Re: New Prefix for Social Justice Studies (SJS)

The Social Justice Studies (SJS) prefix is being proposed for approval by the Curriculum Committee. The SJS prefix is being proposed partly in response to AB 1111, common course numbering. This prefix will align with the C-ID designation for Social Justice Studies. The SJS prefix will be housed in the School of Behavioral and Social Sciences. If approved, there are a handful of SOCS courses that are likely to be modified to reflect the SJS prefix. The intention is to inactivate the SOCSC prefix.

- SOCSC 105—Introduction to Global Women's Studies (pursuing C-ID SJS 120)
- SOCSC 154—Movies with a Message
- SOCSC 130—Introduction to LGBTQ Studies (approved for C-ID SJS 130)

The School of Behavioral and Social Sciences may also be pursuing the Associate Degree for Transfer in Social Justice Studies, General, which includes the above C-ID descriptors.

We are requesting the proposed prefix be added to the eLumen system upon approval by the Curriculum Committee.

Thank you for your consideration of this request.
