Free Concert

- Irene Schreier concert last Wednesday, was greatly attended.
- Ukraine connection was a success. Thank you to George Boodrookas for arranging the visit. Maybe we can have a follow-up internet exchange or maybe we can possibly stream a live production or concert!

II Announcements –

- Boiler on east campus, there is a snag with landscaping. The fence will be up for a couple more weeks.
- Parking lot on west by Cabaret West, will be worked on
- The Celebration of the Humanities committee will be meeting in a couple of weeks on Friday, November 9th at Noon in the PAC Conference room. If anyone should have questions please email Aishah or Jacquelin.
- The Arts Admin. Assistant committee will be meeting and interviews will be happening in November sometime. We should have someone by the beginning on spring semester.

III Discussion –

- Photo Project (Kim, Noah, Aishah)
 - Richard Renaldi mock up photo session, **Thursday, October 25th** 1:30-4:30pm on west campus. Noah's students will be taking photos, **Monday, October 29th** from 11am – 1pm in the quad area.
- Title IX, Lloyd Jackson
 - Annual Crime Report was just sent out to everyone at MJC. This report only shows incidents happening on MJC campus. It does not include the immediate area around the MJC east and west campus.
 - Any sexual misconduct that is reported to staff must be reported to Lloyd.
 - Send students to crisis counseling
 - 'Ask First' cards are available in division office
 - If faculty should have a moment in class if a student reveals intimate information please call Lloyd to see if this information should be documented to show how involved out faculty is with our students.
- Liz Camboia reported on the Starfish Bar – Faculty is encouraged to attend these sessions to provide feedback –
 - **QUESTIONS ASKED** What does faculty want to see? Check it out and let the Success team know.
 - Are DSPS counselors using Starfish?
 - Will texting be offered? Some students don't check their email

- This idea seems like a lot; adding something in addition to Canvas, may be confusing for students. Will Starfish and Canvas be merged at all? Perhaps there can be a flow chart for faculty to decide when to use Starfish for flagging students etc.
- Can faculty see student schedule? When to schedule meetings with them this would be helpful.
