I. Call to Order

Meeting was called to order at 11:05 a.m.

II. Introductions (Guests)

Rob Stevenson; Angelica Guzman; Judith Martinez

III. Business/Discussion

A. MJC Schools – James described for the Council the goals and purpose of Guided Pathways. Rob Stevenson and Tina Giron shared important information regarding their work on obtaining information regarding career and the overlap and created surveys to determine student success. This included both students and faculty. Rob shared the data through handout separated by disciplines and ensuring students are not taking classes that are not in their chosen major. (Handout will be available on-line on the Student Services Council website http://mjc.edu/governance/studentservicescouncil/agen_mins.php)

Rob and Tina will be present for a first reading through the governance process. The target date is fall of 2020 for the full roll-out. Rob and Tina are asking for SSC's recommendations. ASMJC is very involved in the process and discussing at their senate meetings.

Motion was made to move forward for first reading by Flerida and seconded by Steven accept as first reading.

B. Principal's Breakfast – James shared with Council the purpose of today's meeting with the principals within MCS. Discussion regarding incoming fees, change in assessment, and pipeline started with the schools. Dual enrollment was also discussed.

C. 2018-2019 Onboarding – Tabled

D. Hobsons Starfish – Judith reported the purpose of the program. It is almost ready to launch. The history of the product can be found on the mjc.edu website. Counselors do have access and are currently utilizing. She also gave a demonstration through a “counselor’s eyes” and what they see from their end when meeting with a student.

E. Funding Formula MIS Data – James explained the new (handout will be available on-line) formula and the way that colleges are apportioned and funded. He reviewed with council the different categories that will be included in this new formula. James explained that the real goal of the State is to not only have students receive a certificate or degree, but that they obtain a job that allows them to work for a decent wage that coincides with their degree but also enabling the student will be able to be a contributing citizen in society. There are other aspects of the formula and metrics that will also be measured, level of income, ethnicity, etc. All the measurements and requirements are explained on the document.

F. Success Teams Update – Florida explained the team dynamics, there are at least one counselor and program specialist(s) on the team divided by discipline. She also explained that once Starfish is launched, it will be easier for them to track the journey of students.

G. Accreditation Update – Committee met yesterday and reported that there are three recommendations that are due March 1. Two of them are from the District and the last one is MJC’s.

IV. Other Business:

V. Adjournment – Meeting adjourned at 12:05 p.m.

Next meeting: October 12, 2018
