FREN - 52: Introductory French 2

Course Learning Outcomes

As a result of satisfactory completion of this course, the student should be prepared to:

1. Conduct and respond to simple conversations within daily life situations, travel and occupational contexts.
2. Read texts in the target language (simplified as well as authentic); and
3. Write dialogs, short paragraphs, and simple correspondence.

MACH - 222: CNC Machine Operations

Course Learning Outcomes

As a result of satisfactory completion of this course, the student should be prepared to:

1. Set up a typical vertical machining center and produce a part within stated tolerances within two hours.
2. Set up a typical CNC turning center and produce a part within stated tolerances within two hours.

PEM - 113: Intermediate Basketball

Course Learning Outcomes

As a result of satisfactory completion of this course, the student should be prepared to:

1. Select and demonstrate the skills necessary to be effective in team play.
2. Develop team offenses and defenses to utilize in intermediate level basketball games.
3. Analyze the concepts of basic team play and determine the most effective strategies to compete in game situations.

New Courses

OFADM - 306: Keyboarding for Accuracy

Course Learning Outcomes

As a result of satisfactory completion of this course, the student should be prepared to:

1. Demonstrate and develop correct keyboarding techniques as applicable to keyboarding by touch for accuracy.
2. Demonstrate improvement of accuracy on a 3-minute or 5-minute timed writing.

OFADM - 307: Keyboarding for Speed

Course Learning Outcomes

As a result of satisfactory completion of this course, the student should be prepared to:

1. Demonstrate and develop correct keyboarding techniques as applicable to keyboarding by touch for speed.
2. Demonstrate improvement of speed on a 3-minute or 5-minute timed writing.

III. NEW BUSINESS: (CLOS from Assessment Chair Approval Stream)

HE - 118: Exercise and Nutrition for Healthy Living

Course Learning Outcomes

As a result of satisfactory completion of this course, the student should be prepared to:

1. Identify a variety of exercises designed to improve flexibility, strength, and endurance.
2. Critique information about bodyweight issues and nutrition for exercise performance.
3. Describe the relationship between human energy systems, dietary factors and exercise performance under a variety of conditions.

PE - 108: Care and Prevention of Athletic Injuries

Course Learning Outcomes

As a result of satisfactory completion of this course, the student should be prepared to:

1. Select and apply appropriate taping techniques to care for or prevent specific injuries.
2. Evaluate specific injuries utilizing stability and functional tests.
3. Describe evaluative findings of specific injuries in an appropriate and concise manner.

PEC - 148: Yoga for Better Health

Course Learning Outcomes

As a result of satisfactory completion of this course, the student should be prepared to:

1. Produce improved balance, strength, and Flexibility through basic yoga postures.
2. Distinguish between basic yoga terminology and movements.

PEC - 171: Swim for Fitness

Course Learning Outcomes

As a result of satisfactory completion of this course, the student should be prepared to:

1. Design and formulate a one hour workout using the pace clock.
2. Compare the four swim strokes and demonstrate the proper techniques.

PEC - 175: Beginning Tennis

Course Learning Outcomes

As a result of satisfactory completion of this course, the student should be prepared to:
