Internship Opportunity for the Students of Modesto Junior College

Sunburst AgriBiotech Solutions LLC is an agribusiness company located in the Central valley of California. Plant disease clinic is one its divisions dedicated to servicing the farmers, cooperative Agro-farms and seed companies. We offer testing for plants. Soil and water samples from our customers.

Location: 677, east Olive Avenue, Turlock, CA

Candidates: We are looking for interns from Modesto Junior College as part of our commitment to serve the Ag School student community in developing skill sets that will help with their future employment in Biology related careers including agribusiness.

The ideal candidate will have basic knowledge in biology. He /She will be trained in the basics of basic microbiology, plant pathology, seed treatment technology, and pathogen identification using conventional and molecular analyses. Nematode identification and seed health testing will also be taught. Wet lab expertise with molecular methods like DNA/RNA isolation, Gel electrophoresis, PCR (RT PCR, real time PCR), Gel extraction of PCR products for DNA sequencing and other related good lab practices will also be part of the training.

The potential candidate should be able to create and maintain a clear record of experiments and protocols. Monitor and list reagents needed for the testing services. Along with the lead scientist and the technicians, the candidate should be able to create experimental protocols for new projects. Public interaction skills for new customer onboard and walk-ins needed

Qualifications:

- Modesto Junior College student (2 year college program) majoring in Agriculture and allied subjects.
- Strong theoretical background and knowledge in general biology and biochemistry will be a plus.
- Excellent written and oral communication, project management skills, and ability to manage working teams effectively without direct authorities
- Desire and ability to excel in a multidisciplinary environment; open minded and capable of receiving feedback.

SunBurst Agri Biotech Solutions LLC is an EEO/ Affirmative Action Employer and does not discriminate on the basis of race, color, religion, sex, sexual orientation, gender identity, national origin, protected veteran status, disability or any other legally protected status.

This is an unpaid internship opportunity offered through a collaborative agreement to train students through their internship credits.
