Get Started on a New Career Pathway!

Become a Pharmacy Technician

Program Begins Spring 2019

Our program is designed to make training for a career as a pharmacy technician – accessible and affordable. Our goal is to provide quality instruction and produce a qualified technician to meet the demands of a fast growing occupation by:

- Providing industry recognized and accredited instruction that prepares students for an entry-level career as a technician.
- Facilitating an environment in which faculty and student engage in open dialogue to foster student success.
- Developing partnerships with industry and community leaders, and much more.

The program is intended to be completed in 10 to 12 months. The Program consists of over 620 hours of classroom and hands-on learning: 87 hours of simulated laboratory time and 340 hours of externship in various facilities. The program is offered during the evening to allow working students the opportunity to train for a new career: **Spring schedule is Tuesdays and Thursdays with some Wednesdays, from 6:00 p.m. to 9:00 p.m.**

**INFORMATION MEETING: Tuesday, October 2 @ 6:00 pm**
