needed changes, and bring the course back for approval at a later meeting.

HE 110 WITHDRAWN by division representative, P. Brogan, on behalf of the HE faculty, due to the discussion regarding changes needed to the Course Outline of Record for C-ID submission, thereby removing it from the agenda for consideration.
NURSE 272 Nursing Process: Geriatrics 1
CCCCO Proposal Type: Non-Substantial
Effective: Summer 2019
MODIFY: Corequisite, description, requisite skills
Rationale: Updating course description and adding a corequisite.
Enrollment Restrictions: Maintaining: (L) Enrollment limited to students who are accepted into the Associate Degree Nursing program; Requesting: (C) Concurrent enrollment in NURSK 800.
Distance Education Status: Maintaining: Teleclass
Materials Fee Status: (None)
Articulation Status: Transfers to CSU
C-ID Status: (None)
General Education Status: (None)
Program Impact:
- Nursing: Associate Degree Nursing Program (RN) A.S. Degree
M/S/U (R. CRIPÉ, J. HAYNES) to MODIFY NURSE 272

During blanket approval, T. Akers Porter noted that the comparable course listed is a graduate level course. She asked why we are offering that kind of a level course. Is it for licensing? The comparable course listed is a course at Stan State which is a 5300 graduate level course.

K. Butler stated that NURSE 272 is a part of the Nursing program. L. Senechal reported that the ADN program has a more focused and applied approach to learning than the BSN and graduate programs. One is more theoretical and one is more applied. She added that she also struggles with the comparable course listed but is looking to the Nursing faculty to address the comparable course listed. She alerted that when reviewing the Stan State course listed, it seemed like it was basically a class that people could take focusing on geriatrics where their emphasis would be. L. Senechal asked, when we look across the state, are geriatrics courses a part of the ADN across the state through the BRN? Is it an external mandate for why we are putting this course in the comparable courses field?

L. DeFreitas added that she took the 5300 course at Stan State and alerted that the course is much more of a theoretical based course for those getting a Geriatric Nurse Practitioner Master’s Degree.

B. Adams reported that the comparable course from Stan State most likely carried over when the course update proposal was made as the author only focused on updating the requisite for this course. She added that she will research and find a comparable course to replace the Stan State course and the information will be placed as consent at the next meeting.

M/S/U (L. SENECHAL, T. AKERS PORTER) to MODIFY REQUISITES for NURSE 272

**SPAN 112**

Introduction to Chicano/a Literature

CCCCO Proposal Type: Non-Substantial

Effective: Summer 2019

**MODIFY:** Prerequisite, DE modalities, requisite skills

**Rationale:** Course is being updated to show the removal of SPAN 104 from the prerequisite as it has been inactivated.

**Enrollment Restrictions:** Removing: (P) Satisfactory completion of SPAN 104 or SPAN 110; Requesting: (P) Satisfactory completion of SPAN 110.

**Distance Education Status:** Removing: Online

**Materials Fee Status:** (None)

**Articulation Status:** Transfers to CSU and UC

**C-ID Status:** (None)

- General Studies, Emphasis in Humanities A.A. Degree
- IGETC Pattern Certificate of Achievement
- Language Studies A.A. Degree
- MJC-GE Pattern
- Spanish for Transfer AA-T Degree

**SPAN 112 pulled for discussion by T. Guy** who reported that he was confused as to why the author used a CSU Chico course as a comparable course when the same CSU Chico course was also used as comparable for the SPAN 173 class. He found that Dominguez Hills has a more comparable course instead of CSU Chico for this course, SPAN 112. T. Akers Porter agreed and noted that the comparable course, CSU Chico, Introduction to Latin American Literature, did not seem comparable to SPAN 112. She researched and found that CSU Sacramento had a SPAN 130 course that was much more comparable to SPAN 112.

T. Guy added that since SPAN 173 already has the CSU Chico course listed as being comparable, instead of sharing the same comparable course for both, SPAN 112 should show a more comparable course such as CSU Dominguez Hills. The Comparable Courses field was updated at the meeting to reflect the removal of CSU Chico and addition of CSU Dominguez Hills.

**M/S/U (C. HOWARD, T. GUY) to MODIFY SPAN 112**

**M/S/U (L. SENECHAL, T. AKERS PORTER) to MODIFY REQUISITES for SPAN 112**

SPAN 173 pulled for discussion by T. Guy who noted that the Methods of Evaluation (MOE) showed duplicate entries. The duplicate entries were discussed and removed at the meeting. T. Guy also noted that the assignments field showed “Preparation for oral presentation” but oral presentations were not mentioned in the Methods of Evaluation. It was found that “Individual conferences with the instructor” was listed in the Methods of Evaluation field which addressed the assignment “Preparation for oral presentation.”

M/S/U (R. CRIPÉ, J. HAYNES) to ADOPT AGEC 50

During blanket approval, T. Akers Porter asked for background information regarding AGEC 50 being a 2 + 2 course. J. Haynes reported that originally all of the AG 50 level courses were written for the high schools for articulation purposes. She added that they are obligated through articulation agreements with the high schools to offer these classes. She reported that they are slowly becoming extinct due to dual enrollment. Students in high school would come here to take these courses. The courses have not been offered in a while and the plan is to reoffer these courses.
ELIC 43

Pulled by T. Guy for discussion who reported that ELIC 53 has come through previously as a collegiate level course, ELIC 153. Now that the course has been revised to show as ELIC 53, he noted that having the word collegiate in the title is no longer appropriate as the course is no longer a collegiate level course. T. Guy alerted that the word collegiate is also listed in the Course Outline of Record and should be removed and replaced with “highly advanced listening and speaking” where it may be needed. He reported that the title would fit better as “Advanced High Listening and Speaking” after removing the word Collegiate within the title. M. Akard, faculty author, agreed.

ELIC 20 Low Intermediate Academic Reading and Composition A 4
Effective: Summer 2018
MODIFY: DE modalities only
Rationale: Adding DE modality to the course.
Distance Education Status: Requesting: Mixed modalities/hybrid
Program Impact:
Stand-Alone (Be advised that the department will need to do a timely modification to any desired academic programs in CurricUNET to include this course as an option and to officially change the status to Program-Applicable).

ELIC 20, 21, 22, 23, 30, 31, 32, 33, 43, 53, 140, 141, 142, 150, 151, and 152 pulled as a block for discussion by T. Guy who noted that the courses may be going against campus policy for distance education. He reported that his division dean had told his department that when teaching a hybrid course that they must meet one hour a week throughout the semester with the student. This would mean that the percentage of time spent in class should be at least 33% and 66% to 67% could be spent online. These courses, as written, are open-ended stating 1% to 99% could be online or in the classroom.

A. Peek reported that she understood that the description of online versus hybrid is that if any part of the course requires a face-to-face meeting, the course has to be called hybrid. Online courses can have no mandatory face-to-face meetings.

M. Akard stated that the hours that their students can attend classes are pretty limited as the students who enroll in these classes are non-traditional students. Many are parents with children. This year, the ELIC faculty, are trying to offer reading composition and grammar classes at the same level but found that the students, due to limitations with when they can attend classes, found themselves having to choose between which classes they need for the semester. He added that to solve this issue for students, the department took about one hour of each class and created distance education. They are not looking at having online classes with face-to-face. They are instead creating face-to-face classes with a little bit of an online component to help free up the schedule.

B. Adams added that T. Guy’s question is more of an administrative question in terms of the need for clarification on the current policy for distance education (DE). J. Hamilton said that it is a local decision and it may be that the dean in T. Guy’s area is just working from older information. She reported that the policy is in the MJC 2012-2017 Distance Education Plan. She added that it is currently undergoing revision right now but encouraged faculty to consult the current DE plan for information about policy.
She added that definitions are discussed on page 9 of the MJC 2012-2017 Distance Education Plan, which states the following:

**Fully Online:** Courses in which students work entirely without having to come to any college facility. Arranged proctored tests are available in this modality (students do not have to come to an MJC to take tests); orientations and/or face-to-face class meetings are optional. Synchronous activities are not required but if synchronous events are scheduled, they may be posted as required archives for asynchronous access.

**Hybrid (Blended):** Anytime distance education is offered in lieu of face-to-face class time, where planned face-to-face time is formally scheduled. This designation is also given whenever students are required to come to an MJC site for any reason (testing, orientation, etc.).

**Enhanced (Face-to-face with web enhancement):** Face-to-face courses that require the student to access the Internet and/or LMS as part of the course work.

IX. STANDING REPORTS

Due to time constraints and the volume of work before the Curriculum Committee, regular reports for Articulation and the Academic Senate will be provided electronically as an appendix to the minutes.

1. Articulation: C-ID Newsletter

   L. Senechal reported that she is currently working on the California Intersegmental Articulation Council meeting minutes where interesting dialogue regarding many curricular issues took place.

2. Academic Senate

   C. Redwing reported that the Senate Executive Board is still in the process of discussion regarding the process and practice in curriculum pertaining to content overlap and should have recommendations soon for the Curriculum Committee.

   He reported that a 1st Reading on, Resolution S18-B: Regular and Effective Contact for Online Courses passed at the February 15, 2018 Academic Senate meeting. He explained that Resolution S18-B was created due to a recommendation made by ACCJC and it addresses Regular Effective Contact (REC) in online courses. Discussion ensued addressing the following:

   - The DE Addendum, not the Course Outline of Record, may need to be updated to show a REC statement of policy.
   - A statement of policy is different than follow-through.
   - MJC currently has a great online process and training program.
   - Announcements in Canvas may not be showing contact with students and can be discussion oriented in Canvas. You can make an announcement and request comments to turn it into a class discussion.
   - Sending a course email does show contact with students as not everything is visible in Canvas.
   - Some faculty use Facebook and this would never show up in Canvas for the accreditors to see.
   - What is the expectation of the Curriculum Committee for addressing REC?

To see more information about the February 15, 2018 Academic Senate meeting, the Academic Senate Highlights are provided in the link above.

X. UNFINISHED BUSINESS

Action Items

1. Curriculum Review Process

   B. Adams alert the committee that since we are awaiting a recommendation from the Senate Executive Board, the Curriculum Review Process item will be addressed at a future meeting once recommendations are received.
2. Comparable Courses Workgroup  
L. Senechal

**Approved Motion: Review of Curriculum for Quality and Currency**

Comparable Course Criteria – 02.06.18 draft

L. Senechal reported that we are revisiting this item from where we left off last week to receive input from the divisions. It was noted that more time is needed to provide the document to each division in a division meeting so the document and feedback will be addressed at the March 06, 2018 Curriculum Committee meeting.

3. CTE 2-Year Reviews  
B. Adams

CTE 2-Year Review Form – 01.23.18 draft

CTE 2-Year Review Form for Prerequisites – 02.20.2018

B. Adams shared with the Curriculum Committee the updated CTE 2-Year Review Form for Prerequisites. R. Cripe assisted with filling out the information on the draft using the Fire Science program as an example. The suggestions given at the last meeting were included in the draft. B. Adams noted that at the next meeting, she would like to include a short paragraph to address the policy itself.

**M/S/U (R. CRIPE, E. MAKI) to approve the documents and move them forward.**

4. 2018-2019 Catalog Pathways  
H. Townsend

H. Townsend provided the committee with an updated draft of the catalog pages that were initially reviewed by the committee at the February 06, 2018 Curriculum Committee meeting. She reported that IB (International Baccalaureate) was added to the paragraph that discusses multiple measures used at Modesto Junior College. The IB information will be discussed and/or approved officially as a measure to be used in the multiple measures process by the Literature and Language Arts Department at their next department meeting in early March. H. Townsend noted that if the department does not approve IB as an additional measure to be used, she will remove it from the catalog draft before the catalog is published.

**M/S/U (A. PEEK, E. KERR) to reaffirm the ADT, CTE, and University Preparation Pathways pages in the 2018-2019 catalog.**

**Informational Items**

1. Guided Pathways  
J. Hamilton/R. Stevenson

Presentation postponed to the March 06, 2018 meeting.

**XI. NEW BUSINESS**

**Action Items**

(None)

**Informational Items**

1. Financial Aid Facts  
P. Fikse

P. Fikse, Director of Student Financial Services, provided a *Financial Aid Facts* PowerPoint presentation to the committee. The presentation can be viewed in the link above. Below is some of the information that was covered in the presentation:

1. Financial Aid assistance is now also available on both campuses.
2. October 1\(^{st}\) (formerly January) is the new application start date for FAFSA (Free Application for Federal Student Aid)
3. Different types of awards are available
   - California College Promise Grant (formerly known as BOG Fee Waiver)
   - California Promise Grant
     - For students enrolled in 12 units and first time at MJC
   - Cal Grant (B and C)
- FTSSG (Full-Time Student Success Grant)– Enrolled in 12 units plus & receiving Cal Grant
- CCCG – California College Completion Grant - $1,500

4. Do not wait until census to drop students from a course
5. Drop students for no attendance before the refund date if applicable
6. Student Academic Progress:
   - Maximum time frame: Financial aid students are expected to complete their program with 150% of the published length of the program. 90 attempted units.
   - Pace of progression: Financial aid students are expected to have completed at least 67% of all units attempted.
   - Federal law limits the amount of Federal Pell Grant Funds a student may receive over your lifetime which is equivalent to six years of full Pell Grant Funding. 600%

2. **CCCOO February First Friday Memo**
   The CCCCO February 2018 First Friday memo was provided to the committee for review. For more information, see the link above.

**XII. PUBLIC COMMENT**

*M/S/U (E. LUCAS, E. MAKI) to adjourn at 4:37 PM*
I. APPROVAL OF ORDER OF AGENDA

Hearing no objections, the order of the agenda was approved as stated.

II. APPROVAL OF MINUTES

Hearing no objections, the minutes of February 20, 2018 were approved as stated.

IV. COURSE CONSENT AGENDA

Hearing no objections, the following course changes were approved:

CSCI 253  Web Database Development  3
CCCCO Proposal Type: Non-Substantial
Effective: Summer 2018 **EXPEDITED**
**MODIFY:** General Education
General Education Status: Maintaining: (MJC-GE: D2)
Rationale: CSCI 253 last came through for Curriculum Committee approval on January 24, 2017. It was recently noted that the January 24, 2017 agenda did not reflect that CSCI 253 needed approval to maintain MJC-GE: D2 in CurricUNET and in the upcoming 2018-2019 MJC catalog. CSCI 253, formerly listed as CMPSC 276, was previously approved to be listed in the MJC-GE: D2 area. This information is here for the purpose of the record to maintain MJC-GE: D2 for CSCI 253 effective Summer 2018.

ELIC 53  Advanced High Listening and Speaking  3
CCCCO Proposal Type: Non-Substantial
Effective: Upon CCCCO Approval
**MODIFY:** Title, description, objectives
Rationale: ELIC 53 was pulled at the February 20, 2018 meeting by T. Guy who reported that ELIC 53 has come through previously as a collegiate level course, ELIC 153. Now that the course has been revised to show as ELIC 53, he noted that having the word collegiate in the title is no longer appropriate as the course is no longer a collegiate level course and that the word collegiate should be removed in all instances where it is displayed in the Course Outline of Record. He reported that the title would fit better as “Advanced High Listening and Speaking” after removing the word Collegiate within the title. M. Akard, faculty author, agreed and the title and Course Outline of Record were revised after the meeting. This information is here for the purpose of the record.

NURSE 272  Nursing Process: Geriatrics  1
CCCCO Proposal Type: Non-Substantial
Effective: Summer 2019
**MODIFY:** Comparable courses
Rationale: NURSE 272 was pulled at the February 20, 2018 meeting for discussion regarding the comparable courses listed. It was noted at meeting that the comparable courses field for NURSE 272 would be updated by B. Adams. B. Adams updated the comparable courses field with CSU Fresno course, NURS 10L. This information is here for the purpose of the record.

V. COURSE DISCUSSION AGENDA

**INACTIVATIONS:**

PE 122  Adapted Physical Education Theory and Lab  3
CCCCO Proposal Type: Inactivation
Effective: Summer 2019
**INACTIVATE**
Rationale: Course is no longer being offered.
Program Impact:
- Kinesiology A.A. Degree

**M/S/U (E. MAKI, L. SENECHAL) to INACTIVATE PE 122**
PEC 142  Exercise For Fitness 2  1
CCCO Proposal Type: Inactivation
Effective: Summer 2019
INACTIVATE
Rationale: Course is being inactivated as it is no longer being offered.
Program Impact:
- Kinesiology A.A. Degree
M/S/U (E. MAKI, L. SENECHAL) to INACTIVATE PEC 142

PEC 169  Intermediate Swimming  1
CCCO Proposal Type: Inactivation
Effective: Summer 2019
INACTIVATE
Rationale: Course is being inactivated as it is no longer being offered.
Program Impact:
- Kinesiology A.A. Degree
- Kinesiology A.A-T Degree
M/S/U (E. MAKI, L. SENECHAL) to INACTIVATE PE 169

POLSC 111  War & Peace: From Lenin to Al Qaeda  3
CCCO Proposal Type: Inactivation
Effective: Summer 2019
INACTIVATE
Rationale: We want to inactivate this course because we have not offered it in several years and don't plan to offer it in the foreseeable future.
Program Impact:
- CSU-GE Pattern
- General Studies, Emphasis in Social & Behavioral Science A.A. Degree
- IGETC Pattern
- MJC-GE Pattern
M/S/U (E. MAKI, L. SENECHAL) to INACTIVATE POLSC 111
MODIFICATIONS/REACTIVATIONS:

**M/S/U (E. MAKI, L. SENECHAL) to MODIFY CMPGR 219**

**M/S/U (E. MAKI, J. FORTE) to MODIFY REQUISITES for CMPGR 219**

During blanket approval, T. Akers Porter noted that the course is a portfolio review class but the requisite skills do not seem to indicate if the portfolio items are created in the class. L. Senechal added that CMPGR 219 is a capstone course. Discussion ensued regarding the course assignments where the following was stated, “Students will produce a variety of self-promotional materials.”

N. Sill reported that it is her understanding that the course is designed to teach students how to market themselves and the portfolio is being developed in class. T. Akers asked, if within the department, do the students know that they should come to this class with something for the portfolio? Publically we are not advertising this course to reflect that students would need to come to the class with previously created work. Are we being transparent in what students are supposed to bring to the class? L. Senechal volunteered to follow-up with the faculty author regarding the advisory listed.

HE 118 was pulled for discussion by B. Adams on behalf of E. Lucas who noted during Curriculum Committee member review that the content section seemed rather thin on details, thus the course reads like a fitness lab class. Discussion ensued and it was reported that the class is a lecture only class.

SOCIO 150 pulled for discussion by M. Garcia who noted that the Methods of Evaluation (MOE) field in CurricUNET has the word “Theatre” listed and was wondering if this should be removed or revised. The faculty author was contacted via text message during the meeting who responded that she listed theatre because role-playing is done in class. She added that the word could be replaced with something more standardized or traditional, if needed. The word “Theatre” was replaced with “Role-playing” in the Methods of Evaluation field in CurricUNET.

DE (Distance Education)

**COMM 103** Interpersonal Communication

**Effective:** Summer 2018  
**MODIFY:** DE modalities only  
**Rationale:** COMM 103 satisfies requirements for the Communication Studies Certificate and A.A./A.A.T. awards but has not previously been offered in a hybrid modality. More Communication Studies courses have been adapted for D.E. to benefit students who work, have children, or need flexible schedules. In this vein, offering COMM 103 as a hybrid would serve two primary functions. 1) It would give students more flexibility for completing program requirements. 2) It would allow students to complete more classes more quickly. Students could theoretically enroll in two hybrid courses that meet during the same time-slot but on alternating days. A student could complete two hybrid courses in the same time that they would otherwise only complete one fully face-to-face course.  
**Distance Education Status:** Requesting: Mixed modalities/hybrid  
**Program Impact:**  
- CSU General Education Pattern Certificate of Achievement  
- Communication Studies A.A. Degree  
- Communication Studies Certificate of Achievement

**IX. STANDING REPORTS**

Due to time constraints and the volume of work before the Curriculum Committee, regular reports for Articulation and the Academic Senate will be provided electronically as an appendix to the minutes.

1. **Articulation:** C-ID Newsletter  
   L. Senechal  
   L. Senechal alerted that a C-ID Newsletter is not yet available. She reported that she will be attending the California Intersegmental Articulation Council (CIAC) Regional meeting this Friday in Fresno and the Northern California CIAC meeting in Sacramento next Friday. Items that will be covered will include best practices, timelines with the new ASSIST (Articulation System Stimulating Interinstitutional Student Transfer) and the Statistics Pathways.

2. **Academic Senate**  
   C. Redwing  
   C. Redwing reported that Academic Senate Resolution S18-B, Regular and Effective Contact for Online Courses will be presented as a 2nd reading at the next Academic Senate meeting.

**X. UNFINISHED BUSINESS**

**Action Items**

1. **Curriculum Review Process**  
   B. Adams  
   It was reported that Senate Exec is still in discussion regarding content overlap so the Curriculum Review Process discussion will be continued at a future Curriculum Committee meeting.
2. **Comparable Courses Workgroup**

Approved Motion: Review of Curriculum for Quality and Currency

Comparable Course Criteria – 02.06.18 draft

L. Senechal reported that one department has provided feedback for the Comparable Course Criteria draft. The feedback came in from the Literature and Language Department and can be viewed at the following link:

http://www.mjc.edu/governance/curriculum/documents/litlang_feedbackComparableCourses_2018_03_06.pdf

L. Senechal reported that in her conversations with the Academic Senate, the belief is that any criteria that is set-forth in the Curriculum Committee meetings that the Academic Senate is hoping that it is circulated at the division level so the draft can go through the Academic Senate with ease. She added that any feedback that can come in through these channels would really help to develop something that is going to work.

Discussion ensued regarding feedback from departments and it was reported that most still need time to review and provide feedback.

L. Senechal reported that the Literature and Language Department gave very detailed feedback. She responded to the feedback provided via email in regards to the following item, “The statement "to guide four-year course-to-course articulation efforts upon local approval" seems mystifying - please revise for clarity of purpose.” L. Senechal said that she had this item listed as part of the process because we don’t currently have very good channels with which to communicate about articulation goals. She added that currently if a faculty member wants to articulate a course with a given institution, there is really nothing other than an email to trigger that process. S. Cassidy asked if this item is going to be reworded. L. Senechal added that it can but that the statement was really just saying that it was going to help guide her when pursuing course 4-year course to course articulation.

A. Peek reported that the way the language has been morphing through revisions was most highly concerning to Lit and Lang. She added that the Literature and Languages Department felt that this document was trying to do way more than simply a comparable course checklist. A. Peek recommended that item #3 be revised to say, “To guide the articulation officer in pursuing articulation.” S. Cassidy agreed that the statement revision would be clearer.

One of the recommendations discussed was the change to the title of the document. L. Senechal reported that the title change was because of the different levels of criteria. She added that the criteria listed in the draft document is not just about finding comparable courses for some areas. She reported that other areas cannot necessarily find comparable courses. A. Peek reported that if the title remains as Quality and Currency Criteria, she and C. Howard are instructed to vote no.

N. Sill reported that the first discussions regarding comparable courses came about when CTE courses came through for review. Curriculum Committee members reviewed CTE courses with the word “placeholder” listed in the Comparable Courses field in CurricUNET and discussion would ensue regarding what should replace the word “placeholder.” Discussion regarding the course numbering for a CTE course that is not transferrable was also discussed. She asked if there is a way to streamline the numbering system for these courses so that students are not confused when they see a 200 level course that shows as CSU transferable in the catalog when they are not CSU transferable. B. Adams added that P. Mendez has also provided the same comment at a number of meetings in terms of the numbering for CTE courses.

L. Senechal alerted the committee that she brought this conversation up at one of the recent CIAC meetings she attended and the consensus is that when a course is proposed for baccalaureate level comparable course evidence should be provided.

T. Akers Porter agreed with N. Sill’s comments and added that we may need to expand the scope of our numbering system for courses that are not CTE and are typically a lower division class but have moved to upper division at the CSU. Should we be able to say instead for the 300 level courses that these courses are CTE or academic courses that do not necessarily have transfer capabilities? She added that if the draft was to be titled, Comparable Courses, we would be deleting CTE courses out of this document because CTE does not have comparable courses. She added that this document is not just about academic courses and whether they transfer or not.

B. Adams asked if the form should be left as a draft form for now so that departments can have time to review and provide feedback. J. Forte recommended that we leave the document as a draft document to give others the opportunity to have additional conversations and address any concerns.
3. **CTE 2-Year Reviews**  
   
   B. Adams provided the committee with a draft of the instructions for faculty to use when filling out and submitting the CTE 2-Year Review forms. B. Salerno asked that a specific deadline date be provided such as October 1\textsuperscript{st} or October 31\textsuperscript{st}. B. Adams alerted that the revised instructions will be available as a link for the committee at the next meeting.

### Informational Items

1. **Guided Pathways**  
   
   R. Stevenson/L. Maki  
   
   Postponed to the March 20, 2018 Curriculum Committee meeting.

### XI. NEW BUSINESS

#### Action Items

1. **Curriculum Committee Proposed Meeting Schedule for 2018-2019**  
   
   B. Adams reported that the proposed meeting schedule is listed here to give committee members a preview of what will be discussed as an unfinished action item at the March 20, 2018 meeting. She reported that she, H. Townsend, and L. Senechal met with J. Hamilton to discuss upcoming registration date changes which will impact the Curriculum Committee course and program effective dates for the 2018-2019 year. B. Adams added that she was not aware, until her meeting with J. Hamilton, of all of the different deadlines for scheduling. It was reported that secretaries currently build sections for semester scheduling at the same time they are also working on faculty contracts.

   Typically, the first four meetings in fall are the last meeting dates where items can be approved with an effective date for the upcoming catalog. B. Adams alerted that one of the proposed changes for the Curriculum Committee, in terms of catalog effective dates, is that the first fall meeting will be the only meeting that could list any errors and omissions for the upcoming catalog for courses and program changes but the other meetings would all have the same effective date.

   T. Akers Porter reported that currently when a course is approved on October 12, 2017; it is not effective until 2019. She added that pushing this date up even further is not really a student centered approach to this problem.

   B. Adams reported that J. Hamilton will have more information to provide for the committee at the March 20, 2018 meeting.

2. **Sunset List Exemption**  
   
   C. Howard  
   
   a. **ENGL 156 The Bible As Literature: The Hebrew Canon and Intertestamental Writings**  
      
      Rationale for Removal from Sunset List: We are developing stronger marketing and outreach for the English degree program, and foresee our literature offerings increase as a result of degree development AND acceleration/AB 705 reducing the number of basic skills writing courses offered.

   b. **ENGL 171 Introduction to African-American Literature**  
      
      Rationale for Removal from Sunset List: We are developing stronger marketing and outreach for the English degree program, and foresee our literature offerings increase as a result of degree development AND acceleration/AB 705 reducing the number of basic skills writing courses offered. UMOJA has interest in offering ENGL 171 as part of its cohort course block, or, at least encouraging UMOJA members to take ENGL 171 when offered by an UMOJA-trained faculty member (projected for Spring 2019).

   C. Howard read aloud the rationales for removing ENGL 156 and ENGL 171 from the Sunset list. E. Maki asked about marketing and outreach for the course offerings. C. Howard reported that the department is reaching out to the English majors and are developing a mentorship program.

   **M/S/U (A. PEEK, E. MAKI) to approve the removal of ENGL 156 and ENGL 171 from the Sunset list.**

XII. PUBLIC COMMENT

*M/S/U (E. MAKI, A. PEEK) to adjourn at 3:56 PM*
In accordance with the Ralph M. Brown Act and SB 751, minutes of the MJC Curriculum Committee record the votes of all committee members as follows. (1) Members recorded as absent are presumed not to have voted; (2) the names of members voting in the minority or abstaining are recorded; (3) all other members are presumed to have voted in the majority.
IV. COURSE CONSENT AGENDA

Hearing no objections, the following course changes were approved.

PEC 170 Advanced Swimming 3
CCCCO Proposal Type: Non-Substantial
Effective: Summer 2019
MODIFY: Advisory
Rationale: PEC 170 was recently approved for a course update at the November 7, 2017 Curriculum Committee meeting. PEC 169 is listed and was approved at the November 7, 2017 meeting as the course advisory. PEC 169 was approved for inactivation at the March 6, 2018 Curriculum Committee meeting. Due to the PEC 169 inactivation, the advisory will need to be removed.
Enrollment Restrictions: Removing: (A) Before enrolling in this course, students are strongly advised to satisfactorily complete PEC 169.

PHYSO 103 Introduction to Neuroscience 3
CCCCO Proposal Type: Non-Substantial
Effective: Summer 2019
INACTIVATE
Rationale: Course is no longer being offered.
Program Impact:
- CSU General Education Pattern Certificate of Achievement
- General Studies, Emphasis in Natural Sciences AA Degree
- IGETC Pattern Certificate of Achievement
- MJC-GE Pattern

PSYCH 103 Introduction to Neuroscience 3
CCCCO Proposal Type: Non-Substantial
Effective: Summer 2019
MODIFY: Remove cross-listing
Rationale: PHYSO 103 is no longer being offered and proposed for inactivation. For this reason, the Psychology department would like to remove the cross-listed course, PHSYO 103, from PSYCH 103 in CurricUNET. PSYCH 103 will be updated in CurricUNET by the Instruction Office after this approval.

V. COURSE DISCUSSION AGENDA

ADJU 243
Domestic Violence Crisis Intervention
CCCCO Proposal Type: Non-Substantial
Effective: Summer 2019
MODIFY: Methods of instruction, typical assignments, methods of evaluation
Rationale: Course update for periodic review.
Enrollment Restrictions: Maintaining: (A) Before enrolling in this course, students are strongly advised to satisfactorily complete ADJU 201.
Distance Education Status: Maintaining: Online
Materials Fee Status: (None)
Articulation Status: Transfers to CSU
C-ID Status: (None)
General Education Status: (None)
Program Impact:

- Administration of Justice A.S. Degree
- Human Services A.A. Degree
- Human Services Certificate of Achievement

ADJU 243 pulled for discussion by T. Guy who alerted the committee that the comparable courses field in CurricUNET showed upper-division courses. T. Guy asked the committee, why are we asking for comparable courses and why is it important to the Curriculum Committee? Is it okay and do we care if a course shows all upper-division courses in the comparable courses field?

L. Senechal alerted that ADJU 243 is designed to serve our students in the Administration of Justice field to possibly work in a police department. She added that there is likely need for the content listed in the workforce but without the evidence, it is very difficult for her to say that this course should be baccalaureate level or if the course would be better served at a 300-level.

S. Cassidy alerted that she had seen other lower-division courses listed in the field besides the upper-division courses listed. T. Akers-Porter alerted that L. Senechal, and not the faculty author, was the person who added the lower-division courses in the field. L. Senechal reported that she added a few lower-division courses to the comparable courses field in CurricUNET for this course but it was unclear if the lower-division courses were truly comparable to ADJU 243 and was interested in hearing the thoughts from other Curriculum Committee members present.

B. Adams reported that the information listed in the comparable courses field in CurricUNET is most likely a carryover from five years ago when the course came through for periodic review.

T. Akers-Porter commented that we need to speak with the author of the course to verify if this course transfers. She said, if it doesn’t, this is alright, but does the course still need to be offered? What is the need? Is this course for a certificate or for community purposes? There could be a million reasons for why this course is offered and she added that we should know the reasons before a course is advertised as transferrable when the course is possibly not transferrable. She alerted that the point of the comparable course conversations has been that we make sure that we all understand the same thing.

Discussion ensued regarding the comparable courses listed and whether the course should instead be changed to be a 300-level course, if no lower-division courses are found as comparable. T. Akers Porter asked if the course could be tabled so the Curriculum Committee Representative for this course can bring back to the author to verify transferability.

L. Senechal added that this may be a course where she would be happy that a student had the additional area of content knowledge as they may be going into the First Responder field. She also reported that in the drafted Comparable Course Criteria document there is an option for courses numbered 200-299 which says:
• Approval for OR strong alignment with a finalized C-ID description, OR

• CTE Advisory Committee meeting minutes evidencing support and need for the course as proposed OR

• One comparable **lower-division course offered in the current academic year at a CSU and/or UC

L. Senechal added that under the new comparable course criteria as outlined above, this course would pass if Advisory Committee meeting minutes were added in CurricUNET.

M/S/ (A. PEEK, M. GARCIA) to approve ADJU 243

ADJU 243 withdrawn by E. Kerr, division representative, due to the comparable course discussion, thereby removing if from the agenda for consideration.

**HIST 101 and HIST 102 pulled as a block for discussion by E. Lucas** who noted that the Methods of Evaluation (MOE) was wordy. E. Kerr, division representative, reported that the information listed in the MOE came from the approved C-ID. She added that how much writing in an historical class was discussed within the Faculty Discipline Review Group (FDRG). She explained that the word length was put in to raise the standards in terms of teaching.

**M/S/U (E. KERR, C. HOWARD) to MODIFY HIST 101**

**M/S/U (E. LUCAS, L. SENECHAL) to MODIFY REQUISITES for HIST 101**

During blanket approval of the requisites, T. Akers-Porter reported that as a committee we have been working within the C-ID framework for a little while and unit values have been a big issue according to minimums. She noted that for HIST 101 and HIST 102, the C-ID for these does not have an advisory but there are advisories on other C-IDs like Administration of Justice. She asked where the committee was on holding to the C-IDs for courses in terms of advisories. Are we holding some disciplines to particular gridlock in C-ID and for other disciplines, are we allowing them to make decisions that are best for their course?

B. Adams reported that past protocol for C-ID is that if a requisite is listed on the C-ID descriptor, you must minimally meet what they have but you can always go over what they have.

T. Guy added that advisories are not required and just help to show students that they can be more successful in the class. E. Kerr reported that a lot of writing is done in these courses so the advisory is a way to alert the students.

T. Akers-Porter said that C-IDs are not always the best framework as they do not always capture everything that our students need for our courses. Sometimes we need to look at our discipline experts and trust them to do what is best and write what is best in our Course Outline of Record for our students. She added that she trusts E. Kerr in what is needed for her students to be successful and pointed out that the C-ID didn’t think that HIST 101 and HIST 102 needed an advisory because they chose not to put an advisory in the C-ID. T. Akers-Porter wanted to ensure that we are honoring our faculty and their decisions.

E. Kerr added that during the FDRG conversations in the beginning for C-ID creation, advisories were not even thought of. It was very early on in the conversation. B. Adams reported that the CSUs do not have advisories for the history courses and a lot of the first conversations were around what the CSUs...
were doing. If the courses did not show advisories, it may be because the CSU didn’t show an advisory at the time of conversation.

J. Zellet added that she understood T. Akers-Porter’s point but acknowledged that it didn’t solely concern this history class. She noted that committee concerns and rules surrounding the CID framework ultimately impact committee productivity, recalling some difficult committee conversations about C-ID. She encouraged the Curriculum Committee to, at some point; decide how to approach C-ID. Are all elements of equal merit? She remarked, for example, that course advisories warrant different discussion than unit values, since one is optional for the student while the other is required. Perhaps the committee can look at C-ID elements and discuss if they are all of the same merit. As such, do they merit the same scrutiny? J. Zellet acknowledged that it is a complex conversation, but added that we would benefit from a conversation dedicated to formally reviewing and addressing these complexities.

PSYCH 141 pulled for discussion by T. Guy who alerted the committee that upper-division courses
are listed in the comparable courses field in CurricUNET. L. Senechal reported that she added a lower-
division course from CSU Fresno. E. Kerr reported that CSU Stanislaus does have a lower-division
comparable course that should be added. T. Guy alerted that the UC Berkeley course listed in the
comparable course field needs to be removed and E. Kerr, division representative, agreed.

B. Adams alerted that she would work with E. Kerr after the meeting to research and input the correct

IX. STANDING REPORTS

Due to time constraints and the volume of work before the Curriculum Committee, regular reports for Articulation and the Academic Senate will be provided electronically as an appendix to the minutes.

1. **Articulation**: C-ID Newsletter  
   L. Senechal  
   L. Senechal reported that she attended the Region 5 Articulation Council (CIAC) and the Northern California CIAC meetings recently. She alerted that they discussed AB 705 and there are more questions than answers. They also discussed the data tools for the Articulation Officers and it was reported that the tools are stalled. They were told to not use the new ASSIST system and instead alerted to use the old ASSIST system which has not been updated since 2016.

2. **Academic Senate**  
   C. Redwing  
   C. Redwing reported that the *Regular and Effective Guidelines Contact for Online Courses* passed at the March 15, 2018 Academic Senate meeting. He also reported that Resolution F17-A: Adoption of Program Viability, Revitalization, and Discontinuance Procedures and the Modesto Junior College Program Discontinuance: Guiding Principles and Process was approved and can be viewed at the Academic Senate Agendas, Minutes and Documents website link below:
   

X. UNFINISHED BUSINESS

**Action Items**

1. **Curriculum Review Process**  
   B. Adams  
   B. Adams asked C. Redwing if content overlap was still being discussed at Senate Exec. C. Redwing stated that Senate Exec is working on a draft and the draft will be finished and available by May. He added that he would bring a draft to the Curriculum Committee for review in the fall. Discussion ensued regarding AB 705 and basic skills courses.

   C. Redwing added that Senate Exec’s position on interdivisional is much clearer than implications of basic skills. He reported that the consensus on Senate Exec is that if we are talking about basic skills, when it comes to the curriculum review process, that basic skills be removed until we know the implications of AB 705.

2. **Comparable Courses Workgroup**  
   L. Senechal  
   **Approved Motion: Review of Curriculum for Quality and Currency**
   **Comparable Course Criteria – 02.06.18 draft**

   L. Senechal reported that the comparable courses workgroup is still being discussed as we are hoping to hear from more divisions. She asked for a report out from those that had information and/or feedback regarding the draft.

   T. Akers-Porter reported that she presented this item to the Science, Mathematics and Engineering faculty last Friday and they acted very positively, especially some of the scientists. She noted that the scientists know that they have a venue for stand-alone courses.

   B. Adams reported that her division indicated to her that they trusted their Curriculum Committee representatives and gave their blessing.

   S. Cassidy reminded the committee that the Literature and Language Department had some objections that they presented at the last Curriculum Committee meeting and asked about one of the objections which was why are some areas being required to provide one comparable course while others require two. L. Senechal explained the numbering system at Modesto Junior College. She reported that courses numbered 100-199 are courses that are traditionally exclusively academic courses geared to be baccalaureate at a receiving institution for the purpose of a baccalaureate degree. Courses numbered 200-299 are courses that are considered more vocational and can transfer. She reported that for the courses that are 100-199, it is better for them to demonstrate a diverse set of comparable courses. The workgroup felt that for courses that are labeled as 200-299, they could just have one comparable course.
M/S/U (T. GUY, E. MAKI) to vote on either acceptance or rejection of the Comparable Course Criteria document.

L. Senechal alerted that she wanted to honor some of the feedback that came from the literature and Language Department. She said that she would like to change the word “guide” where “to guide four-year course-to-course articulation efforts upon local approval” exists to the word “assist.” A. Peek alerted that the title, for the Literature and Language Department, was a really big issue.

M/S/C (J. FORTE, T. GUY) to approve the Comparable Course Criteria document with the modification made to change the word “guide” to “assist”.

Motion Passed:
3 NAYS (S. Cassidy, C. Howard, A. Peek)
1 ABSENTEE (B. Salerno)

3. CTE 2-Year Reviews

B. Adams reported that at the last meeting the process regarding the CTE 2-Year forms was discussed. The process was drafted with the October 31st date listed. P. Mendez and J. Haynes alerted that most Advisory Committees do not meet until November or December. J. Haynes said that the October 31st date can stay as long as the information reported is from the previous year. She added that the information can be added to say “previous academic year” in the document. R. Cripe added that he does not have full-time faculty and alerted that the word “faculty” should be changed. Discussion ensued and modifications were noted.

M/S/U (A. PEEK, L. SENECHAL) to approve the Process for Completion of CTE 2-Year Reviews document with a modification made to show CTE faculty and/or appropriate personnel in place of CTE faculty and a modification to clarify the timeframe by adding “reviews for all previous academic year CTE programs and courses are expected.”

J. Zellet alerted that in Deans’ Cabinet the deans asked that this item be postponed to a future meeting as a subcommittee consisting of administrators, faculty, and staff will be created to discuss the proposed curriculum deadline changes. Discussion ensued and it was asked the B. Adams be the point person on behalf of the Curriculum Committee. T. Akers-Porter alerted that she would like to participate and be a member of the subcommittee.

Informational Items

1. Guided Pathways

R. Stevenson and L. Maki presented an informational PowerPoint titled as “What we know about Guided Pathways.” R. Stevenson started the presentation with a pathways implementation timeline. He announced that school-wide sessions have taken place and one of the sessions scheduled for this Thursday is about forming metamajors at Modesto Junior College.

In Fall 2018, trainings on program mapping will take place. He announced that in Spring 2019, the program mapping conversation will continue as well as development of catalog and website materials. R. Stevenson alerted that in Spring 2020, materials will be in place for an early rollout in high schools, advising and summer FTIC (First Time in College) programs.

B. Adams asked, “What impact, or if any, do you see on our committee in terms of the way we roll currently?” R. Stevenson said that items will come through the Curriculum Committee for approval in the future such as courses that can better align with our major transfer institutions and discussion regarding catalog and how we can better represent that on our website. He added that with metamajors, we are not writing new curriculum but instead writing curriculum materials to help people understand and utilize our existing curriculum.
J. Zellet said that one of the interesting ways that the Curriculum Committee will be involved in Guided Pathways is as curriculum comes through the committee; we will look at how courses can be more aligned with our transfer institutions. She added that a list is being compiled, based on the data that we have from students, of each program at Modesto Junior College and the major transfer institution for that program. T. Guy asked about the list and when it would be provided. She indicated that the list is all inclusive. R. Stevenson reported that the lists of the top five transfer institutions for Modesto Junior College are:

1. CSU Stanislaus
2. CSU Fresno
3. CSU Sacramento
4. University of Phoenix
5. UC Davis

R. Stevenson added that Guided Pathways is an ongoing project. The Pathway Implementation Team (Pit) is made up of a diverse group from all areas on campus. She alerted that we are trying to create a stage where things can happen organically to help students get through our college as quick as possible.

B. Adams asked who would be the body that would be reviewing pathways and approving along the way. R. Stevenson reported that it would have to be signed off by Academic Senate but the details of where we go after Guided Pathways has been established in terms of future review, has yet to be determined.

XI. NEW BUSINESS

Action Items

1. Curriculum Committee Co-Chair Election

C. Redwing reported that nominations are now open for the Curriculum Committee Co-Chair position. B. Adams was the only nominee.

M/S/U (R. CRIPES, E. LUCAS) to nominate and re-elect B. Adams as the Curriculum Committee Co-Chair.

2. Revised Curriculum Review Matrix 2018-2023

B. Adams

This item has been postponed as this item was contingent on action of the Curriculum Committee Proposed Meeting Schedule item that has also been postponed.

Informational Items

1. CCCCO First Friday Memo

B. Adams

B. Adams stated that the memo provides information on AB 705. A website has been established to house minutes, updates, and presentations. For more information, see the link above.

H. Townsend alerted that the CCCCO First Friday Memo discusses a future plan to streamline noncredit curriculum approvals. Discussion ensued regarding the current process for approval of credit courses. Credit courses have already been streamlined at the state. An automated approval process in the Chancellor’s Office Curriculum Inventory (COCI) has been in place since 2016.

Programs that require a non-substantial change are yet to be streamlined and still go through the local approval process (CurricUNET, Curriculum Committee, and Board of Trustees) and then placed in the COCI system where they are reviewed and approved by a state reviewer. Programs that require a substantial change or are considered new, have several different steps before an approval can be given. The steps for new or substantially changed programs include:

- Faculty submit the substantially changed or new program in CurricUNET (along with a program Narrative and/or CTE Advisory meeting minutes if the program is CTE)
- Program is pushed through the approval process in CurricUNET and placed on a Curriculum Committee agenda
- Curriculum Committee reviews and approves
- Program is sent the following month to the Board of Trustees for approval
- If CTE, program is sent via email to the Regional Consortium for approval
- Program is placed for approval in COCI system by Curriculum Process Specialist (If CTE, an approval from the Regional Consortium must take place first)
- After COCI approval (Chancellor’s office), ACCJC is notified of the substantial change or new credit program. If the award is non-credit, after COCI approval, the award can be promoted and offered. ACCJC approval is not needed for non-credit certificates.
- After ACCJC approval for a credit program, the award can be promoted and offered (PiratesNET/Catalog)

All courses still must go through the local approval process which includes the following:
• Faculty update or create a course in CurricUNET
• Course is reviewed and pushed through CurricUNET and placed on a Curriculum Committee agenda
• Curriculum Committee reviews and approves
• Course is sent the following month to the Board of Trustees for approval
• Curriculum Process Specialist places course in COCI system
• COCI automatically approves course if it is a credit course. Non-credit courses still are reviewed by a state reviewer in the COCI.

2. Curriculum Committee Membership

B. Adams notified the committee that several member terms are ending. She asked that members who do not plan to return, notify B. Adams or H. Townsend via email. E. Maki alerted that he will not be returning as a member next year and plans are in the works within the department to find a replacement. It was noted that E. Maki has been serving on the committee for over ten years.

XII. PUBLIC COMMENT

IV. COURSE CONSENT AGENDA

Hearing no objections, the following course changes were approved:

NURSE 259 Transition into the RN Role 2
Effective: Fall 2018 Expedited
Rationale for Expedited Approval: The ADN program received notice of material fee changes. The costs of the Kaplan resources have been divided equally over two semesters. The ATI skills videos are scheduled to increase. Some of the skill set fees increased and some decreased based on the contents of the kits, and these fees will be in effect for a period of two semesters. Students will be overcharged if adjustments are not made to decrease the material fees. Additionally, if the increased materials fees are not updated and passed on to the students, the college is left with paying the increased fees. H. Townsend, Curriculum Process Specialist, will enter the new fee information in CurricUNET and in Colleague/PiratesNET upon approval.

MODIFY: Materials fee
Rationale: See rationale for expedited approval.
Materials Fee Status: Decreasing fee from $222 to $217

NURSE 259 Transition into the RN Role 2
Effective: Spring 2019 Expedited
Rationale for Expedited Approval: Rationale above for Fall 2018 request also applies to Spring 2019 request. See rationale above.

PSYCH 141  Human Lifespan Development  3
CCCCO Proposal Type: Non-Substantial
Effective: Summer 2019
MODIFY: Comparable courses
Rationale: PSYCH 141 came through for a course update at the March 20, 2018 Curriculum Committee meeting. The course was pulled for discussion as it was noted that upper-division courses were listed in the comparable courses field in CurricUNET. After the meeting, the comparable courses field was modified to add UCSD lower division course, CSU San Marcos lower division course, and CSU Stanislaus lower division course. This information is here for the purpose of the record.

V. COURSE DISCUSSION AGENDA

INACTIVATIONS:  UNIT(S)

ANAT 180AB  Introduction to Tutoring Anatomy  1 or 2
CCCCO Proposal Type: Inactivation
Effective: Summer 2019
INACTIVATE
Rationale: Course is being inactivated, as it is no longer being offered.
Program Impact:
- Stand-Alone (Be advised that the department will need to do a timely modification to any desired academic programs in CurricUNET to include this course as an option and to officially change the status to Program-Applicable).

ENGL 106 pulled for discussion by M. Garcia who commented that “Guest lecturers” was typically included in the Methods of Instruction (MOI) and not under Course Content. After a short discussion, L. Senechal approved the friendly amendment to move Course Content item “E” “Guest lecturers as appropriate” to MOI. For the purpose of the record, the update to ENGL 106 will be placed as a consent item on the next Curriculum Committee meeting agenda.

ENGR 127

Engineering Graphics

CCCO Proposal Type: Non-Substantial
Effective: Summer 2019

**MODIFY:** Advisory, prerequisite, description, content, requisite skills, methods of instruction, typical assignments, textbooks, objectives, methods of evaluation

**Rationale:** Course is being updated for review and compliance.

**Enrollment Restrictions:** Removing: (A) Previous drafting and CAD experience or ENGR 121 and successful completion of MATH 90 or equivalent; Requesting: (A) Before enrolling in this course, students are strongly advised to have previous drafting and CAD experience; Requesting: (P)
Satisfactory completion of MATH 161.

**Distance Education Status:** (None)
**Materials Fee Status:** (None)
**Articulation Status:** Transfers to CSU and UC
**C-ID Status:** Requesting: (C-ID ENGR 150)
**General Education Status:** (None)

**Program Impact:**
Stand-Alone (Be advised that the department will need to do a timely modification to any desired academic programs in CurricUNET to include this course as an option and to officially change the status to Program-Applicable).

ENGR 127 pulled for discussion by T. Guy who expressed his concern that ENGR 127 had more units than what a student would be taking at a university for an engineering graphics course.

D. Chase informed the Curriculum Committee that out of ten community colleges with an equivalent engineering graphics course, with the same C-ID, 7 of them have their engineering graphics course at 4 units, two of them have their engineering graphics course at three units, and 1 community college has their engineering graphics course at 3 units plus 6 contact hours. He concluded that these community colleges actually go beyond MJC’s units for contact hours. D. Chase also mentioned that one of the things that was happening with the ENGR 127 course is that in the past AutoCAD 2D software was used, whereas now everything is 3D. He continued to explain that the 3D drawings had to be converted to 2D drawings making the course more intensive, the AutoCAD 2D programs were outdated, and the AutoCAD 3D programs were more complicated. D. Chase conveyed from the ENGR 127 course instructor, that if the contact hours had to be cut down, he would have to change the textbooks to something that isn’t being used in the industry anymore, that the older textbooks didn’t cover a lot of the engineering topics, and the outdated textbooks only touched on the topic of 3D modeling.

L. Senechal provided an Articulation Summary attachment to ENGR 127 which shows how the engineering graphics course plugs in at different institutions, how it fits into the Engineering Program, and how the engineering graphic courses are designed in tandem with other requirements at the receiving institutions. She also noted that today’s students are more sophisticated with technology than in previous years.

Discussion ensued regarding ENGR 127 course unit values which included:

- Comparing Community College requirements to University requirements
- Concerns regarding inflated course units that make it more difficult for students
- Comparing typical unit courses with high unit courses and setting a precedent
- Getting into a gray area in interpreting course unit values
- Benefits of looking at and understanding the whole program when determining course unit values

**THETR 175 pulled for discussion by L. Senechal** who noted that the textbooks had been changed to older textbooks, which were not included in the active C-ID descriptor. She questioned should at least one of the textbooks listed in the active C-ID descriptor be left in the COR (Course Outline of Record)?

L. Senechal mentioned that at some point her responsibility was to comply and make sure that MJC was putting the best COR forward. She then added that we should try to put the most current content driven textbook on the COR whenever possible, yet still consider the strong convictions of the teaching faculty when they specify different text, when a compelling rational is included specific to the pedagogy.

T. Guy mentioned that the faculty author chose textbooks from authors of the professional costume design industry that won awards for their costume designs. Whereas the textbooks currently listed on the COR and in the C-ID were from a woman who only worked in academia. T. Guy added that the faculty author didn’t want to teach students what academia was saying; rather she wanted to teach them what the industry was saying.

After some discussion, M. Garcia approved the friendly amendment to add Rebecca Cunningham (2009) “The Magic Garment” (2nd/e) back to the COR with the justification that it was the most recent edition.

ENGL 168, ENGL 174, and ENGL 179 pulled as a block for discussion by T. Guy, who noted that it seemed that ENGL 168, ENGL 174, and ENGL 179 were upper division courses at the CSU's and he questioned why an upper division course should be opened to students outside our immediate community. T. Guy mentioned that anybody in the United States could be taking these online classes and that they may be led to believe that they were fulfilling lower division requirements at a community college and then be surprised that it was an upper division class.

Discussion ensued in regards to:

- That ENGL 168, ENGL 174, and ENGL 179 were submitted for Distance Education consideration only and the issue of the online and hybrid modalities should be the only consideration at this time. That ENGL 168, ENGL 174, and ENGL 179 are scheduled for course review in spring 2019.
- That the Curriculum Committee should continue with our current processes and not be changing procedures “mid-stream”.
- Not making decisions based on issues that are new and haven’t been addressed before, such as lower division verses upper division comparable courses.
- With increasing online and hybrid teaching modalities, the student population is expanding and changing as it includes more students from all over the United States.
- What is our responsibility to our local students verses the extended online student population?
- Does “Truth in Advertising” include online students that think they are looking at lower division courses because MJC is a community college, when in fact the courses may be upper division?
- Scheduling a training day to cover the changing environment of online and hybrid modalities, possibly on Curriculum Training Day September 7, 2018.

B. Adams reported that the Sunset List, shown above, has been updated to reflect the progress that had been made with courses that were first reported in the fall. B. Adams noted the Sunset List policy had a positive impact and shortened the out of compliance courses list.
XI. NEW BUSINESS

Action Items

1. Curriculum Committee Proposed Meeting Schedule for 2018-2019  
   B. Adams

   B. Adams noted that the submission deadlines for course/program updates are listed on the CurricUNET front page.

   **M/S/U (L. SENECHAL, E. MAKI) to accept the 2018-2019 Curriculum Committee meeting dates.**

2. Expedited Curriculum Approval Guidelines  
   B. Adams

   B. Adams noted that the Expedited Curriculum Approval Guidelines were last updated in October 9, 2007 and asked if the committee had a chance to review the linked document.

   **M/S/U (E. LUCAS, T. AKERS-PORTER) to approve the Expedited Curriculum Approval Guidelines as a first reading with a second reading scheduled for the September 11, 2018 Curriculum Committee meeting.**

Informational Items

1. AB 705  
   T. Akers-Porter

   T. Akers-Porter spoke on Assembly Bill 705 Initial Guidance Language which she noted was an assembly bill that is prescriptive in how faculty treats remediation for English and mathematics, with some mention of ESL. T. Akers-Porter mentioned that two-thirds of the law was aimed at placing students using Multiple Measures, mainly high school GPA and course work. She also noted that the math department spent a lot of time working on the Multiple Measures piece which would bypass the accuplacer test and look at data such as GPA and the last course taken in high school. T. Akers-Porter mentioned that the math faculty workgroup based their decision making off of the Multiple Measures Assessment Project (MMAP) research team’s data. Because of the collected data, the placement process was changed to include Multiple Measures. T. Akers-Porter referred to the AB 705 Implementation Timeline under spring 2018 noting the first item “Strategize ways to make high school data primary in the assessment and placement process” which was completed. She noted the second item “Begin curricular exploration and development consistent with the law”. Under AB 705, students can only be placed into remedial coursework (credit or noncredit courses that are part of a sequence) when they are “highly unlikely to succeed” in the transfer-level course and when placement into the remedial coursework increases the probability of completing transfer-level coursework relative to the probability of completion. T. Akers-Porter noted that the definition of “highly unlikely to succeed” was discussed among the faculty, which they discovered was incredibly prescriptive. She revealed that although there are no clear guidelines for mathematics, at this time, there was for English and she referred to Table 1: Chancellor’s Office AB 705 Compliant Multiple Measures Decision Rules: Transfer-level English from the attached link.

   T. Akers-Porter highlighted from the attached link:

   - Services may include but are not limited to academic support, English language acquisition support, time management and study skills training, affective development, financial planning, and accommodations as needed. Across this state, this has been accomplished in a variety of ways: co-requisite support courses; learning support centers; supplemental instruction; or a combination of these. Among these strategies, co-requisite support has been mostly widely studied in its capacity to amplify student success.
   - Changes in instructional methodology and strong support infrastructure are also essential to optimize student achievement. Faculty, who have been on the cutting edge of these reforms, note that these elements are equally important for student success.
   - While this guidance is a first step for colleges to begin planning, other questions remain. Some of those questions around how to address the implications of AB 705 for ESL students, and a subcommittee are working on those answers. Questions also remain about the implementation for transfer-level math and statistics, and that guidance will be forthcoming this spring.
2. Curriculum Year in Review

B. Adams noted the amount of work the committee completed during the 2017-2018 year:
- 44 Course Adoptions
- 178 Course Modifications
- 47 Course Inactivations
- 46 DE Only Proposals
- 11 New Programs
- 42 Modified Programs

B. Adams noted other business that was accomplished included:
  - Comparable Courses Criteria
  - CTE 2-Year Review Forms and Policies

3. Textbooks on the Course Outline of Record

PE 100  Introduction to Physical Education  3
CCCCO Proposal Type: Inactivation
Effective: Summer 2019
INACTIVATE
Rationale: This course is perceived as too similar to PE 124, Introduction to Kinesiology, by many CSU campuses. Because of this, schools often accept either this course or PE 124. Since PE 124 is the foundational course for the AD-T in Kinesiology and has a course descriptor, we are inactivating this course.

ADJU 213, AG 130, AG 249, AG 285, AGEC 215, AGM 251, and ANSC 243 pulled as a block for discussion by L. Senechal who commented that when doing her Articulation Officer’s (AO) technical audit she is consistently finding courses that don’t present opportunities for course to course articulation at the baccalaureate level. L. Senechal noted that as a committee we have done our comparable courses discussion, passed a motion, and are currently waiting for the Academic Senate to codify our Comparable Course Criteria document. She mentioned that although she believes faculty are acting in good faith, and trying to do what is good for our students, they are not aware of how these courses move into the transfer institutions.

L. Senechal expressed the importance in pursuing articulation when we are telling students these are baccalaureate level courses, in that they will apply toward their baccalaureate degree experience, hopefully beyond elective credit. She questioned, are we actually sending students in the right direction by calling them baccalaureate level, when actually what we are trying to do is train students for employment after completing a Certificate or Vocational Associate Degree. L. Senechal also asked should these courses be called part of a baccalaureate experience. Alternatively, is there another way that we can give students an associate degree that we are not calling baccalaureate?

L. Senechal mentioned that California State University (CSU) has given California Community Colleges the responsibility and authority to self-determine what we call baccalaureate Level (CSU Executive Order 167). She further noted that at the Curriculum Institute this summer it was said that local associate degrees could be used for terminal associate degrees in Career Technical Education (CTE).

L. Senechal passed out a CSU Academic Senate paper, “Considerations Involved in Determining What Constitutes a Baccalaureate Level Course”. Under “Course Expectations” The coursework criteria for CTE, which included:

• Enhances understanding of occupational and professional fields usually requiring experience in higher education as prerequisite to employment in such fields may be considered baccalaureate level if it includes attention to appropriate theories and concepts.

• Provides instruction in occupational fields not usually requiring experience in higher education as prerequisite to such fields may be considered baccalaureate level if the primary emphasis is upon understanding the theories and concepts that underlie practice rather than only upon the development of technical skills required for immediate employment.

L. Senechal’s research did not show a clear baccalaureate crosswalk, and she struggled to identify how these courses serve our transfer students, and wondered if all 100-299 courses are truly being designed for students who plan get an upper division experience in a given major. L. Senechal suggested that we might be on a journey of discovery when looking at courses 100-299 in CTE as we ask the question: “Is this course teaching skills or is this course teaching the theory that underlines the skills?” L. Senechal asked for input from representatives in the CTE area.

S. Amador explained some of the challenges that the Agriculture and Environmental Science division had with developing articulation agreements with agricultural schools in California as well as other state colleges. S. Amador noted that although on an individual basis articulation was not necessarily difficult,
it was difficult to articulate on paper. With the different articulation requirements of each university along with other recording factors it has been a challenge to put articulation in writing. The Ag division is finding that students are actually getting credit for course work at the universities but it is not on ASSIST or other official documents.

L. Senechal noted that it would benefit our students if we could get such “Hand-Shake” agreements in writing. She mentioned that the channels are getting jammed because it’s not clear what students we are serving with our degrees at what point in their educations.

T. Guy recalled discussions the committee had during the spring in which questions such as “what do we do if we can’t find comparable courses” or “what do we do when we realize our classes are being taught as an upper division course” were deliberated. T. Guy mentioned how narratives could be given by the faculty on why particular comparable courses were given. T. Guy also noted that he thought S. Amador gave a good example of what we can do if we can’t find comparable courses for classes that don’t fit the “cookie cutter” scenario and that most agriculture students already have a good understanding of how articulation within the agricultural field works.

T. Akers-Porter suggested exploring the idea of aligning with C-IDs where applicable to protect our students.

S. Amador noted that it was difficult to align with the C-IDs because of the diversity of many universities in their agricultural programs, but agreed that it would be good practice to explore the possibilities.

J. Forte suggested the prospect of establishing a Transfer Admission Guarantee (TAG) agreement with the universities when courses do not align with a C-ID.

P. Mendez questioned the responsibility of faculty, concerning comparable courses, while in transition of implementing the pending “Course Quality and Currency Criteria” document (currently pending review by the Academic Senate Executive Council), which was finalized at the March 20, 2018 Curriculum Committee meeting and addresses comparable courses. L. Senechal remarked that she is advising faculty to follow this criteria although it is not official. She noted that being proactive on this matter would not hurt the students. C. Redwing mentioned that the Academic Senate is scheduled to address the Curriculum document on Thursday, September 13, 2018.

J. Hamilton supported being proactive, noting that there are outside forces impacting educational institutions in standardizing operating procedures.

T. Guy also questioned the reduction in units on AGM 251, he noted that there were no noticeable changes in content. S. Amador mentioned that with the advancement in technology faculty was able to reduce class hours without sacrificing content.

Discussion ensued encompassing transferable courses, articulation, student impact, and the changing times.

Adams noted that the faculty would be contacted and the CLO would be revised based on recommendations and then placed as a consent agenda item on the next agenda, which has been past practice. J. Hamilton recommended an outcomes assessment workgroup guide be given to new faculty.

NURSE 275

Nursing Process: Medical-Surgical

CCCCO Proposal Type: Non-Substantial

Effective: Fall 2019

MODIFY: Materials fee

Rationale: The ADN program received notice of material fee changes. The cost of the Kaplan resources have been divided equally over two semesters. The ATI skills videos are scheduled to increase. Some of the skill set fees increased and some decreased based on the contents of the kits, and these fees will be in effect for a period of two semesters. Additionally, if the increased materials fees are not updated and passed on to the students, the college is left with paying the increased fees. This fee change is effective for fall 2019.

Enrollment Restrictions: Maintaining: (C) Concurrent enrollment in NURSK 800; Maintaining: (L) Enrollment limited to students who have been accepted into the Associate Degree Nursing Program.

Distance Education Status: Maintaining: Teleclass

Materials Fee Status: Increasing fee from $230.00 to $240.00

Articulation Status: Transfers to CSU

C-ID Status: (None)

General Education Status: (None)

Program Impact:
- Nursing: Associate Degree Nursing Program (RN) A.S. Degree

J. Fantazia noted that the Respiratory Care A.S. Degree had to be redesigned. The Respiratory Care Program was originally designed to start in the spring, with a summer course, whereas now the program has a fall start. Consequently, the summer coursework had to be incorporated within the program. A fourth semester was added, but then the program became “unit heavy”. Therefore, units were taken from RSCR 255 “Clinical 4” and added to RSCR 230 “Clinical 1”, without changing the content of the courses because the knowledge obtained in clinical work at the hospital is accumulative knowledge of all the courses.

B. Hunt added that although there was no change in course content, hours were added to each clinical rotation to support the student’s cumulative knowledge.

L. Senechal questioned if RSCR 255 course content was also covered in previous course experiences, which would result in the required accumulative course knowledge.

B. Adams asked if the Respiratory Care Program’s outside accrediting agency required certification to substantiate the course competency structure that could also be attached within the course record for documentation purposes.
B. Hunt mentioned that the Commission on Accreditation for Respiratory Care (CoARC) had the Therapist Multiple Choice (TMC) Detailed Content Outline Comparison with Proposed Curriculum documents which evaluated the student’s competency. B. Hunt further noted that the CoARC’s TMC Detailed Content Outline Comparison documentation could be included in the course’s Attached Files folder and added that she would send the information to H. Townsend for attaching. B. Hunt also mentioned the faculty’s concern for excess units, noting that the total degree units with MJC’s Bachelor’s Degree in Respiratory Care would be over 120 units.

T. Guy applauded the RSCR faculty’s attempt to pull back on course units to ease the load and financial burden on students.

B. Adams expressed appreciation to the RSCR faculty for being available to answer questions. She noted that having faculty at the meetings makes it much easier when explanations are needed in the review of courses and/or programs.

FTECH 307 Fire Science Tactics & Strategy 3
(Previously FSCI 332)
Effective: Summer 2019
MODIFY: DE modalities only
Rationale: The course modifications were approved at the April 10, 2018 Curriculum Committee
meeting but the DE proposal was withdrawn from the agenda by the division representative, R. Cripe. It
was noted at the meeting that the answer "Use of Canvas", on the DE addendum, was too brief.
Consequently, the information for the question "Describe how the methods selected will allow students
to meet the course learning outcomes of the course" has been updated to show the following answer:

"Students will view instructor lectures and access all assignments on-line during the semester. The
instructor may assign on-line reading activities. Completion of assignments including quizzes, and
discussion boards will illustrate student's ability to meet outcomes. Students will complete and submit
assigned materials via online instructional software, allowing timely feedback and guidance on areas
needing improvement. The online portion of the class includes quizzes, viewing of text and web-based
materials, videos, and homework assignment/turn-in. Midterm and final exams will be administered in
the classroom based on dates in the course syllabus."

VII. PROGRAM CONSENT AGENDA

Hearing no objections, the following program changes were approved.

MODIFY: KINESIOLOGY PROGRAM
A.A.-T Degree: Kinesiology 20-23
Effective: Summer 2019

Rationale: The A.A.-T in Kinesiology had a small non-substantial change approved by the Curriculum Committee on January 23, 2018. H. Townsend submitted the non-substantial change in the Chancellor’s Office Curriculum Inventory (COCI). The Chancellor’s Office sent the award back with a revision request that an AAM (Articulation Agreement by Major) from any CSU be provided showing PEM 141A listed as this is a required process when courses are listed under an AAM area on a Chancellor’s Office Template (COT). H. Townsend and L. Senechal performed a thorough search in the ASSIST database and could not provide an AAM showing PEM 141A. The faculty author was notified and she asked that PEM 141A be removed from List C as an option. PEM 141A has been removed from the COT and from the A.A.-T in Kinesiology proposal in CurricUNET and was resubmitted for approval. This information is here for the purpose of the record.

1. **Sunset List Exemption**

   a. **IIS 18**  
      **Computer Access Projects**

   **Rationale for Removal from Sunset List:** Please remove IIS 18 from the Sunset list as IIS 18 is being changed to be a non-credit course and will be attached to a new CDCP. IIS 18 will be offered in the near future as it will be a part of a certificate. Some of these courses have not been offered due to lack of faculty or funding. We now have two full time counselors and several adjunct counselors who are qualified and ready to teach IIS courses.

   **M/S/U (L. SENECHAL, M. GARCIA) to exempt IIS 18 from the Sunset List**

Informational Items

1. **AB705 Compliance**

   S. Circle, noted that the English Department is back at the table because of AB705. She went on to report that for High School students with a GPA of 1.9, we should have a 43% average success rate for those students enrolling directly into a Transfer-Level English Composition course and additional academic and co-requisite support should be provided to improve success rates.

   S. Circle mentioned that she gave a presentation to the English Department showing ENGL 45 and ENGL 50 were below the 43% success rate. S. Circle continued, that with AB705, if you are going to require students to take two
semesters, you will have to give data showing they are more likely to success above and beyond 43% in one year, we cannot do that (we are currently 10% below that).

S. Circle informed the committee that the English department was discussing inactivating ENGL 45, 49, and 50. She also indicated that the English Department was in discussions with the Reading Department to develop a two-hour noncredit corequisite support class, which will be taught by faculty from the Reading Department. The faculty will be working with the course material from the ENGL 100 class and would give additional support to students. S. Circle mentioned that the new course would tentatively be called ENGL 100 Plus. S. Circle indicated that continued discussions are being pursued to work out particulars of the new courses, including the technical details. S. Circle mentioned although the success rate of students enrolling in ENGL 45, 49, and/or 50 is relatively high; we are losing most students at the exit points. She noted when students are enrolled directly into ENGL 100 courses the “throughput” almost doubles.

T. Akers-Porter added that the Chancellor’s guidelines include that a college may require students to enroll in additional concurrency support if it is determined that this support would increase the likelihood of success. She included that the determination of additional support should be documented. T. Akers-Porter cautioned that this would be more than a curriculum only change. T. Akers-Porter noted that the effects of AB 705 will be felt in other areas including, but not limited to, the learning centers, student support services, market resources, tutoring, and the way the college supports their students as part of this community, she noted that we should be looking at these changes as holistically and comprehensively as possible.

J. Zellet mentioned that this data was given as advance notice of changes coming to the college because of AB 705. J. Zellet noted success still matters, but the emphasis will be more on the throughput with comprehensive student support. J. Zellet recommended the AB 705 webpage for further information.

S. Circle commented that course proposals would be brought through with a fall 2019 effective date. H. Townsend noted she would need to have the Colleague database updated with new course information by November 1, 2018 to make the 2019-2020 MJC catalog. The new courses will need to be submitted by the dean in CurricUNET by the October 1 deadline to make the last meeting (October 23) that consists of courses approved for the 2019-2020 catalog.

L. Senechal embedded an Articulation Officers (AO) email stream (FAQ and Information on AB 705) she received regarding secondary considerations of AB705 implementation in which L. Senechal highlighted:

“AB 705 does not address other disciplines outside mathematics, English and ESL. Mathematics departments and curriculum committees should be cognizant of other disciplines’ needs for support courses. The science disciplines may wish to work with the mathematics department to determine appropriate preparation for science courses requiring intermediate algebra (or the prerequisite required of CSU or UC).”

2. **2018-2023 Curriculum Review Matrix**  
B. Adams

B. Adams noted the attached link for updates to the 2018-2023 Curriculum Review Matrix and the information is here for the purpose of the record.

3. **Curriculum Committee Training Day**  
B. Adams

B. Adams reported the Curriculum Committee Training Day had a good attendance and thanked H. Duarte and the EOPS Department for providing lunch.

**XII. PUBLIC COMMENT**

Before the meeting began B. Adams welcomed new Curriculum Committee members: A. Saleh from Arts, Humanities, and Communication (replacing E. Maki), M. Motroni from PE (replacing P. Brogan), J. Peterson from Technical Education (replacing E. Turner/A.DeAngelis), and J. Richmond from Science, Math, and Engineering (replacing E. Lucas).
I. APPROVAL OF ORDER OF AGENDA

Hearing no objections, the order of the agenda was approved as stated with a request from L. Senechal to accommodate guest.

II. APPROVAL OF MINUTES September 11, 2018

Hearing no objections, the minutes of September 11, 2018 were approved as stated.

III. NEW BUSINESS

Action Items

1. Sunset List Exemption
   a. GEOG 109 Introduction to Geographic Information Systems 3 Units

   Rationale for Removal from Sunset List: GEOG 109 is an introductory GIS (geographical information science) course. It has a c-id at the state and needs to be offered to provide students with a full geography program for the AAT at MJC. I am working with CSU Stan to modify the COR as most universities have a GIS course as a capstone (senior) graduation requirement. This means that we need to revamp the contents of the course as lower division.

   ENVIR 109 was cross-listed in the 1990s to give agriculture and resource students GIS experience and the agriculture program was willing to fund the software.

   It's appropriate for Geography to take ownership of the course moving forward and pull it more wholly into our department and the Geography TMC.

   M/S/U (T. GUY, L. SENEchal) to exempt GEOG 109 from the Sunset List

   P. Mendez requested the status on ENVIR 109. H. Townsend noted that ENVIR 109 was inactivated.

B. Adams commented that the Divisions did good with the 2017-2018 Sunset List and alerted the committee of the new 2018-2019 Sunset List.

2. Center of Excellence Follow-up Presentation

N. Seronello

N. Seronello spoke on the Center of Excellence (COE) and the importance of Labor Market Analysis reports. N. Seronello noted that regarding market information for Career Technical Education (CTE) programs, there is a new program recommendation requirement by the region for any substantial program changes or new programs. N. Seronello mentioned that because we are a two year college we are held to an accountability measure in the State of California. N. Seronello spoke on how the COE provides a brief overview of Labor Market Information (LMI) sources, tailored to the questions that colleges commonly ask related to developing programs, curriculum, writing grants, program review, and regional planning. N. Seronello mentioned that the Regional Centers of Excellence across California support the community colleges by providing customized data on high growth, emerging, and economically-critical industries and occupations and their related workforce needs; noting that the purpose of the COE is to verify that jobs are actually out there for the proposed programs, so students don’t accrual unnecessary debt. She also talked about how the COE crosswalks the California Community College TOP code programs to Standard Occupational Classification (SOC) codes and titles.

B. Adams displayed the Labor Market Analysis (LMI) report for the Agricultural Science program, provided by the COE, as an example of the extensive and customized data available through the Center of Excellence. B. Adams questioned, in terms of the Curriculum Committee, were there certain things, as we review a program, which we may key in on for LMI labor report. N. Seronello noted that the “Recommendations” and “Skills” sections would be key areas to focus on for the committee, although she preferred that the entire document be considered.

N. Seronello referenced the Summary page of the LMI report as the “nuts and bolts” of what the Chancellor’s Office is looking for, but also noted that the Chancellor’s Office is referring back to the COE for program benchmarks. N. Seronello recommended working with the Deputy Sector Navigator and/or the Prop 39 Director because of their expertise along with the program’s Advisory Board.

Rev.10/10/2018 10:00 AM 2 Curriculum Committee Minutes – September 25, 2018
N. Seronello summarized the key findings in a Labor Market Analysis report which included:

- **Occupational demand** — The largest occupations
- **Wages** — The highest paid occupations
- **Employers** — Top employers in the region
- **Job titles** — The most common occupational titles in job postings
- **Skills and certifications** — The top baseline skill, specialized skill, and top certification requirements
- **Education** — The education required
- **Supply** — Analysis of community college completions in the region
- **Recommendation** — Based on a comparison of occupational demand and community college supply

N. Seronello proceeded to answer specific questions from the committee related to the COE, how the data is obtained for their reports, how to interpret and use the available data, general benchmarks for the different programs, and recommendations for areas of concern.

1. Diagram the decision making process of an agriculture business manager.
2. Distinguish the steps in the financial planning process of an agriculture business.
3. Compare and contrast agriculture businesses on their organizational structures such as sole proprietor, partnership, and corporations.

ANSC 260 pulled for discussion by T. Guy who observed that no classes were listed for CSU Chico or CSU Fresno under Comparable Courses.  

L. Senechal commented on what the CSU expects of our courses when we call them baccalaureate. She noted that the CSUs want to see more theory and practice not just skills, but are trusting us to self-determine what that looks like. After reviewing the course outline, L. Senechal recommended ANSC 260 would fit better as a 300 level course.  

J. Haynes mentioned that as CTE courses many of the ANSC sequences lean heavily on skill based course work. J. Haynes commented that she thought the college was moving away from 300 level courses because they were no longer advantageous for students.  

L. Senechal noted that discussion has lead us astray to the mission of each level of course numbering, giving a false value to the baccalaureate. L. Senechal mentioned that 300 level courses have a different function and should be numbered accordingly; she added that the courses are not of less value, that they just have a different purpose. L. Senechal continued, that CTE are those students who finish and go out and get a job, whereas the transfer students have to reach the next level to obtain their degree and recommended that ANSC 260 be numbered accordingly.

M/S/U (M. GARCIA, R. CRYPE) to MODIFY CLDDV 103
CLDDV 103, CLDDV 107, and CLDDV 121 pulled as a block for discussion by S. Berger who commented on how the requisite is addressed in CurricUNET, noting that the requisite skills seemed incomplete.

H. Townsend noted that because of AB705 she spoke with J. Daly regarding the advisory in which she was given language to replace the course advisory of ENGL 50. H. Townsend also mentioned that she removed the ENGL 50 match from the requisite skills.

T. Akers-Porter questioned how important are requisite skills on an advisory. B. Adams mentioned that in having an advisory you are recommending this skill for success, so there has to be something they are able to do to succeed, therefore there should be that alignment. B. Adams noted that it is this committee’s charge and if the sentence structure doesn’t align or seems inadequate, it should be addressed.

J. Zellet suggested that this would be a good opportunity to put our heads together and offer some standardized language now that the advisory can become a general recommendation that is not tied to anything. J. Zellet mentioned that it is important to have consistency in the specialized language which would also be comprehensive to our students. J. Zellet noted that this is just one of many implications of AB705.

L. Senechal recommended, that once standardized language is developed for the advisories, a feature be added to CurricUNET to auto-populate the desired language.

H. Townsend questioned if the standardized language could be approved by the October 23, 2018 Curriculum Committee meeting for catalog purposes as well as in building sections for upcoming spring and summer courses.

J. Zellet noted the importance of the recently established AB705 implementation Task Force charged with looking at the institutional wide implications of implementing AB705. J. Zellet referred to an Excel spreadsheet that Santa Rosa Community College had put together covering a number of the implications of implementing AB705 from computer issues, to curricular issues, to changing policy.
issues, and noted that as information develops these documents may become a good source of reference. J. Zellet relayed that although not here yet, help was on its way.

With the approval of the committee, B. Adams and H. Townsend will work with L. Stephan on the consistency of language for the advisory for CLDDV 103, CLDDV 107, and CLDDV 121 as well as the requisite skills. B. Adams mentioned that a notification of changes would be added to the October 9, 2018 agenda for documentation purposes.

B. Adams also noted that as resolutions resulting from the implementation of AB705 develop, modifications to courses for the purpose of consistency would be reflected on the agenda for informational purposes.

CLDDV 107 pulled for discussion by T. Guy who questioned if item #2 under the Course Learning Outcomes (CLOs) would be considered one outcome or should the CLO be broken into multiple CLOs. L. Stephan noted that the CLO was considered as one environmental experience. C. Howard recommended changing “Identify the teachers’ role…” to “Demonstrate the teachers’ role…” for better accurateness. T. Akers-Porter commented that guidance from the Outcomes Assessment Workgroup (OAW) would be helpful when developing CLOs.

T. Guy also observed that no classes were listed for CSU Chico or CSU Fresno under Comparable Courses. B. Adams noted that CLDDV 107 had a C-ID approval and referenced the Course Articulation Summary in Attached Files for a list of comparable courses.

B. Adams offered, with the committee’s approval, to make the recommended changes to CLDDV 107 and then follow up with a notification of the updates on the October 9, 2018 agenda for documentation purposes.

NR 222 pulled for discussion by T. Guy who questioned the 1998 edition of Peterson Field Guide to Western Trees as the most recent textbook available, noting that a Barnes and Noble’s search revealed a 2015 western tree guide. B. Adams noted that sometimes a specific authored textbook might be the best for that discipline. L. Senechal recommended working with CurricUNET to address the issue to better utilize the text field, possibly by adding a compound field requesting the most current preferred addition “to date” with an explanation why the faculty prefers a particular textbook.

With the approval of the committee, B. Adams and L. Senechal offered to connect with T. Gravatt to clarify the preferred text and then follow up with a notification of any changes on the October 9, 2018 agenda for documentation purposes.

ENGL 161 pulled for discussion by T. Guy who referred back to previous conversations on distance educations (DE) where 1-99 percent of the hybrid course could be done face-to-face and questioned why this course was limited to a 50/50 percent ratio.

H. Townsend mentioned that D. Gilbert, may be unfamiliar with the 1-99 present hybrid ratio. B. Adams and division representative, C. Howard, will verify with D. Gilbert in changing the DE to reflect the 1-99
percent look. B. Adams noted that a notification of changes will be added to the October 9, 2018 agenda for documentation purposes.

J. Zellet, referring to the block scheduling aspect, noted that the committee needs to remember we can’t schedule classes in such a way that it destroys the student’s capability to enroll in more than six units or affects financial aid.

AGRICULTURE SCIENCE CERTIFICATE PROGRAM
Certificate of Achievement: Agriculture Science ................................................................. 14
Effective: Upon CCCCO and ACCJC Approval

ADOPT

Rationale: This certificate is being added to reflect and recognize student achievement in the
Agriculture and Environmental Science Division. This will also allow the department to capture
students who have completed these classes across all program areas.

Certificate of Achievement: Agriculture Science pulled for discussion by T. Guy noticed the
similarities between the Certificate of Achievement in Agriculture Science, the A.S. Degree in
Agricultural Environmental Science, and the Certificate of Achievement in Agricultural Environmental
Science. T. Guy reviewed the justification for this new program, stating, “This certificate is being added
to reflect and recognize student achievement in the Agriculture and Environmental Science Division.
This will also allow the department to capture students who have completed these classes across all
program areas.” T. Guy questioned the benefits of having a 12 unit certificate that you could get half
way through and is this part of the thinking we want to go into.

J. Zellet mentioned that in CTE areas there could be a logical reason for putting together stackable
certificates, which would constitute exit points. J. Zellet continued that if you notice you have a whole
certificate or degree and notice that your students are repeatedly reaching employability before
completing those awards, you have an exit point in which you can seal-the-deal. If you students are
employable, they can come back and continue to the next level.

B. Adams notified the committee that it lost quorum and would not be able to vote on the Certificate of
Achievement: Agriculture Science at this point and that the award will be added to the October 9, 2018
agenda.

X. STANDING REPORTS

Due to time constraints and the volume of work before the Curriculum Committee, regular reports for Articulation and the Academic Senate will be provided electronically as an appendix to the minutes.

1. Articulation: C-ID Newsletter (Summer 2018), ASSIST Development Update
   L. Senechal
   FAQ and Information on AB705
   L. Senechal mentioned that with AB705, make sure when modifying curriculum you keep in mind those courses and disciplines that are going to need algebra as a prerequisite in a major. L. Senechal reasoned that students may need to demonstrate algebra competency in the upper divisions.

2. Expedited Curriculum Approval Guidelines (Postponed until the October 9, meeting)  
   B. Adams

Informational Items

1. AB705 Compliance  
   J. Zellet, L. Maki, J. Abbott

   J. Zellet recommended that the committee go to the College Council website to review the College Council minutes because the charge for the AB705 Task Force was presented and should be posted.

XII. PUBLIC COMMENT

M/S/U(R. CRIPED L. STEPHAN) to adjourn at 5:17 PM
I. APPROVAL OF ORDER OF AGENDA

Hearing no objections, the order of the agenda was approved as stated with a request from T. Guy to accommodate guests.

II. APPROVAL OF MINUTES  

September 25, 2018

Hearing no objections, the minutes of September 25, 2018 were approved as stated.

III. NEW BUSINESS

Action Items

1. DE Addendum Revisions  

M. Smedshammer

M. Smedshammer presented a modified Distance Education (DE) Addendum document to the Curriculum Committee for their consideration.

The Accrediting Commission for Community and Junior Colleges (ACCJC) is looking at how MJC ensures that regular effective contact is occurring with our online courses and although the revised DE Addendum is just one piece, it is an important piece. The Online Education Committee (formally the Distance Education Committee) worked on a resolution for guidelines on what constitutes regular effective contact for online classes, which would lineup with what was passed at the Academic Senate.

M. Smedshammer reviewed the changes in the proposed DE Addendum document which included recommending that the online and hybrid DE Addendums be combined into one online form. M. Smedshammer noted that the Methods of Instruction (MOI) section of the form would remain the same as the current DE Addendum except for “hybrid” would be noted on the “On-campus Orientation Sessions” and “Group Meetings/Review Sessions” indicating that the two MOIs are exclusive to the hybrid modality. M. Smedshammer mentioned that item #3 “Regular and Effective Contact Methods and Examples” was changed to mirror exactly what exists in the Academic Senate guidelines for what is
regular effective contact. M. Smedshammer noted this section includes examples of what regular effective contact is, for each category, as well as a comment box for other methods not covered. M. Smedshammer concluded with the last item, which addresses hybrid courses only, which he noted already exists on the current form.

M. Smedshammer then proceeded to answer questions and address concerns from the committee, which included, but were not limited to:

- The removal of the question relating to Title 5 from the proposed DE Addendum document
- Recommendations on addressing the Teleclass modality used by Allied Health
- Concerns on integrating the new form into CurricUNET and current discussions on updating and/or changing our outdated CurricUNET system.
- Possible “stop-gap” solutions to implementing the proposed revisions to the DE Addendum
- Recommendations to follow up with each department/division for feedback
- Corresponding timelines with deadlines such as accreditation and catalog

M/S/U (L. SENECHAL, T. AKERS-PORTER) to accept the Distance Education Addendum document as a first reading and have it come back as a second reading.

Motion Passed:

1 ABSTENTION (C. Howard)

**Informational Items**

1. **PCAH – Development Criteria for CCCC0 Program and Course Approvals**  
   B. Adams

   B. Adams provided hard copies of excerpts from the Program and Course Approval Handbook (PCAH), 6th Edition regarding Development Criteria as a review guide for new course and award proposals coming through the Curriculum Committee in the near future. B. Adams noted that the excerpts described what the five Criteria in developing proposals were all about and would be a good reference document.

   L. Senechal noted that with the new edition of the PCAH comes more responsibility for the Curriculum Committee including B. Adams as Co-Chair and J. Zellet as VP of Instruction, who have to certify that the rules are being followed. B. Adams included that any course or program can be pulled at any time to be reviewed for compliance by the California Community Colleges Chancellor’s Office (CCCCO).

HIST 116 and HIST 129 pulled as a block for discussion by T. Guy who recommended that the comparable courses for HIST 116 be updated to the more appropriate CSU Chico – HIST 116 Women in History and UC Davis – HISTORY 72A American Women & Gender. T. Guy also recommended that the comparable courses for HIST 129 be updated to include CSU Bakersfield – Introduction to California History 2100 and California Polytechnic University, San Luis Obispo – HIST 208 Survey of California History. With the approval of the committee, B. Adams agreed to update the comparable course field with the recommended courses and will add as a notification on the October 23, 2018 agenda for documentation purposes.

S. Berger noted the summative language for the HIST courses was not written as we typically see. E. Kerr mentioned that the summative evaluations for the HIST courses were written to match what is typically seen in the HIST C-IDs.

M/S/U (R. CRipe, T. Guy) to MODIFY HIST 116  
HIST 116, HIST 129, HIST 145, HIST 154, and HIST 155 pulled as a block for discussion by S. Berger who had concerns on how AB705 effected the requisites for the HIST courses. C. Howard mentioned that ENGL 50 is being inactivated and ENGL 45 can no longer be required because of
AB705. C. Howard noted that ENGL 45 would continue on the books for now, as the effects of AB705 on students are determined. C. Howard continued that with the implementation of AB705, requisites have become an issue, noting that students need some level of English composition when entering ENGL 100 or ENGL 101.

B. Adams mentioned that it has been recommended that consistent language be crafted to address the issues with requisites, possibly with help from the English department. T. Akers-Porter noted that the Math department, with the assistance of the English department, settled on “meets eligibility requirements for ENGL 101” for their advisory.

L. Senechal questioned how students are being informed of AB705 and its effects on them. J. Zellet mentioned that getting the information on AB705 out to the students is just one of the issues that the AB705 Task Force will be addressing.

B. Adams mentioned that the Instruction office, with the help of the English division representatives, would connect with the departments to construct consistent language to use as an advisory. B. Adams noted that the advisory language would then be noted as a consent item on the October 23, 2018 agenda.

**HIST 125 pulled for discussion by T. Guy**, who noted that he could not find a second lower division comparable course for HIST 125 and was concerned if students taking this course would have to re-take a History of Mexico course at a transfer university. T. Guy recommended that the course be more specific regarding the course’s articulation. E. Kerr mentioned that most of the Latino students taking HIST 125 are not History majors and are taking this course for personal enrichment. Discussion ensued regarding truth in advertising, articulation of Baccalaureate level courses, and course numbering.

HUMSR 101 pulled for discussion by T. Guy who recommended that the comparable course field for HUMSR 101 be cleaned up to include only CSU Monterey Bay – CHHS 215 and CSU Fullerton – HUSR 201. With the approval of the committee, B. Adams agreed to update the comparable course field with the recommended courses and add as a consent item on the October 23, 2018 agenda for documentation purposes. L. Senechal recommended that the HUMSR courses be revisited by the division for consideration of C-ID approval.

EMS 390 pulled for discussion by J. Petersen who requested clarification for the increase in hours and units for EMS 390. R. Cripe referred to Title 22 of the California State EMS Authority and the Mountain Valley EMS Authority in which instructional time had been increased. R. Cripe noted that in reviewing EMS 390, it was determined that lab hours and additional course hours were needed to cover,
in depth, the 2018 Prehospital Emergency Care, 11th edition textbook and stay within the regulations of Title 22 of the California State EMS Authority.

M/S/U (R. CRIPE, M. GARCIA) to MODIFY MATH 9

T. Guy commented that with AB705 he thought that these non-transferable math courses were going away. T. Akers-Porter replied that due to AB705 some math courses might be inactivated. T. Akers-Porter noted that because the math courses were up for periodic review and the recent passage of AB705 coming at the same time, there has not been enough time to exam the data to determine what the course of action should be. T. Akers-Porter mentioned that for now the Mathematics department is focused on transfer level courses and keeping the status quo for non-transferable courses. B. Adams mentioned that T. Akers-Porter and herself were part of the AB705 Task Force and it was recommended that the Curriculum Committee be updated on the effects AB705 was having on our students and what adjustments were being made as things progressed as we proceed with the implementation of AB705.

**V. COURSE CONSENT AGENDA**

*Hearing no objections, the following course changes were approved.*

**Proposed Replacement Language for Advisories, Corequisites and Prerequisites where ENGL 45, 49, 50 and ELIC 151 Currently Exist**

At the October 9, 2018 Curriculum Committee meeting it was discussed that due to the passage of AB705 and the proposed inactivation of ENGL 49 and ENGL 50, language should be in place to replace any advisory, prerequisite or corequisite where ENGL 45, 49, 50 and ELIC 151 exist currently. C. Howard provided H. Townsend with non-course advisory language via email. The proposed advisory is the following:

> Before enrolling in this course, students are strongly advised to satisfactorily complete an MJC English composition course or the equivalent, or to exhibit proficiency in college-level essay writing skills.

The advisory will show in all course management systems and the catalog effective Summer 2019 upon approval.

BUSAD 235  
**Introduction to Entrepreneurship**

**CCCCO Proposal Type:** New Credit Course

**Effective:** Upon CCCCO approval

**ADOPT**

**Rationale:** The Central Valley/Mother Lode Region Sector Profile Report dated June 2018 (attached) shows 809 average annual job openings for Business Operations Specialists in the Small Business and Entrepreneurship sector from 2017 – 2020, with demand projected to increase over time. Of 871 total students taking Small Business and Entrepreneurship courses in the region during the 2016 – 2017 academic year, 45 percent were Hispanic and 10% were African American. Offering this course at MJC would enhance economic opportunities for underserved student populations while also meeting a workforce demand for small business owners and managers in the city and region. In addition, this course would provide entrepreneurial education to majors and non-majors looking to start a business, and would also benefit people in the workforce looking to more effectively approach their jobs with an entrepreneurial mindset focused on minimizing costs, maximizing productivity, and increasing profits.

**Enrollment Restrictions:** (None)

**Distance Education Status:** Requesting: Mixed modalities/hybrid, online

**BUSAD 381 and BUSAD 387 pulled as a block for discussion by T. Guy** who mentioned that the Communication Studies Department would like to have been included in the discussion of the creation of BUSAD 381 and BUSAD 387, as they mirror in content COMM 102 Introduction to Human Communication and COMM 106 Group & Organizational Communication. T. Guy also noted his concern that Communications Studies was not listed as a discipline or that students would be unable to reach the Course Learning Outcomes (CLO) in nine hours.

T. Akers-Porter questioned policy when two disciplines overlap when no collaboration between the departments had been pursued.

C. Redwing noted that the Academic Senate encourages collegiality in cooperation, but as the collaboration between departments is a process concern, the Academic Senate has no authority unless it becomes an equitable issue.

B. Salerno mentioned that BUSAD 381 and BUSAD 387 are part of a Customer Service Academy developed in conjunction with Merced and Columbia College. B. Salerno also noted that BUSAD 381 and BUSAD 387 are part of a 10 course series of 1/2 unit, non-baccalaureate, vocational courses that are skilled based, for our student demographic as well as the community at large. B. Salerno continued, mentioning that the 10 course series work together to form a five-unit Skills Recognition Award and
BUSAD 381 and BUSAD 387 don’t have the same level of course content as the Communication Studies courses.

With the approval of the BUSAD faculty present, Communication Studies was added to the list of disciplines for BUSAD 381 and BUSAD 387.

SOCS 109 and SOCSC 110 pulled as a block for discussion by T. Guy who mentioned both SOCSC 109 and SOCSC 110 have the same CSU Fresno comparable course. E. Kerr noted that some Teacher Education Programs only require one lower level observational based class, where others like CSU Stanislaus requires two, as a result both SOCSC 109 and SOCSC 110 can articulate to the same class. With the approval of the committee, B. Adams and L. Senechal will work with E. Kerr to replace the CSU Fresno information with another institution that aligns better with the SOCSC courses and then follow up with a notification of the updates on the November 13, 2018 agenda for documentation purposes.

*MATH 32, MATH 33, and MATH 34 pulled as a block for discussion by H. Duarte* who had concerns on the amount of units students would need to complete their math requirement. H. Duarte continued, if a student struggles and fails their math classes, and if they are a full-time student, it may jeopardize their financial aid thereby putting the student at a disadvantage. H. Duarte suggested reducing the units for any of the three math courses, because the goal is not to give the students additional homework or have the separate learning outcomes, but it’s to help the student pass their main math course such as MATH 134.

T. Akers-Porter mentioned that corequisite course work is the number one suggestion for services to help the student succeed in transfer level math. T. Akers-Porter noted that although she understands it’s a lot of units at once, the new Math sequence had the possibility of reducing units from 14-17 down to 6-7 units and also removing four exit points, she continued that the goal in financial aid is for the student to get the most out of each course unit. T. Akers-Porter concluded that you have to look at what the transfer level course requires and what the student needs to know to be successful only in that transfer level course; it is all about giving our students options.

Discussion ensued encompassing student scenarios and committee concerns, which T. Akers-Porter referred back to her presentation and the work of the AB705 Taskforce, she also noted that AB705 has required the Math department to think outside-the-box and adjustments to the Math Sequence may be needed as more information and statistics are collected.

AGRICULTURE & ENVIRONMENTAL SCIENCES

ADOPT: AGRICULTURE SCIENCE PROGRAM
Certificate of Achievement: Agriculture Science 14
Effective: Upon CCCCO and ACCJC Approval

ADOPT
Rationale: This certificate is being added to reflect and recognize student achievement in the Agriculture and Environmental Science Division. This will also allow the department to capture students who have completed these classes across all program areas.

M/S/U (A. SALEH, J. FORTE) to ADOPT CERTIFICATE OF ACHIEVEMENT: AGRICULTURE SCIENCE

BUSINESS, BEHAVIORAL & SOCIAL SCIENCES

ADOPT: OFFICE ADMINISTRATION PROGRAM
Certificate of Achievement: Microsoft Computer Applications 6-8
Effective: Upon CCCCO and ACCJC Approval

ADOPT
Rationale: Student recognition for successful completion of Microsoft Office Suite.

CERTIFICATE OF ACHIEVEMENT: MICROSOFT COMPUTER APPLICATIONS pulled for discussion by T. Guy who noted that the Certificate of Achievement for Microsoft Computer Applications shows six to eight units. T. Guy also noted a certificate cannot be less than eight units. H. Townsend noted that the OFADM faculty wanted to replace OFADM 256 Introduction to Microsoft Word (1 unit) with OFADM 231 Intermediate Word Processing (3 units) resulting in an eight required program units for the Certificate of Achievement for Microsoft Computer Application. With the approval of the committee, B. Adams changed the required courses in CurricUNET for the Certificate of Achievement for Microsoft Computer Applications as requested.

M/S/U (P. MENDEZ, S. CASSIDY) to ADOPT CERTIFICATE OF ACHIEVEMENT: MICROSOFT COMPUTER APPLICATIONS
Application for Approval - New Noncredit Programs - Requires CCCCO Approval

SCIENCE, MATHEMATICS & ENGINEERING

ADOPT:

MATHEMATICS NON-CREDIT PROGRAM
Certificate of Competency: Proficiency in Elementary Algebra 0
Effective: Upon CCCCO
ADOPT
Rationale: A noncredit Certificate of Competency: Proficiency in Elementary Algebra. This sequence of noncredit Elementary Algebra courses is designed to prepare students for higher level courses by providing students with a foundation in Elementary Algebra. Completion of this certificate also benefits students in other programs or careers where knowledge of fundamental arithmetic concepts is essential for success.

M/S/U (A. SALEH, J. FORTE) to ADOPT CERTIFICATE OF COMPETENCY: PROFICIENCY IN ELEMENTARY ALGEBRA

ADOPT:

MATHEMATICS NON-CREDIT PROGRAM
Certificate of Competency: Proficiency in Intermediate Algebra 0
Effective: Upon CCCCO
ADOPT
Rationale: A noncredit Certificate of Competency: Proficiency in Intermediate Algebra. This sequence of noncredit intermediate algebra courses is designed to prepare students for higher level courses by providing students with a foundation in intermediate algebra. Completion of this certificate also benefits students in other programs or careers where knowledge of intermediate algebra concepts is essential for success.

MODIFY:

ART PROGRAM
A.A. Degree: Art 21 (Previously 20)
Effective: Upon CCCCO Approval (Summer 2019)
MODIFY: Semester preference, elective header, elective courses, total units
Rationale: The Art A.A. is being updated to include the new class Art 151-Survey of Asian Art. Two category titles have also been updated. "Art History and Appreciation Area" has been updated to "Art History Area." Art appreciation was removed from this degree several years ago.

M/S/U (A. SALEH, J. FORTE) to MODIFY A.A. DEGREE: ART
ART PROGRAM
A.A.T Degree: Art History 18-20
Effective: Upon CCCCO Approval (Summer 2019)
MODIFY: Semester preference, list A header, list A courses, list B header, list C header, list C courses
Rationale: This program is being updated to add the new course Art 151-Survey of Islamic Art. Art 151 was added to List A, and also included on List C. Since Art 169 will no longer be the only course that can satisfy list A it has also been added to list C as an elective option. An unnecessary or was removed from List B behind Art 170. Lists A and B were updated on the recommended semester a student should take them.

M/S/U (A. SALEH, J. FORTE) to MODIFY A.A.T DEGREE: ART HISTORY

ART PROGRAM
A.A.T Degree: Studio Arts 24
Effective: Upon CCCCO Approval (Summer 2019)
MODIFY: List A courses
Rationale: This program is being updated to add the new course ART 151-Survey of Islamic Art. A missing “or” was also added between Art 147 and 148. These are two types of Painting 1 courses, and a student should only take one or the other.

M/S/U (A. SALEH, J. FORTE) to MODIFY A.A.T DEGREE: STUDIO ARTS

COMMUNICATION STUDIES PROGRAM
A.A. Degree: Communication Studies 21
Effective: Upon CCCCO Approval (Summer 2019)
MODIFY: Elective courses
Rationale: Award has been updated to remove COMM 122 and COMM 124 from the electives list. The two courses have been approved for inactivation, effective Summer 2019. Award has been reviewed as part of scheduled Fall 2018 curriculum review.

Action Items

1. DE Addenda Revisions  
   M. Smedshammer

   T. Guy expressed concerns with where to house the DE Addenda Revisions document when considering the document’s usability and recommended adding the document to the Curriculum Manual housed on the Curriculum Committee webpage. T. Guy also noted concerns with students turning off Canvas’ announcements from instructors using the Canvas teaching system.

   L. Senechal expressed her concerns of housing the DE Addenda Revisions document within the outdated CurricUNET system with its limitations, issues, and lack of technical support.

   C. Redwing expressed his concerns with the approval timeline of the DE Addenda Revisions document in lieu of the upcoming accreditation and the efforts to ensure that regular effective contact is occurring with our online courses.

   P. Mendez suggested that the committee was looking at two different issues, one with the DE Addenda Revisions document and the other the implementation of the document.

   M/S/F (T. GUY, ___) to amend the document rather than being a form incorporated in CurricUNET, that it be included in the Curriculum Handbook as a guide.

   M/S/withdrawn (L. SENECHAL, T. GUY) to postpone the vote on the DE Addenda Revisions Document while CurricUNET is consulted on implementation of the document within the CurricUNET system.

   M/S/C (P. MENDEZ, J. FORTE) to accept the DE Addenda Revisions Document as stated.

   Motion Passed:

   **1 NAY** (T. Guy)

   **0 ABSTENTIONS**

2. Curriculum Review Process (Postponed until the November 13, meeting)

   J. Zellet, L. Maki, J. Abbott

   **AB705 Curriculum Presentation (FA2018), Math Pathways (10/23/18 Draft), FAQ on AB705**

   T. Akers-Porter, a member of the AB705 Taskforce, gave a presentation on AB705 Curriculum Updates for fall 2018. She noted the two key issues that needed to be addressed were placement and persistence. T. Akers-Porter mentioned that students have been fundamentally under placed in mathematics and statistics show a student’s Grade Point Average (GPA) was a better predictor of student success than taking a placement test. T. Akers-Porter noted that the Math department worked with their high school counterparts on a GPA Crosswalk which was forwarded to Student Services last year.

   T. Akers-Porter stated that there is some revolutionary thinking that says “get rid of the exit points, we can do better” and that is where AB705 comes in. T. Akers-Porter noted that our job according to AB705 legislation is to:

   - Increase the numbers of students who enter and complete transfer-level English and mathematics/quantitative reasoning in one year.
   - Minimize the disproportionate impact on students created through inaccurate placement processes.
   - Increase the number of ESL students who complete transfer-level English within a three-year time frame.
   - Colleges must use of one of the following in assessing students: high school coursework, high school grades, HS GPA.
   - Students may not be placed into remedial courses that delay/deter educational progress unless placement research suggests they are “highly unlikely” to succeed in transfer-level course
• Placement must “maximize probability that a student enter and complete transfer-level coursework in English and math within a one-year timeframe”
• Colleges can require “additional concurrent support…during the same semester that they take a transfer-level English or mathematics course.”

T. Akers-Porter referred to the AB705 Implementation Timeline noting that we need to be fully compliant by fall 2019. T. Akers-Porter commented on the steps that have already been completed in the implementation process and noted that the Mathematics department has submitted their AB705 compliant curriculum changes for approval. She also commented that although extensive research and efforts have been made to comply with the AB705 legislation, there is no existing model to follow and modifications might need to be made as data is gathered and examined.

T. Akers-Porter communicated from the California Community Colleges Chancellor’s Office (CCCCO) that “as a matter of good practice, colleges should periodically evaluate the effectiveness of their placement recommendations to students. Assuring the effectiveness of both placement policies and curricula is an ongoing effort. All colleges are expected to report the outcomes of their choices to the Chancellor’s Office whether the default placement rules are implemented or some other design is developed.”

T. Akers-Porter’s extensive presentation also included: (See links above for additional information)

• Frequently Asked Questions
• Statistics/Liberal Arts Proposed Pathways
• BSTEM Proposed Pathways
• Some Challenges/Unknowns
