

Happy New Year from the ICC!

Welcome to the spring semester!

The Inter Club Council is so excited to create new memories with clubs this spring semester, starting with our first meeting on Tuesday, January 14th at 2:30pm in the Staff Dining Room on East Campus.

Other fun upcoming events include the Spring Solidarity Festival, ICC Cup Games, and the 5th Annual Campus Life Gala in April.

Of course, spring always means that the semester concludes with Commencement. Congratulations to all who are planning to graduate and walk the stage this May!

Good luck to all this first week of school and the entire semester. 2020 is going to be great!

See you at Club Rush!

Our semesterly Club Rush event will be here **next week!** This is a great opportunity for students to learn more about all the different campus clubs offered here at MJC. There will be music, food, and giveaways for participants!

Wednesday, January 22, 2020 at 10am-1pm in the East Campus Quad

Thursday, January 23, 2020 at 10am-1pm in the West Campus Quad

Getting to know our ICC Speaker...

Zola Hayes was elected to the Inter Club Council last April and hit the ground running from the very start. A Philosophy major, Zola has plans to attend law school after completing her Bachelors. While attending MJC, Zola also is an SI for math, interns with California Rural Legal Assistance, and serves on the Board of the Modesto Pride Center. Here are some more fun facts about our Inter Club Council Speaker.

What makes you laugh?

Z: So many things make me laugh, but what really cracks me up is Jon Stewart. I watch reruns of The Daily Show all the time.

What inspires your leadership style?

Z: I get my leadership inspiration from Jed Bartlett on West Wing. I'm such an idealist and I truly believe we can all come together with the goal of creating a better community for everyone.

What do you want your MJC legacy to be?

Z: I want to leave a legacy of respect, kindness, and community. I want people to rely more on each other and not be so disconnected. If all that happens is that I leave MJC better than I found it, then I'll have done a good job in my mind.
