- Traveling office hours were provided this fall to the divisions. Each division is visited once a semester. The last two divisions will be visited October 15 and 17. This is another option for faculty to engage in outcomes assessment.
- The first data upload into eLumen has been completed for the fall 2019 semester. The second and final upload will be after the final drop date.
- Assessment schedules for 2019-21 are due by Friday, October 18. After that, any missing schedules will roll over into 2019-21 using the 2017-19 schedule. Departments can still make changes, but this is the guide for distribution.
- Amy asked about who to contact in the Food & Nutrition department, since the classes are taught by adjuncts. Nita will assist Amy in determining how to gather the information.
- The group began reviewing PLOs, using Bloom's Taxonomy as a guide. About ten awards were reviewed. Amy will contact Human Services about noted changes, and Nita will contact History. Nita will also contact Bobby about his status with the Workgroup.
- No dates have been set yet for SLO data workshops.
- The deadline for Fall 2019 assessments is January 31, 2020.
- The next meeting is scheduled to be a ZOOM meeting on Friday, November 22, 2019.
- The meeting concluded at 2:00 p.m.
