

RAF Communications Calendar

RAF meets September through April. The communication calendar below will provide a timeline of when communications will be sent out regarding topics covered in RAF:

- August – Share information about final budget and expenditure activity for the previous fiscal year.
- September – Share information about final state budget, YCCD final budget and MJC final budget.
- January – Share information about the subsequent fiscal year budget for the state and the potential implications to the District/College, as well as sharing fiscal information about the college, focusing on actual expenditures compared to the budget.
- April – Share information about tentative budget for the District and college.

*Once we have a timeline established for our college RAM, we will add additional information to the communications related to what RAF has completed related to the RAM.
