

A.S. DEGREE: ACCOUNTING

Your Career in Accounting Starts Here!

The A.S. in Accounting Degree is designed for students entering into the accounting field at the entry level. If you wish to pursue professional certification (i.e., Certified Public Accountant and/or Certified Management Accountant), you should plan to earn at least a bachelor's degree in Business Administration with a major in Accounting. To earn an Associate in Science degree, the student must complete the MJC Associate Degree Requirements in addition to the following coursework.

PROGRAM LEARNING OUTCOMES

Upon satisfactory completion of this award, the student should be prepared to:

1. Recognize and analyze ethical issues as they apply to the business environment.
2. Obtain employment in an entry-level position in the accounting field.
3. Demonstrate the working knowledge required to perform the various tasks necessary in a complete accounting cycle through financial statements.

PROGRAM REQUIREMENTS

To earn an Associate in Science degree in this major, you must complete the requirements detailed in the Career Technical General Education Pathway or the University Preparation Pathway. Each course must be completed with a grade of "C" or better.
